

The role of rural development programmes in promoting Resource Efficiency

ENRD SEMINAR

Opportunities and future perspectives for Resource Efficiency in Rural Areas (13 JUNE 2017, Brussels)

*Krzysztof Sulima
European Commission
DG Agriculture and Rural Development*

CAP objectives

Competitiveness and viable food production

**Sustainable management of natural resources
and climate action**

**Balanced territorial development and creation of
jobs**

Objective: Sustainable management of natural resources and climate action

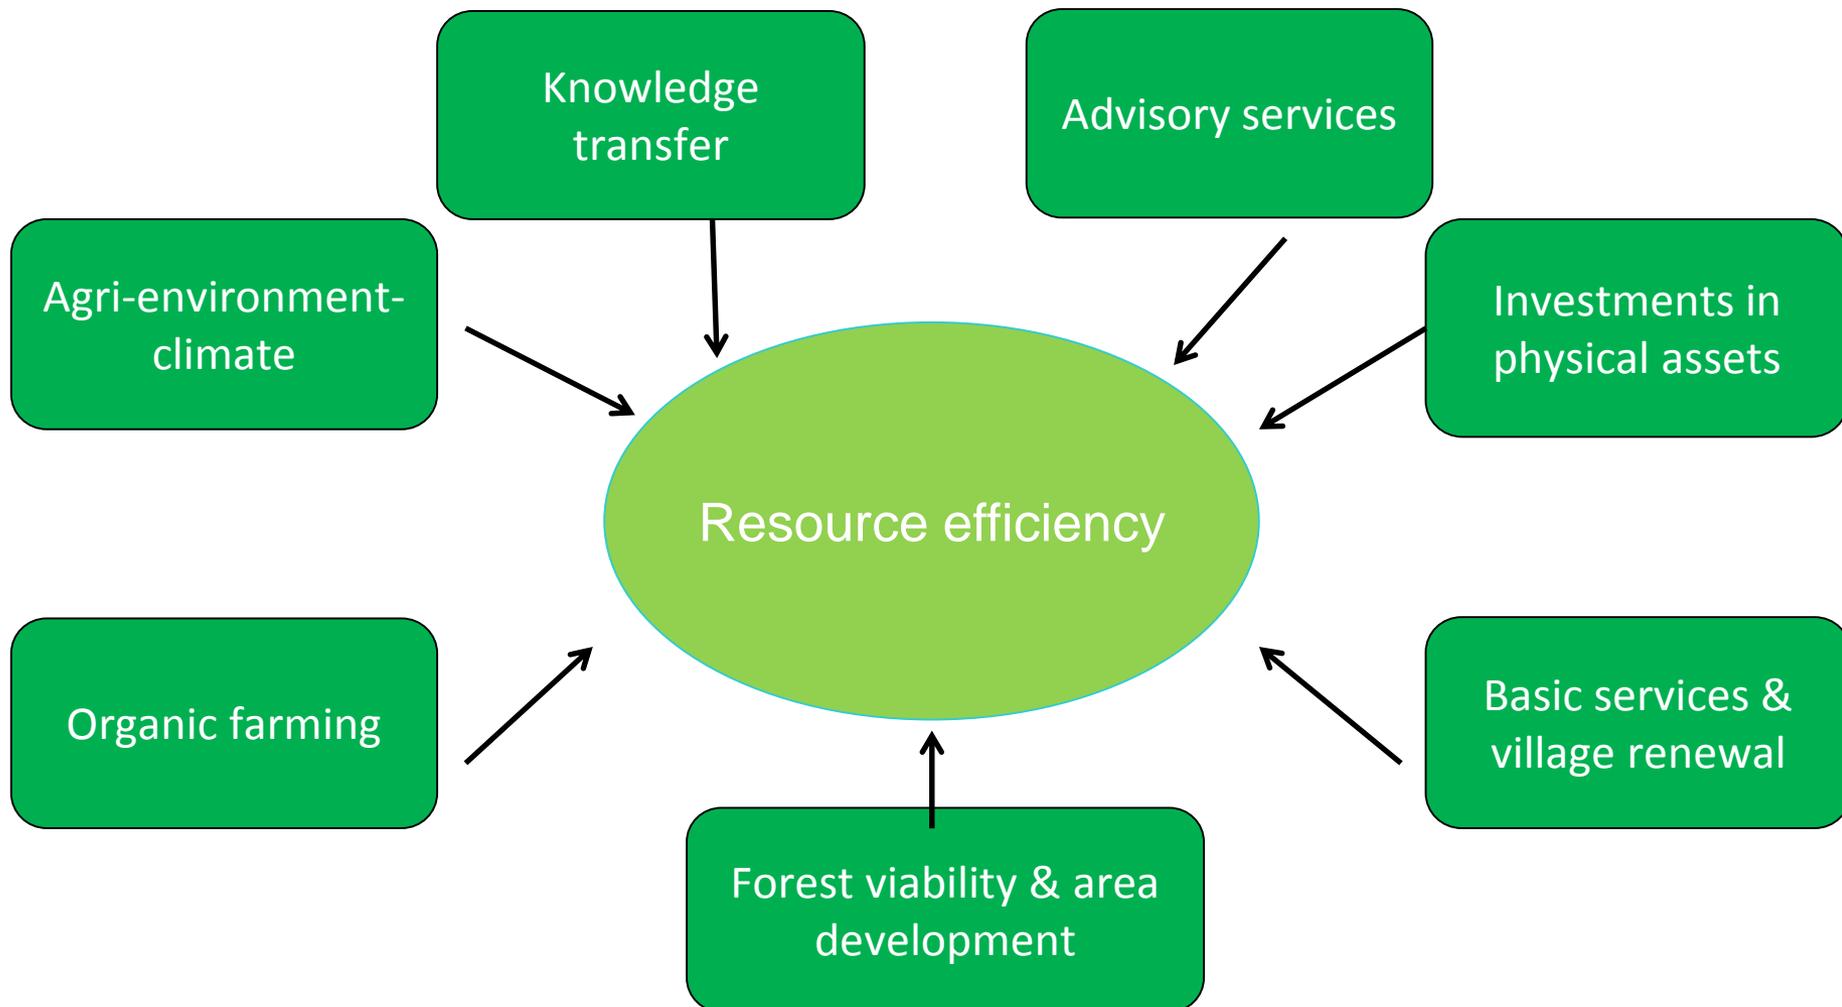

Priority 4: Restoring, preserving and enhancing ecosystems

- FA 4B: Improving water management, incl. fertilisers and pesticides management
- FA 4C: Improving soil management & preventing soil erosion

