# EURAXESS CELAC

## Funding opportunities

Dear readers,

["EURAXESS – Researchers in Motion"](#) is a European Commission initiative focused on **researcher mobility and career development**. EURAXESS is active in 40 European countries and has representatives in six countries/regions around the world, including in the Latin American and Caribbean region: **EURAXESS CELAC**.

EURAXESS CELAC Funding opportunities is a list of open calls to fund researchers' mobility, compiled by the EURAXESS CELAC team.

Adapted from our flagship publication in Brazil, the EURAXESS CELAC list of funding opportunities brings open calls to fund researchers mobility and cooperation with researchers based in Europe. The jobs, grants and fellowships announced are **funded by the European Commission, EU member states or associated countries as well as private institutions** and are open to researchers from Latin America and Caribbean States

The information contained in this publication is intended for personal use only. It should not be taken in any way to reflect the views of the European Commission nor of the Delegations of the European Union in the region.

This list is published on a regular basis. This edition is valid for February.

To find more opportunities, we invite you to consult the [EURAXESS Portal](#), and more specifically the:

Please email [brazil@euraxess.net](mailto:brazil@euraxess.net) with any comments on this list, contributions you would like to make, if you think any other colleagues would be interested in receiving this document, or if you wish to unsubscribe.

- [EURAXESS Job database](#) that lists thousands of vacancies from more than 40 European countries and other regions in the world.
- And the [Funding database](#) allowing you to search for the funding programme you need for your mobility or research cooperation project.

Please note that **individual researchers** can upload their CVs on the portal, register their searches and create alerts to be informed when a vacancy matching their profile has been published. **Funding organisations** can publish their funding opportunities and scholarships on the EURAXESS website to increase their visibility and reach the best candidates worldwide.

Editors: Charlotte GRAWITZ,  
EURAXESS CELAC,  
Representative, Ingrid Le  
Van, Programme Officer

We hope this list will help you turn your interest in research mobility into reality and remain at your disposal to discuss your projects.

**Your EURAXESS CELAC Team**

#### International cooperation

**ALL H2020 calls are open to international and more specifically Latin American and Caribbean participation.**

For more details on funding of applicants from non-EU countries, click [here](#).

# Grants & Fellowships

## 1 European Union

### 1.1 [Horizon 2020 – Work programme 2018-2020](#) and calls targeting Latin America and Caribbean States

[Horizon 2020](#) is the EU funding **programme** for research and innovation running from 2014 to 2020 with a €80 billion budget. H2020 supports scientifically-excellent research, innovation, and technological development, through **collaborative research projects** as well as **grants and fellowships to individuals**.

The final Work Programme for Horizon 2020 covers the budgetary years 2018, 2019 and 2020, representing an investment of around €30 billion.

The vast majority of this funding is allocated on the basis of **competitive calls open to applications from researchers, businesses and other interested organisations** located in any of the EU Member States or countries [associated](#) to Horizon 2020. It is also open to the world, so Latin American and Caribbean researchers and institutions are very welcome to get involved.

Access all open calls on the [Horizon 2020 Participant Portal](#).

See [HERE](#) for Horizon 2020 calls specifically open to CELAC researchers and institutions. (pages 11 and 12 of this « [Roadmap for EU - CELAC S&T cooperation](#) »).

### 1.2 Marie Skłodowska-Curie Actions [Research and Innovation Staff Exchange Programme](#) (MSCA RISE) call

This Marie Skłodowska-Curie scheme aims at promoting international and inter-sectoral collaboration through research and innovation staff exchanges. It also encourages knowledge sharing and bringing ideas from research to market.

RISE enables international and intersectoral collaboration, based on **short-term staff exchanges between organisations worldwide**. RISE projects are research and innovation projects that can last up to four years.

#### Who can apply?

Partners organisations get together and propose a joint project. Proposals should highlight networking opportunities, sharing of knowledge and the skills development of staff members.

The **Marie Skłodowska-Curie Actions (MSCA)** contribute to excellent research, boosting jobs, growth and investment by equipping researchers with the new knowledge, skills and international and intersectoral exposure to fill the top positions of tomorrow and solve current and future societal challenges.

Check out our **Guide on how researchers from Celac can benefit from MSCA funding** at [http://bit.ly/FocusMSCA\\_CELAC](http://bit.ly/FocusMSCA_CELAC)

Questions? Read the FAQs on MSCA [here](#)

Proposals should include **at least three partners**, which can be **universities, research institutions, or non-academic organisations**. Small and medium-sized enterprises (SMEs) are encouraged to participate. Partner organisations should be from three different countries. At least two of these should be from the EU or Associated Countries.

**CELAC research institutions can join** a consortium as partner. Institutions from **Bahamas, Barbados, Brazil, Mexico and Trinidad and Tobago** can join but cannot receive direct funding from the European Commission for the secondment of their researchers. Participation of Institutions of these countries is therefore open, but co-financing from these countries' side (Bahamas, Barbados, Brazil, Mexico and Trinidad and Tobago) is needed.

