

Move your business

Uber for Business

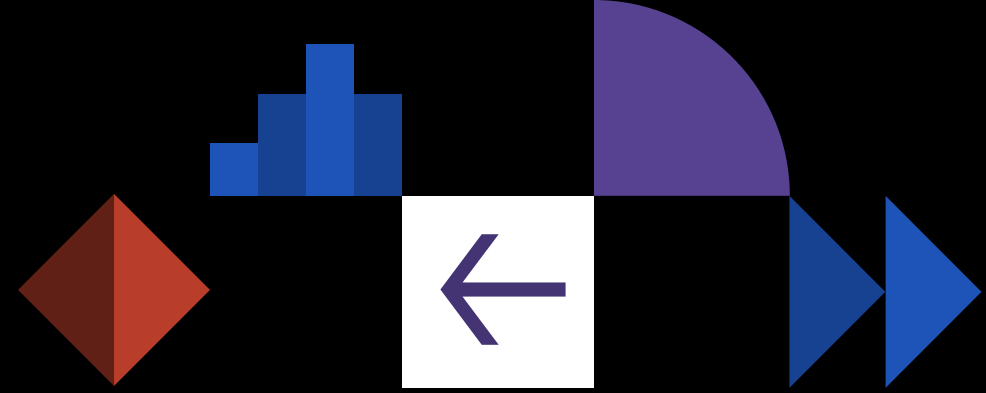

Welcome to the future of business travel

More than 65,000 organizations across the globe trust Uber for Business to efficiently and reliably move their people—from employees and patients to customers and guests—and their meals.

The Uber for Business suite of technology solutions is revolutionizing business travel, making it streamlined and economical by connecting people to the same Uber available in more than 700 cities across 60+ countries.

Every type of trip, any kind of business

Business travel

Keep your teams connected. Make business trips less about logistics and more about business.

Courtesy rides

Give your customers a VIP experience. Control the end-to-end customer experience.

Vouchers & events

Offer your guests door-to-door transportation, at no cost to them, and in the most efficient way possible.

Commuting

Get your employees to work. Keep the cities you operate in and your employees happy and productive.