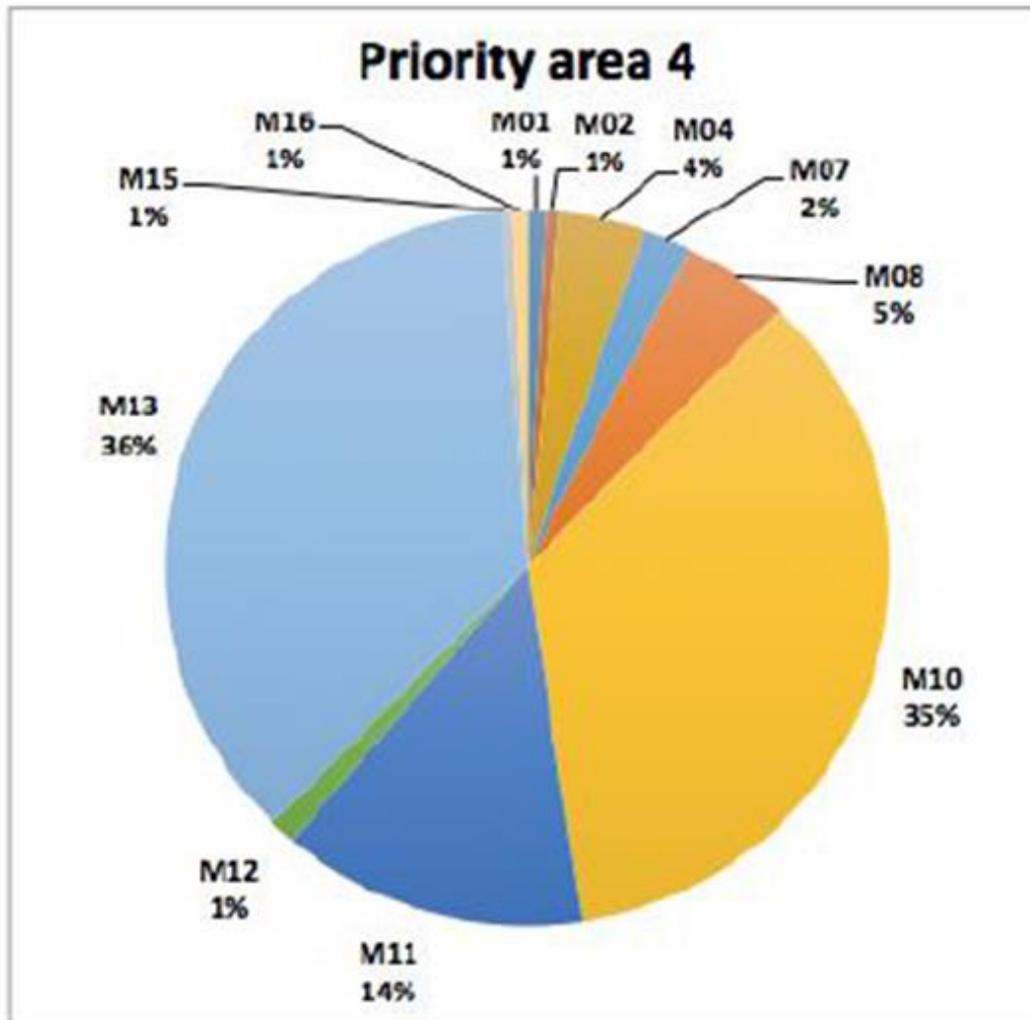

Priority 5: Resource efficiency and shift towards a low carbon and climate resilient economy

- FA 5A: Increasing efficiency in water use by agriculture
- FA 5E: Fostering carbon conservation & sequestration