Research staff of any nationality and any career level (postgraduates to experienced researchers) can undertake a secondment. Staff members working in managerial, technical or administrative roles can also be seconded.

**Which research topics are supported?**

**Any research field** may qualify for MSCA-RISE funding, apart from areas covered by the EURATOM Treaty.

**How do I prepare myself?**

- Familiarise yourself with the most important documents ([Guide for Applicants](#) and [Work Programme](#)).
- Watch a recent webinar with application advice held by the Irish Universities Association [here](#)
- Contact the MSCA contact point of your country [here](#)
- Read additional information and tips on EURAXESS CELAC website [here](#) and [here](#).

Deadline: **21 March 2018**

**1.3 MSCA calls - [calendar 2018](#)**

The MSCA thrive by being open to **all domains of research and innovation**, chosen freely by the applicants in a fully bottom-up manner. They are based on the principle of **mobility**, and researchers can receive funding on the condition that they move from one country to another to acquire new knowledge and develop their research career.

Within the new Horizon Work Programme 2018-2020, all [forthcoming calls for Marie Skłodowska-Curie Actions](#) have been announced. Next upcoming calls are:

Call name	Launch date	Deadline	Budget €
RISE <a href="#">Research and Innovation Staff Exchange</a>	22/11/17	21/03/18	€ 80 million
IF <a href="#">Individual Fellowships</a>	12/04/18	12/09/18	€ 273 million
COFUND <a href="#">Co-Funding of regional, national and international programmes</a>	12/04/18	27/09/18	€ 80 million
ITN (2019) <a href="#">Innovative Training Networks</a>	13/09/2018	15/01/2019	€ 470 million

### European Research Council

Established by the European Commission

Check out our **Guide on how researchers from Celac can benefit from the ERC funding and cooperation schemes** at [http://bit.ly/FocusERC\\_CELAC](http://bit.ly/FocusERC_CELAC)

EIC Horizon Prizes are part of the European Innovation Council pilot run under Horizon 2020, the EU's Research and Innovation Framework Programme.

## 1.4 Other EU funding for mobility

Check the **ERC consolidator grants** in the [still open selection](#) below.

## 1.5 EU – Erasmus + [Jean Monnet Call for proposals 2017](#)

Jean Monnet Activities are designed to promote excellence in teaching and research in the field of European Union studies in various disciplines.

Jean Monnet Activities take place **worldwide, including in CELAC**.

CELAC students/researchers: Individuals cannot apply for a grant.

**CELAC HEIs : CELAC HEIs submit their proposal directly to EACEA.** Under the Teaching and Research activity, 3 different modalities can be supported :

- **Jean Monnet Module:** Short teaching programme (or course of a minimum of 40 teaching hours per academic year) with a duration of three years.
- **Jean Monnet Chair:** A teaching post with a specialisation in European Union studies for university professors or senior lecturers.
- **Centres of Excellence:** A focal point of competence and knowledge on European Union subjects. Centres of Excellence have a project duration of three years.

Deadline: **22 February 2018**

## 1.6 [European Innovation Council \(EIC\) Horizon Prize: Affordable High-Tech for Humanitarian Aid](#)

**The European Commission has launched the first of six European Innovation Council (EIC) Horizon Prizes on Affordable High-Tech for Humanitarian Aid.**

The Prize on Affordable High-Tech for Humanitarian Aid will **reward the best, proven, cost-effective, tech-based solutions for Humanitarian Aid** and will amount to **€5m**.

Five prizes of EUR 1 million will be awarded, one in each of the following categories: **a) shelter and related assistance; b) water, sanitation and hygiene; c) energy; d) health and medical care; and e) open category.**

Technologies include – but are not limited to – nanotechnologies, advanced materials or 3D printing.

The contest is **open to all legal entities** (i.e. natural or legal persons, including international organisations) or groups of legal entities.

Joint applications by a group of participants are admitted. In this case, the participants must appoint a 'lead participant' to represent them towards the Commission. The participants will be jointly responsible and must all fulfil and respect the conditions set out in these Rules of Contest.

Applications must be submitted by the (lead) participant via the Participant Portal Submission Service.

Deadline for registration of interest: **15 September 2019**

Deadline for submission: **15 January 2020**

Find **many other calls** funded by the European Commission, Member states and associated countries in the [still open section](#) below.

COST is an intergovernmental framework for European Cooperation in Science and Technology, supporting the coordination of nationally-funded research. It aims at reducing the fragmentation in European research investments and opening the European Research Area (ERA) to cooperation worldwide. It anticipates and complements the activities of the EU Framework Programmes.

International Partner Countries already participating in COST Actions include: **Argentina**, Australia, Bangladesh, **Brazil**, Canada, **Chile**, China, **Colombia**, **Costa Rica**, Hong Kong, India, Indonesia, Iraq, Japan, Republic of Korea, Mauritius, **Mexico**, Namibia, New Zealand, Pakistan, **Peru**, Saudi Arabia, Singapore, South Africa, Sudan, Thailand, United Arab Emirates, United States of America and **Uruguay**.