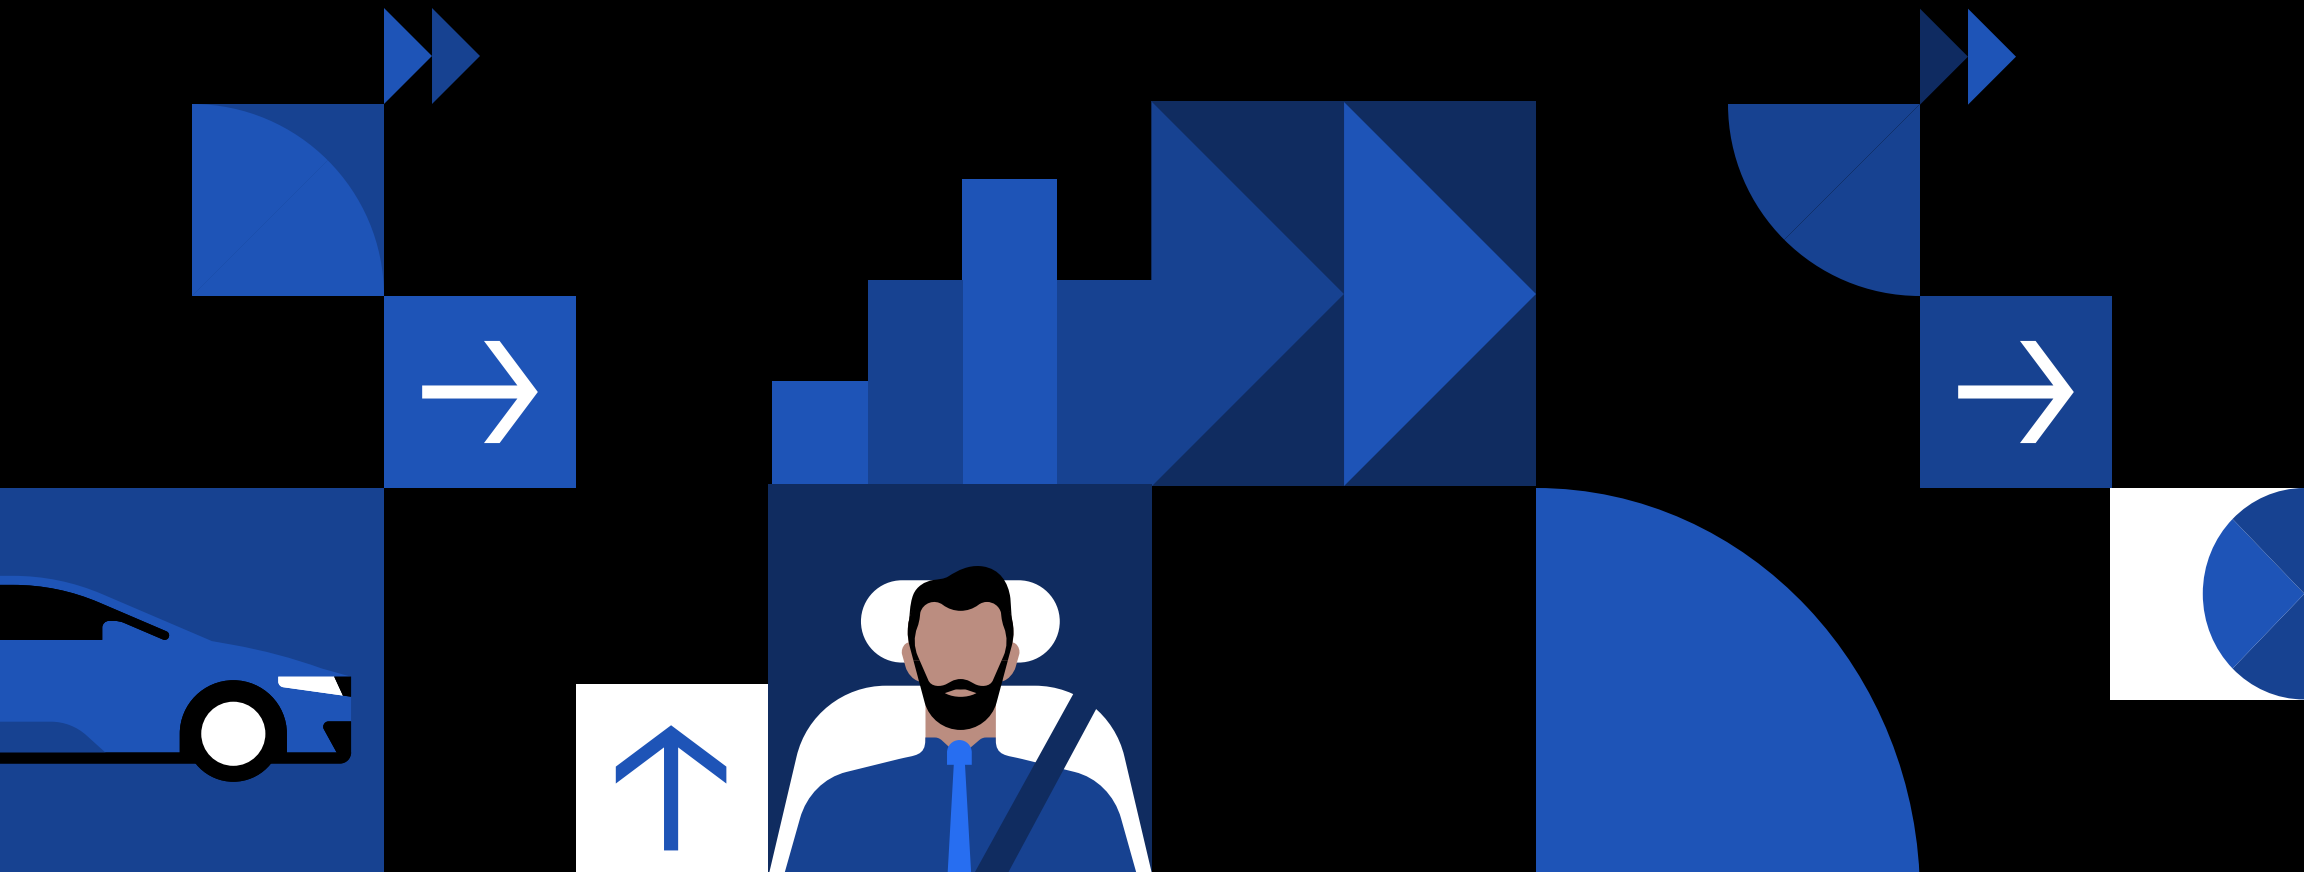

Work meals

Whether traveling for business or working late, your employees can order food delivery using Uber Eats while you control the budget.

And more...

From easy expensing to premium cars, there's lots to be gained from Uber for Business.

