

KEEP CALM and Avoid Coronavirus Scams

Here are **5 things** you can do to avoid a Coronavirus scam:

Be wary of ads for test kits.

Almost no authorized home tests give you rapid results or require you to send a test sample to a lab for analysis.

Hang up on robocalls.

Scammers use illegal sales call to get your money and your personal information.

Watch out for phishing emails and text messages.

Don't click on links in emails or texts you didn't expect.

Research before you donate.

Don't let anyone rush you into making a donation. Get tips on donating wisely at [ftc.gov/charity](https://www.ftc.gov/charity).

Stay in the know.