## 1.7 ERCIM – [Alain Bensoussan Fellowships](#)

ERCIM, the European Research Consortium for Informatics and Mathematics, offers fellowships for **PhD holders from all over the world**. Fellowships are of a 12 month duration, spent in [one of the leading European Research Institutes which makes up part of the ERCIM network](#).

Topics cover most disciplines in **Computer Science, Information Technology, and Applied Mathematics**. (see list of topics covered [here](#))

Deadline: **30 April 2018**

## 1.8 European cooperation in Science and Technology (COST) [call for proposals](#)

Participants are invited to submit proposals for COST Actions contributing to the scientific, technological, economic, cultural or societal knowledge advancement and development of Europe. Multi- and interdisciplinary proposals are encouraged.

[COST Actions](#) are bottom-up **science and technology networks, open to researchers and stakeholders** with a duration of **four years**. They are active through a range of [networking tools](#), such as workshops, conferences, training schools, short-term scientific missions (STSMs), and dissemination activities. **COST does not fund research itself**.

COST Actions allow **European researchers** to jointly develop their own ideas in **any science and technology field**, including Humanities and Social Sciences. Participation in COST actions is **open to [International Partner Countries](#)**, on the basis of ascertained mutual benefit.

Deadline: **20 April 2018**

## 1.9 [EURAXESS Jobs](#)

There are currently **around 10489 research job positions** (all over Europe, but also in other countries, CELAC included, and in all disciplines) announced on the [EURAXESS Jobs database](#). Opportunities can be viewed by country, level of seniority, field or research or via free text searches.

Please note that these jobs also include **doctoral positions**, including those funded by the Marie Skłodowska Curie Actions (MSCA – ITN & Cofund) and by the European Research Council (ERC).

## 2 EU Member States and Associated Countries

Find out about all the free services EURAXESS provides to researchers and employers. You can save time and money by using [more than 500 EURAXESS Centres and contact points](#) around Europe to help you with a range of issues including visa requirements, work regulations, taxation and social security.

### 2.1 National EURAXESS Portals

The latest information on open calls for national grants and fellowships in the 40 member countries of the EURAXESS network can be accessed on the respective **national EURAXESS portals**:

[Austria](#), [Belgium](#), [Bosnia-Herzegovina](#), [Bulgaria](#), [Croatia](#), [Cyprus](#), [Czech Republic](#), [Denmark](#), [Estonia](#), [Faroe Islands](#), [Finland](#), [France](#), [Macedonia](#), [Germany](#), [Greece](#), [Hungary](#), [Iceland](#), [Ireland](#), [Israel](#), [Italy](#), [Latvia](#), [Lithuania](#), [Luxembourg](#), [Malta](#), [Moldova](#), [Montenegro](#), [Netherlands](#), [Norway](#), [Poland](#), [Portugal](#), [Romania](#), [Serbia](#), [Slovakia](#), [Slovenia](#), [Spain](#), [Sweden](#), [Switzerland](#), [Turkey](#), [UK](#).

### 2.2 AUSTRIA - [Etta-Becker-Donner Scholarship Programme](#) (Incoming)

The sixth call of the Etta-Becker-Donner Scholarship Programme supports the participation of five researchers from Latin America at scientific conferences taking place in Austria between May and December 2018.

1-2 Scholarships will be reserved for the annual conference of the Austrian Research of Latin America (Jahrestagung der Österreichischen Lateinamerikaforschung) which will be held from the 18th of May until the 20th of May 2018. T

Funding: The scholarship covers costs up to a total amount of € 2.600 for travel and subsistence in Austria (up to 10 days).

Applicants must:

- **Be a researcher from the following countries:**
  - o Central America: **Costa Rica, El Salvador, Guatemala, Honduras, Nicaragua, Panama**
  - o Caribbean: **Cuba, Puerto Rico, Dominican Republic**
- Have a postgraduate level or at least three years of research experience (full time)
- Be a member or an employee of a research institution and/or a higher education institution and/or a SME which dedicates its work to research.

Deadline: **11 March 2018**

### 2.3 BELGIUM (Wallonie-Bruxelles) – Incoming and outgoing doctoral and postdoctoral scholarship for Excellence [IN.WBI](#) & [WBI.World](#)

Two schemes are receiving candidacies under the programme:

- The first one is **open to foreigners** from any nationality wishing to enrol in a **post-doctorate programme in a University of Wallonia-Brussels** in the following fields:
  - o Transport and logistics;
  - o Mechanical engineering;
  - o Life sciences;
  - o Agro-industry;
  - o Aviation-space;

The programme is financed by the Austrian Ministry for Science and Research and implemented by the Austrian Latin America Institute.

- o Environmental technologies.

Other fields may be considered, including human sciences, and fundamental or applied research.

- Fellowships are also available for **Belgian or resident students** in the same fields as mentioned above to follow a **doctorate or postdoctorate programme** in a university abroad.

