OTHER COMMENTS:

NOTES:

- Private, Commercial, and Public denotes ownership of a boating facility. Private also includes Community owned boating facilities
- Please provide documentation for boat numbers provided. It is helpful to include satellite photo maps showing the project area with slips, moorings, and boat ramp locations. Photographs of boat ramps, service stations, and other notable features relating to boaters within project area. Boat count field surveys that may have been performed. Boat ramp launch receipts/numbers if documented.
