2010/HOME/351	Affaires intérieures	Directive on the confiscation and recovery of criminal assets in the European Union	HOME	Adopté le 12 mars 2012 [COM(2012)85]	Traité sur le fonctionnement de l'Union européenne: to be determine by LS	procédure législative ordinaire (COD)			Programme de travail de la Commission / 2011 / Initiatives stratégiques EU Action Plans on organised crime constantly highlighted the need to attack the proceeds of crime through an enhanced use of confiscation and asset recovery procedures. The 2008 Commission Communication "Proceeds of organised crime Ensuring that crime does not pay" notes that organised crime activities are profit-driven. At present the number of freezing procedures and confiscation cases in the EU seems to be relatively limited and the amounts recovered from organised crime seem modest if compared to the estimated revenues of organised criminal groups. An increased and more effective use of confiscation procedures seems desirable.

2012/TAXUD/004	Fiscalité et union douanière	Proposal for a Council directive on a VAT quick reaction mechanism to tackle certain cases of aggressive VAT fraud	TAXUD	Adopté le 31 juillet 2012	Traité sur le fonctionnement de l'Union européenne: Art 113	procédure législative spéciale - consultation du Parlement européen (CNS)	X		Programme de travail de la Commission / 2012 / CWP2012 Recent experience has demonstrated that the Union's capacity to react is not quick enough when confronted with sudden and massive VAT fraud phenomena in certain Member States. Up until now, derogations have been granted to individual Member States to stop this type of fraud in the affected sectors, but the procedure for granting derogations is not flexible enough to ensure a prompt and suitable reaction. The proposed new mechanism for adopting derogatory measures - quick reaction mechanism - would considerably increase the speed to deal with these problems. 2012/COMP/017	Concurrence	Draft Council decision on the conclusion of the Agreement between the European Union and the Swiss Confederation concerning cooperation on the application of their competition laws	COMP	Adopté le 1 juin 2012 [COM(2012)244; COM(2012)245]	Traité sur le fonctionnement de l'Union européenne: Articles 103, 207(3), 218(5) and Article 352 TFEU	N/A (N/A2)			This proposed agreement is based on the agreements that the EU has concluded in with the US, Canada, Japan and Korea and that regulate cooperation between their respective cooperation authorities. 2012/COMP/021	Concurrence	Proposal for a Council Regulation amending Regulation (EC) No 659/1999 of 22 March 1999 laying down detailed rules for the application of Article 93 of the EC Treaty (now Article 108 of the TFEU)	COMP	Adopté le 5 décembre 2012 [COM(2012)725]	Traité sur le fonctionnement de l'Union européenne: Article 109	procédure législative spéciale - consultation du Parlement européen (CNS)	O	O	The proposal consists in amending the provisions of Council Regulation 659/1999 laying down the rules of procedure in State aid investigations as regards the handling of complaints and the gathering of information from the market. The revision of the Procedural Regulation is one of the building blocks of the State Aid Modernization (SAM) initiative. It will be essential in order to increase the effective impact of the substantive elements of the State aid reform package. While reforming the State aid procedures should primarily allow the Commission to reach faster decision-making, it will also help the Commission focus its enforcement on cases with the highest impact at the EU level. The objective to promote growth can only be achieved if the Commission has the powers to prioritize its work.

This requires a slight modification of Annex II (art. 1(3) and 2(9)) of the Cotonou agreement, to be adopted by the ACP-EU Council of Ministers. 2012/RTD/024	Recherche et Innovation	Amendment of the Council Regulation (EC) No 723/2009 - Community Legal Framework for a European Research Infrastructure Consortium (ERIC)	RTD	Adopté le 3 décembre 2012	Traité sur l'Union européenne: Art. 187 and 188	procédure législative ordinaire (COD)	X	X	The ERIC provides for a distinction between Member States, associated countries, third countries other than associated countries and intergovernmental organisations in terms of minimum membership and voting rights. This has been seen as discouraging for associated countries to become host or member of an ERIC. In view of achieving the completion of the European Research Area and the important role Research Infrastructures play, it is proposed that this distinction will be removed for associated countries so that their contributions to an ERIC as host or as member can be fully reflected.