Both incoming and outgoing fellowships can be awarded for long term (1 year, renewable) or short term research (1 to 3 months)

Deadline: **1 March 2018** (for long term stays). Three cut-off dates for short-term stays: **1 February 2018; 1 May 2018; 1 October 2018**

## 2.4 FRANCE (French Ministry for Foreign Affairs) - SOUTH AMERICA - [MATH-AmSud 2018](#) and [STIC-AmSud 2018](#)

The Regional Programmes MATH-AmSud and STIC-AmSud are initiatives of the French cooperation and their counterparts from **Argentina, Brazil, Chile, Colombia, Ecuador, Paraguay, Peru, Uruguay and Venezuela**, aimed to promote and strengthen the collaboration and to create networks of research and development in the field of **mathematics (MATH-AmSud)** and in the field of **Information and Communication Science and Technology (STIC-AmSud)**, for the realisation of **joint projects through the mobility of investigators**.

Eligible participants:

- Any researcher from public or private research units or laboratories, linked to institutions of higher education, research organisations or companies may apply for projects.
- Each project must involve at least one French research group and at least two research groups belonging to two of the South American countries which participate in the programme.

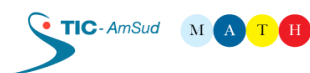

Funding:

- The approved funding is subject to the annual budget availability of the different agencies. As a reference, the institutions of the program jointly contribute an annual amount of approximately **€ 10 000 to € 15 000 per project**.
- It is recommended to contact each organisation participating in the programme for orientation on the funding requests from the different counterparts.
- The funding will be delivered annually.
- The financing modalities are the following: the agency that sends pays for the travel costs and the accommodation costs of its own researchers.
- The costs shall be detailed by mentioning the amount of missions, the goal of each mission, the duration, the country of destination, and the name of the beneficiary.

Duration:

Each project should plan its activities considering the maximum duration of **two years**. The release of the results is scheduled for November this year.

- The duration of missions may not exceed 30 days.
- It is strongly recommended that the duration of the missions between France and South America, in either direction, should not be less than 10

days, and that the duration of the missions between countries in South America should not be less than a week.

- There must be at least one travel from France to South America and one from South America to France.
- The organisation of a workshop in South America gathering all the research team will be positively valued.
- The project must clearly mention the modalities of participation of young researchers (missions, activities, etc.), which will be positively valued

**\* CAPES and CONACYT do not finance short stays/work missions of PhD students.**

Deadlines: **15 May 2018** to submit to the programme coordinators, **31 May 2018** Other deadlines with national institutions may apply.

## 2.5 FRANCE – [AXA Chairs](#)

The AXA Chair scheme intends to make a step change in the development of the field of research through the recruitment of a world-class researcher from another institution for either a long-term appointment (AXA Permanent Chair position) or a series of consecutive short-term appointments (AXA Successional Chair position).

Research Programme: fully compliant with ethics, independence of academic research and strong engagement with society. The AXA Research Fund aims to **contribute to solving societal challenges of our times**. In this context, funded Chair holders are expected to proactively engage with society.

Eligible countries: Institutions located within countries [where the AXA Group has insurance operations](#) (**many CELAC countries included**) are eligible for funding.

Duration: for an initial period of **5 years** with potential renewal up to 5 years upon review and advanced research plans.

Funding: up to **€120 000** per year.

Institutions are invited to submit their applications for one of the two campaigns, bearing in mind that an Institution is allowed to submit only one application per year:

Deadline for requesting a slot : 27 April 2018 & **deadline for application submission : 13 June 2018 Or** Deadline for requesting a slot : 24 October 2018 & **deadline for application submission : 22 November 2018**

## 2.6 FRANCE - [Scholarship for Master in human rights at the Catholic University of Lyon](#) (Incoming)

Université Catholique de Lyon (UCLY) offers a scholarship to candidates from outside the European Union for the M1 **Master** level at the **Institut des Droits de l'Homme de Lyon (IDHL)**. The scholarship includes a **one-year degree** in the diploma *Droit international des Droits de l'Homme et Droit public* and may be extended for a further year to the final specialisation at M2 level, held in partnership with Université Grenoble-Alpes, also in the field of human rights.

**All university tuition fees are covered** by the scholarship, but it guarantees only part of the student's living expenses (accommodation, meals, etc.).

The tickets to France are not included. UCLY draws attention to the need for the student to finance part of the stay, since the amount of the scholarship is not sufficient for all the subsistence costs incurring during the academic year.

Deadline: **16 February 2018**

## 2.7 FRANCE - [Centre National d'Etudes Spatiales \(CNES\)](#) PhD and post-doctoral grants (Incoming)

CENTRE NATIONAL D'ÉTUDES SPATIALES

Every year, CNES grants hundreds of research allowances. The call for applications is open from January to March 31<sup>st</sup>, every year.

Those grants are awarded in **science fields for engineers (orbital systems, space transport systems) and sciences using space assets (Universe science, Earth science, Microgravity science)** to young French and **foreign students** interested in space activities.