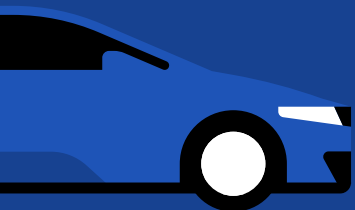

Business travel

Business travel

Take the work out of business travel

Reduce expensing and reimbursement for your employees while gaining improved control and visibility, with coverage in more than 700 cities across 60+ countries.

Simplified management

Gain insights into how your teams move with Uber. Set custom permissions, and monitor travel usage, compliance, and spending.

Better experiences

Your employees can request reliable rides with Uber from one global app and can streamline expensing in their business profile.

Business-grade support

Uber support is available 24/7, and our safety features help put peace of mind at your travelers' fingertips.

“

Surprising and delighting our customers with a complimentary ride with Uber is a great way to make it more convenient to travel to and from our shopping centers.

Lili Fakhari, Senior Regional Marketing Director
Westfield

Uber by the numbers

700+

Uber is available in more than 700 cities globally.

75M

Uber has more than 75 million monthly active riders.

15B

Uber has completed 15 billion cumulative trips.

60+

Uber is available in over 60 countries across six continents.

3M

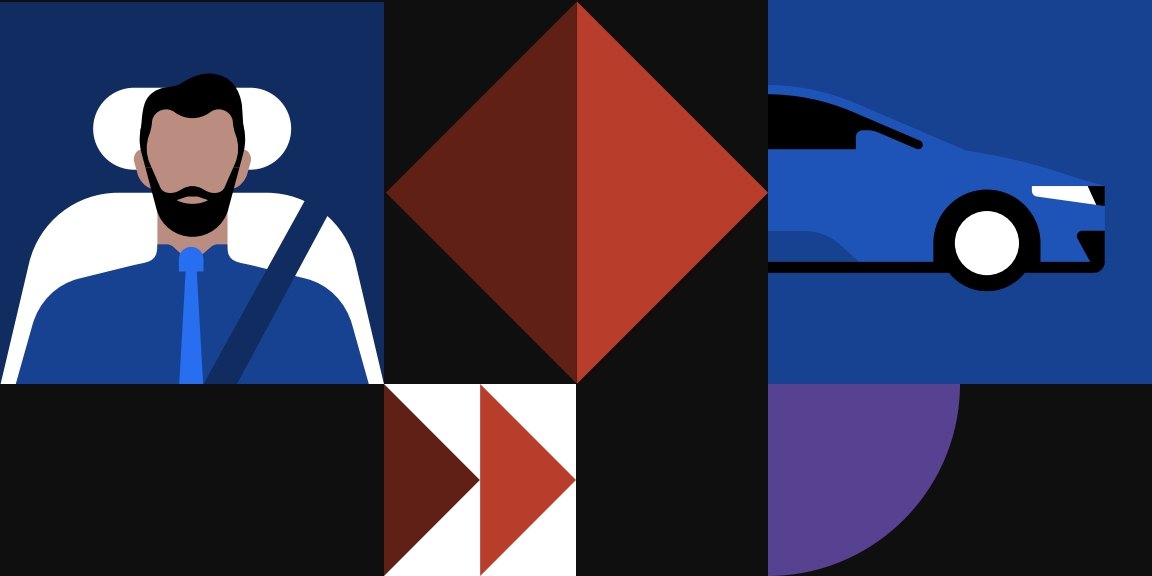

Uber has over 3 million active drivers globally.

14M

Around 14 million Uber trips happen each day.

A spotlight on safety

Uber teams across the globe are working to continuously improve our technologies, policies, and practices, working in tandem with local law enforcement and government agencies.

Know that when your employees ride with Uber

All Uber trips are GPS-tracked from start to finish

All drivers must maintain a minimum rating from riders to remain active on the platform

Every passenger trip on the Uber app is insured

All vehicles available on the Uber app must meet minimum age and feature requirements ¹

All drivers are screened before they can begin using Uber and re-screened periodically after that ²

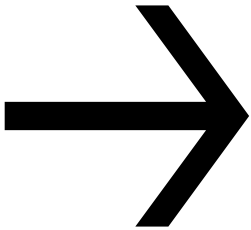

Uber provides 24-hour support for all situations, including a dedicated 24-hour team for critical situations

For more information on Uber's safety features and standards, visit uber.com/safety

¹ Vehicle requirements vary by region in accordance with applicable local rideshare requirements.

² In New York City, background checks, including reruns, are managed by the Taxi and Limousine Commission and not by Uber.
