NO access fees

Now available in pre-configured bundles!

Is your cloud storage bill impossible to predict and breaking your IT budget?

ActiveScale Cold Storage is now sold in pre-configured bundles complete with all the components you need to easily purchase and deploy the solution. Available in four capacity sizes:

Reduce your cloud storage costs up to 60% with Quantum!

Let Quantum help you build your own cloud storage resource to overcome the unpredictable costs and limited access to your data resources hosted in public cloud storage. Retain your data's ownership, security, and sovereignty affordably, with fast, easy access to all of your data.

ActiveScale™ is an award-winning enterprise object storage solution uniquely designed for both active and cold data for:

- unstructured data management
- data analytics and AI workloads
- active archiving
- long-term retention and protection of massive data sets
- data consolidation across your entire organization

ActiveScale Cold Storage is available as an appliance or as a fully managed as-a-Service solution.

Let's talk about how we can help you reduce your monthly cloud storage bill by up to 60%. Email us at ActiveScaleColdStorage@Quantum.com.

Quantum technology, software, and services provide the solutions that today's organizations need to make video and other unstructured data smarter – so their data works for them and not the other way around. With over 40 years of innovation, Quantum's end-to-end platform is uniquely equipped to orchestrate, protect, and enrich data across its lifecycle, providing enhanced intelligence and actionable insights. Leading organizations in cloud services, entertainment, government, research, education, transportation, and enterprise IT trust Quantum to bring their data to life, because data makes life better, safer, and smarter. Quantum is listed on Nasdaq (QMCO) and the Russell 2000® Index. For more information visit www.quantum.com.