Eligibility:

- **PhD contracts** to prepare a PhD in a research laboratory in France:
  - o university applicants and college or engineering school graduates holding a master delivered by a university or a diploma which allows them to start a PhD according to the Doctoral School.
  - o **PhD contracts are necessarily co-financed** (half-and-half) by a partner (public organisation, industrialist, region, etc.) thanks to a Uniform Agreement of co-financing.
  - o the placing of co-sponsored contracts is dependent on the prior signing of a [co-financing agreement](#) with the partner and host laboratory.
  - o The duration of those contracts is limited to one year, renewable twice.
- **Post-doctoral contracts** granted for a research job in a laboratory in France:
  - o applicants have to hold a doctorate or an equivalent before starting the contract.
  - o Post-PhD contracts are entirely financed by CNES (however they may be co-financed) : the duration of those contracts is limited to **one year**, renewable once ; monthly gross salary for a post-doctoral grant: € 2331; contracts starts in December at the latest.

Deadline: **31 March 2018**

## 2.8 FRANCE - [Université Paris-Saclay International Master Scholarship Programme 2018-2019](#) (Incoming)

Université Paris-Saclay aims to promote access to its Master's programmes for international students, delivered by its member institutions, and to make it easier for highly-qualified international students to join the University, especially for those wishing to develop an academic project through research up to the doctoral level.

The scholarships are aimed at students enrolled in Université Paris-Saclay Master's programmes and are awarded based on academic achievements.

Scholarships are awarded for 1 year to newly enrolled **Master's** students at Université Paris-Saclay (M1 or M2 level).

Fields:

- **All academic fields** are concerned
- All Master's programmes for which Université Paris-Saclay is accredited, except for vocational training.

Eligibility:

- Newly arrived international students, aged 30 and under during the course of the selection year.
- International students living in France for less than a year, enrolled in a student programme that does not lead to a qualification.

- International students living in France for less than a year, taking language classes (FFL type for example).

**Deadline: varying and depending on the Master taken. See details [here](#)**

## 2.9 FRANCE – [Sciences Po Scholarships](#) (Incoming)

1. The [Emile-Boutmy scholarship](#), that was created to welcome the very best **international students from outside the European Union**.

Eligibility requirements:

Students must be first time applicants **from a non-European Union state**, whose household does not file taxes within the European Union, and who have been admitted to the Undergraduate or Master's programme.

Students who **are not eligible** are:

- Swiss and Norwegian applicants
- Candidates who have dual citizenship, including an EU citizenship

This **scholarship is awarded based on merit** and according to the type of profile sought for this programme. **Social criteria** are also taken into account.

**Deadline: 26 April 2018 (Bachelors)**

### 2. [Science Po PhD Scholarship](#)

In an effort to provide the best funding possible for its PhD students Sciences Po's Graduate school has created PhD scholarships of **16 400 € per year for three years**.

These scholarships are available for all Sciences Po's [PhD programmes](#).

The Executive committee of the Graduate school awards them primarily on the basis of excellence of the research project.

**Deadline: 14 May 2018**

## 2.10 FRANCE-GERMANY - [Doctoral Fellowship at the Max Planck-Sciences Po Center](#) (Incoming)

[The Max Planck Sciences Po Center](#) on **Coping with Instability in Market Societies** invites applications for a doctoral fellowship to be undertaken in Paris, France, under the supervision of Prof. Jenny Andersson or Prof. Olivier Godechot

WHO ? international students with a **Master's degree** (or equivalent) who have received training in the following disciplines: **history, sociology, or political science**, with additional training in related fields. They should have experience with qualitative and quantitative methods. **No nationality requirement**. A firm command of English and working knowledge of French are required.

**Deadline: 15 March 2018**

## SciencesPo

Sciences Po is an international research university, ranking among the world's finest institutions in the fields of **humanities and social sciences**.

## 2.11 FRANCOPHONIE (AUF) – [Support for scientific events – 2018 Call Latin America](#)

The Latin America unit of the Agence Universitaire de la Francophonie (AUF) is launching a call for support to scientific events organised in Latin America.

The support action aims to promote the **dissemination of science in French** and to support the academic and scientific networks that leverage French-speaking university cooperation, contribute to its international influence and reinforce solidarity and knowledge sharing between academic institutions.

As part of this specific mission, this call concerns exclusively **scientific events** (workshops, colloquia, seminars, symposiums, conferences) to be **held in Latin America**.

The holder of the request, or organiser of the event must be attached to one of the member institutions of the AUF in Latin America.

The requested financial support must include:

- mobilities of researchers officially attached to an AUF member university, primarily in the South (including Latin America and the Caribbean)
- scientific publications in French following the scientific event (acts, reviews of selected articles, books), respecting the academic criteria (for articles: scientific selection committee, anonymous selection in duplicate, for works: under the direction of teachers-researchers);
- Translations into Spanish or Portuguese of conferences in French.

The application must be carried out by the organising institution.

Deadline: **23 February 2018**.

## 2.12 GERMANY - [Doctoral scholarships from the Friedrich Naumann Foundation \(Incoming\)](#)

Scholarships for socially engaged doctoral students provided by the [Friedrich Naumann Foundation for Freedom](#), a foundation closely affiliated to Germany's Free Democratic Party (FDP). Applications are welcome from doctoral students of **any nationality, in all disciplines and of any age**.