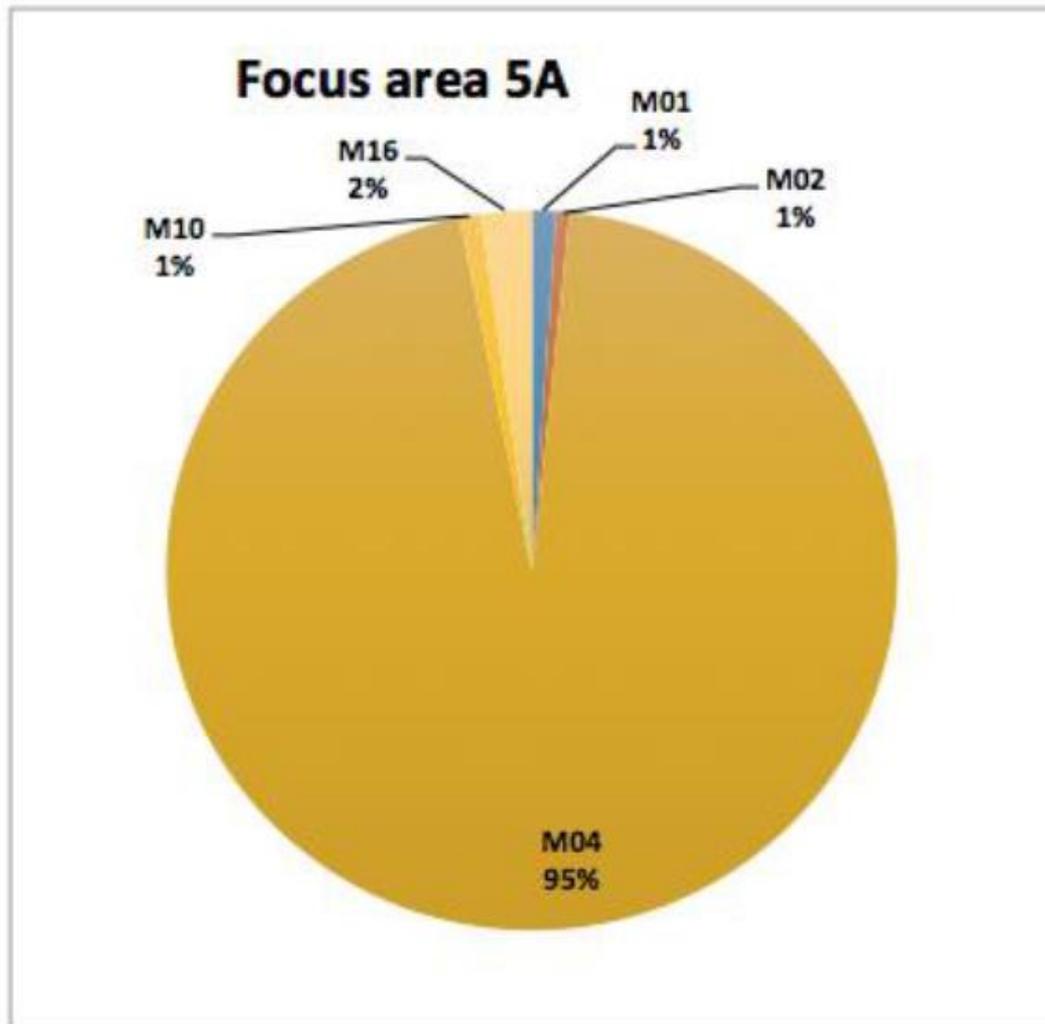

Resource efficiency – RD tools available

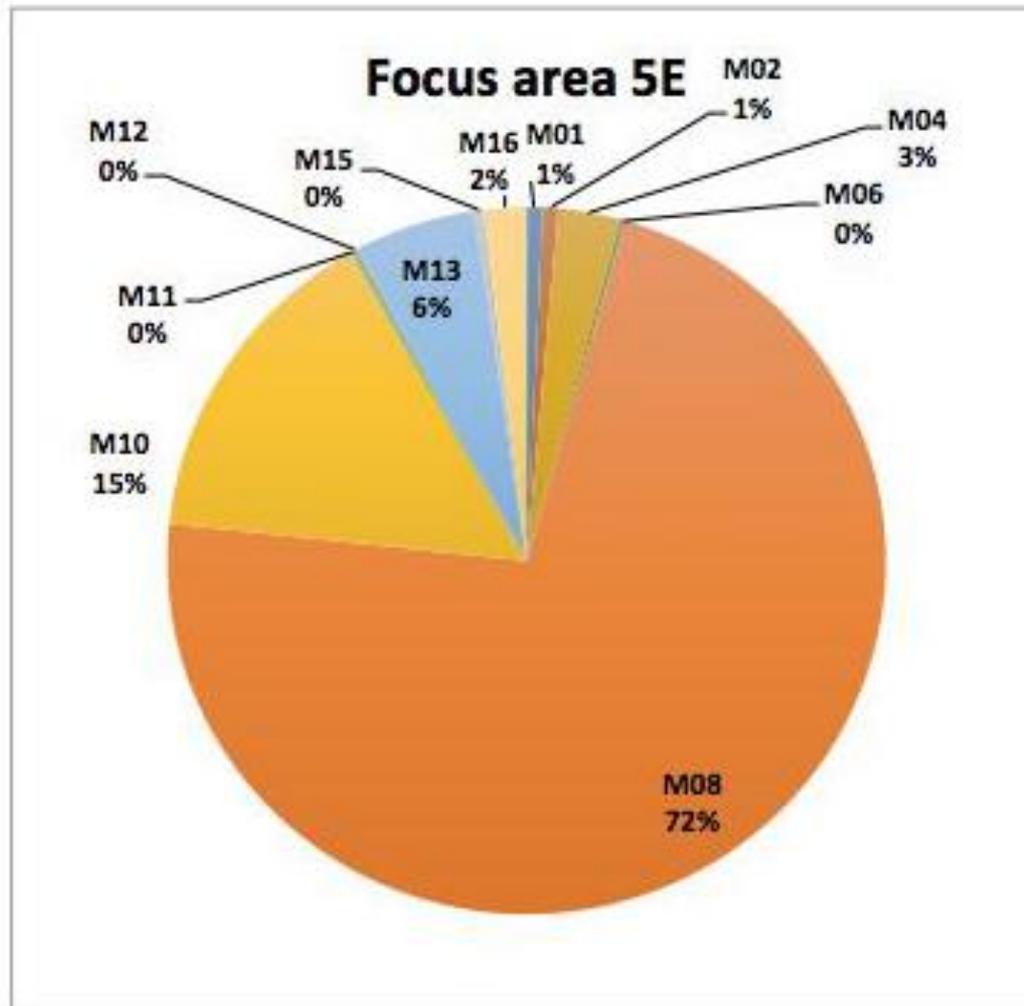

