Can We Assign Courses Through Viva Learning?

You can only *assign* a course with your own LMS integration

Without the integration, you can *recommend* courses to colleagues

Does Viva Learning Show User Analytics?

No. Analytics are handled from your own learning systems

FAQs

Are Viva Learning and Microsoft 365 Learning Pathways the Same?

Viva Learning is a container for learning content

Microsoft 365 learning pathways is:

- An entire set of Microsoft maintained content around Microsoft 365 apps
- A SharePoint communication site that shows that learning pathways content

Note: Viva Learning currently provides *some* of the content from learning pathways, but the MS team is working on integrating all of it