Eligibility:

- non-German citizenship
- unconditional university admission
- full-time PhD in Germany at a state or state-recognised university
- academic project of considerable relevance to research
- knowledge of German

Funding:

Scholarship holders receive a maximum stipend of **1 000 euros per month**. In addition, a health insurance subsidy of up to 125 euros per month will be granted.

Duration:

The scholarship is initially approved for a **one-year** period, and can be extended by one further year upon application.

Applications can only be submitted online. Deadlines: **30 April 2018 and 31 October 2018**

the environment.

## 2.13 GERMANY - [Leibniz-DAAD Research Fellowships](#) (postdoctoral, Incoming)

Leibniz-DAAD fellowships offer highly-qualified, **international postdoctoral researchers, who have recently completed their doctoral studies**, the opportunity to conduct research at the Leibniz institute of their choice in Germany. Leibniz-DAAD research fellows can undertake their research at the 93 Leibniz institutes listed in the following links:

- Humanities and Educational Research
- Economics, Social Sciences and Spatial Research
- Life Sciences
- Mathematics, Natural Sciences and Engineering
- Environmental Sciences

Eligibility: Recent international **postdocs** who have completed their studies with a PhD or equivalent qualification no more than two years ago. Applicants must neither hold German nationality nor have resided in Germany for the last 6 months before the application deadline.

Deadline: **8 March 2018**

## 2.14 GERMANY - [Research grant Fraunhofer Attract](#) (Incoming)

The “Fraunhofer Attract” grant is the excellence stipend programme of Fraunhofer, inviting outstanding researchers to develop their ideas towards innovations at Fraunhofer.

The grant offers outstanding external scientists the opportunity to develop their ideas towards an actual application within an optimally equipped Fraunhofer institute operating close to the market. The scientist will be offered a budget of **€2,5 Million over 5 years** to lead a group of 3-5 co-workers.

Deadlines: **8 March 2018; 2 October 2018**

## 2.15 GERMANY – [German funding to prepare applications under H2020 with partners from South America](#)

The German Federal Ministry of Education and Research BMBF supports the participation of German applicants together with partners from **Argentina, Brazil, Chile, Colombia, Cuba, Mexico**, as well as Canada and the USA in the EU Research and Innovation Framework Programme Horizon 2020. It will involve funding for exploratory talks and networking of partners.

Funding will be provided for applications under the following lines :

- Societal Challenges,
- Industrial Leadership,
- Excellent Science, including MSCA ITN and RISE.

WHO ? Applications for funding may be submitted **by universities, research institutions and commercial companies from Germany**. The participation of companies, particularly small and medium-sized enterprises (SMEs) is especially welcome.

HOW MUCH ? Up to **60 000 euros for a period of up to 12 months**.

Deadline: **21 December 2018**

## 2.16 GERMANY – [Falling Walls Fellowships for Science Journalists](#) (Incoming)

The Falling Walls Fellowship for Journalists is aimed at journalists and bloggers with at least three years experience and who hope to advance their knowledge in the area of sciences.

The Fellows get the opportunity to attend the Falling Walls Lab, Falling Walls Venture, the Falling Walls Conference as well as an additional programme in **Berlin around 8 and 9 November 2017**.

The fellowship includes travel expenses (economy class), accommodation for 3 nights (organised by Falling Walls Foundation), conference fees and meals (breakfast at hotel, catering during the Falling Walls events).

Eligibility:

Freelance and full-time journalists or bloggers can apply. Professionals in fields such as research, teaching, public relations and advertising are not eligible. The applicants must have a minimum of three years professional journalism/blogging experience in which they have written about the subject of sciences.

Deadline : **24 June 2018**

## 2.17 GREECE - [Onassis Foundation Fellowships for incoming foreigners](#)

The Alexander S. Onassis Public Benefit Foundation announced the 24th annual Programme of Research Grants and Educational Scholarships addressed to **non-Greeks, Professors, Postdoctoral Researchers and PhDs**. Candidates for research in Greece on topics linked to **Greek culture, society or economy**. A total of **ten scholarships** will be awarded from which three scholarships will be allocated to university professors of all academic ranks, three scholarships to post-graduate researchers and four scholarships to PhD candidates.

Deadline: **28 February 2018**

## 2.18 HUNGARY – [Stipendium Hungaricum Scholarships for CELAC region students](#) (Incoming)

**Stipendium Hungaricum Scholarship Programme** for **bachelor, master, doctoral, and non-degree programmes** (preparatory and specialisation courses) in Hungary.

In Latin America, the call is open to citizens of **Brazil, Chile, Colombia, Cuba, Ecuador Mexico, Paraguay and Peru**.

Apart from the tuition-free education, the Programme provides monthly stipend, medical insurance and housing allowance.

Deadline: **16 February 2018**.

The **Stipendium Hungaricum** programme was launched in 2013 by the Hungarian Government to increase the number of foreign students in Hungary and to encourage Hungarian higher education institutions to attract top foreign students. Currently more than 50 Sending Partners are engaged in the programme throughout 4 different continents.