EAFRD allocation – priority 4

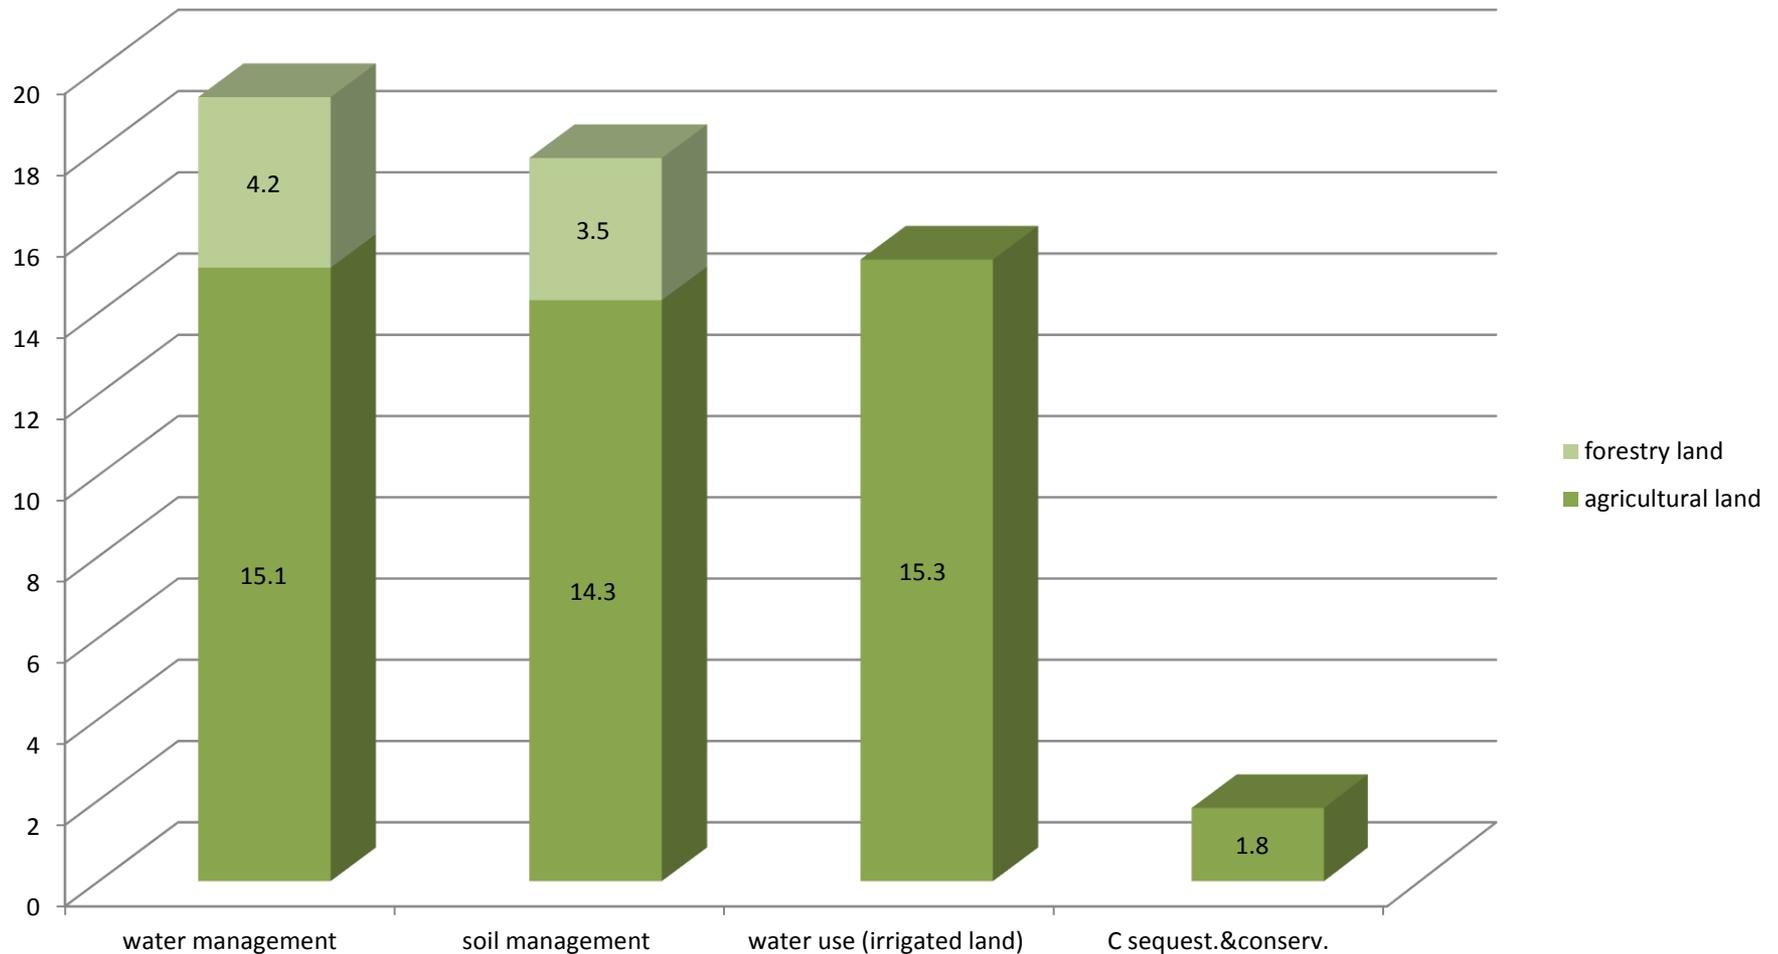

EAFRD allocation – focus area 5A

EAFRD allocation – focus area 5E

2014-2020 RD selected quantified targets EU-28