See our **Focus on Hungary** [here](#).

**Career-FIT** is a postdoctoral fellowship programme, part-funded by Horizon 2020 and part funded by **Enterprise Ireland**. A key feature of Career-FIT is the opportunity for experienced researchers from outside Ireland to develop their careers in market focused applied research through 3 year fellowships with secondment into industry through Ireland's Technology Centres.

## 2.19 IRELAND - [Career-FIT: Career Development Fellowships in the National Technology Centre Programme \(Incoming\)](#)

Career-FIT is a **postdoctoral fellowship programme**, part-funded by Horizon 2020 and part funded by Enterprise Ireland. It offers opportunity for **experienced researchers from outside Ireland** to develop their careers in **market focused applied research** through **3 year fellowships with secondment into industry** through Ireland's Technology Centres.

Successful candidates will carry out research in Ireland and will gain inter-sectorial and interdisciplinary exposure through this programme.

Eligibility:

**Experienced researchers from outside Ireland** (in possession of a doctoral degree or have at least four years of full-time equivalent research experience)

Deadline: **30 April 2018**

## 2.20 IRELAND – [ALECS Fellowship at Lero, the Irish Software Research Centre \(Incoming\)](#)

Advanced Learning in Evolving Critical Systems (ALECS) is an innovative fellowship programme coordinated by Lero, the Irish Software Research Centre. It offers **26 fellowships** for experienced software researchers. Researchers from **Latin American and Caribbean countries** welcome!

The aim of the programme is to provide training and career development to the next generation of skilled **computer science and software engineering** researchers through providing **international mobility and intersectoral exposure**.

All fellowships will be **based in Ireland** where fellows will be hosted by their ALECS academic supervisor's university. **The two-year fellowship** will include an individual research project under the academic supervision of a Lero researcher and a mandatory 3-6 month industry secondment.

Applications are welcome from researchers of **any nationality** who comply with the programme's eligibility criteria.

Research themes :

- Methods and standards for high integrity systems
- Autonomous and adaptive systems
- Software performance
- Security and privacy

Please note these are broad research themes. See <http://alecs.lero.ie/> for supervisors' research interests within the aforementioned themes.

Eligibility:

Applicants should possess a **PhD degree** or have at least four years full-time equivalent research experience in academia or industry at the call deadline.

Deadline: **22 February 2018**

ALECS fellowship programme is co-funded by the European Commission under the Marie Skłodowska-Curie programme (Grant agreement No. 754489) and by Science Foundation Ireland, through Lero.

## 2.21 IRELAND – [Government of Ireland International Education Scholarship Call 2018](#) (Incoming)

The scheme is managed by the Higher Education Authority (HEA), on behalf of the Department of Education and Skills.

**60** Government of Ireland International Education Scholarships will be awarded for the academic year 2018/2019 to **high calibre students from non-EU/EEA countries (including CELAC)** to study **full-time in Ireland for a period of one year**. Scholarships may be approved for study across **all disciplines**.

The following are the terms and conditions that will apply:

- The HEA will award a scholarship fund to the student (through the HEI that the student is attending) amounting to **€10 000 for one study year**. This fund is directed at covering student costs and living expenses.
- The scholarship may be for:
  - o the final year of an **undergraduate** programme;
  - o one year of a taught **master degree** programme or;
  - o one year of a **research** programme (i.e. one year of a 2 year research masters or a 3-4 year PhD programme).

The HEI will be required to give a **FULL fee waiver to the student for the scholarship year (i.e. tuition fee and registration charge are waived)**.

Deadline: **23 March 2018**

## 2.22 ITALY - [Calls for the Admission to 2018/19 PhD Programmes](#) - Sant' Anna School of Advanced Studies

The Ph.D. Programmes at the Scuola Superiore Sant'Anna are designed for talented graduates from around the world.

For the academic year 2018/2019, there are **65 positions for Ph.D. students covered with a corresponding number of scholarships**, funded by the Scuola Superiore Sant'Anna, by the Ministero dell'Istruzione, dell'Università e della Ricerca (MIUR), and by external public and private bodies:

- PhD in Biorobotics
- PhD in Law
- PhD in Human Rights and Global Politics
- PhD in Economics
- PhD in Management
- PhD in Agrobiosciences
- PhD in Agrobiodiversity
- PhD in EDT

If you are not an Italian resident and wish to take part in the competitive selection, you must already have, or achieve by 31 October, a MSc degree that has been declared as being equivalent by the Italian authorities or recognised as being equivalent in terms of duration and content to the Italian degree.

The Ph.D. courses will begin on 1 October 2018.

Deadlines : varying depending on the topics.(see the “attachments” link on the right-hand column).

## 2.23 NETHERLANDS - [NIAS Individual Fellowship – non-Dutch](#) (Incoming)

Individual fellowships for scholars with a non-Dutch affiliation, who wish to work on an individual project for **5 or 10 months**. NIAS individual Fellowships are awarded to scholars to carry out advanced research in the **humanities and the**

**social sciences.** Fellows must have already made a considerable contribution to their field.

Eligibility

**At least 3 years of post-Ph.D. degree academic experience. Open to all Latin American and Caribbean researchers.**

Applicants must have an affiliation with a university or research institute during the period of the fellowship. The NIAS Fellowship does not constitute an employment relationship: the fellow is and remains an employee of his or her own university or research institute.

Deadline: **15 April 2018**

## 2.24 NETHERLANDS – [NWA Innovational Research Incentives Scheme Vici](#) (Incoming)

Vici is a funding instrument from the Talent Scheme giving **senior researchers** the opportunity to build up their own research group, often in anticipation of a tenured professorship. The research group must become structurally embedded in the research institution.

Science areas:

Exact and Natural Sciences, Social Sciences and Humanities, Applied and Engineering Sciences, WOTRO Science for Global Development Health Research and Development

Eligibility:

Vici is targeted at outstanding senior researchers who have successfully demonstrated the ability to develop their own innovative lines of research, and to act as coaches for young researchers. Researchers who have obtained their **PhD** within the last 15 years can apply for a Vici grant.

Funding: The maximum grant is 1,5 million euros.

Deadline: **27 March 2018**

## 2.25 POLAND – [HOMING incoming postdoctoral fellowships for Young Researchers](#)

This fellowship targets young **post-docs from all over the world** (regardless of nationality), with a special focus on the **return to Poland of outstanding scientists of Polish descent**, at research units or companies in Poland.

Field: subject related to the most innovative areas or that show significant application potential or importance for solving a major socio-economic problem.

Funding: The project budget is recommended not to exceed PLN 800 000 (approx. 185 000 euros).

Duration: **up to 24 months**

Eligibility

Young doctors (**regardless of nationality**) who have had a **doctoral degree for not longer than 5 years**, Participation of at least one scientific **partner from Poland** or another country is mandatory.

Deadline : **5 March 2018**

Foundation for Polish science. Co-financed by the European Union's Regional Development Fund (Smart Growth Operational Programme (PO IR).

**ikerbasque**

Basque Foundation for Science

This call is co-financed by the European Commission

## 2.26 SPAIN - [Ikerbasque Research Fellows 2018](#)

Ikerbasque - the Basque Foundation for Science, has launched in 2018 a call offering **20 positions for postdoctoral researchers**. These positions are financed by the Basque Government, the European Commission and the host institution where the researcher will develop his/her research: therefore the acceptance letter of the host institution is mandatory.

These **five year fellowships** are directed to promising young researchers; they are intended to offer a track towards a PI role and independent research. The selected Fellows should be able to acquire the necessary skills for a research leader role.

The applicants must have their PhD completed between 1/1/2007 and 31/12/2015.

Deadline: **15 March 2018**

## 2.27 SPAIN – [Fundación Carolina fellowships for Ibero-American students \(incoming\)](#)

626 fellowships open to Ibero-American students to carry out part of **their post-graduation, PhD and post-doc studies** in Spain in **all research areas**.

In addition, the programme funds researchers and Brazilian lecturers' mobility (24 fellowships available) in partnership with the Junta de Andalucía, the Universidad de Cádiz, Universidad de Malaga, and Universidad de Sevilla.

- [Postgraduate Studies Fellowships](#)
- [PhD and Post-doctoral short-term stays](#)
- [Mobility Brazil – Spain for lecturers and researchers](#)
- [Entrepreneurship and videogames](#)

Eligibility:

The call is open to students and researchers from the following Latin American countries of the Ibero-American Community of Nations and Portugal:

- |                      |              |
|----------------------|--------------|
| - Andorra            | - Guatemala  |
| - Argentina          | - Honduras   |
| - Bolivia            | - Mexico     |
| - Brazil             | - Nicaragua  |
| - Chile              | - Panama     |
| - Colombia           | - Paraguay   |
| - Costa Rica         | - Peru       |
| - Cuba               | - Portugal   |
| - Dominican Republic | - Spain      |
| - Ecuador            | - Uruguay    |
| - El Salvador        | - Venezuela. |

Deadlines: **20 March 2018** for Postgraduate Studies, Empredimiento y estudios institucionales and **7 April 2018**, for PhD, short-term stays and Brazilian and Portuguese lecturers.

Read our **Focus on Spain** [here](#) & Everything you need to know about research opportunities in Spain [here](#).

## 2.28 SPAIN - [Attracting Talent Scholarships for Master's Degrees, University of Jaén](#) (incoming)

**30 scholarships for international students** of excellence who wish to be enrolled in a **Master** programme at the University of Jaén .

### Eligibility

Students with nationality in countries listed in [ANNEX I](#) (**22 CELAC countries included**), coming from non-Spanish Teaching Centers, which meet the indicated requirements in this call.

Must have the corresponding BA or BSc degree to access the requested master's programme. The general criteria for eligibility for admission are set out in Annex II.

### Funding

- Students will be **exempt from tuition fees** related to the credits required to carry out the chosen program (between 60-120 ECTS in case of master's studies).
- Health insurance
- Students are entitled for an annual amount of € 3,000 per beneficiary for the coverage of accommodation and/or living expenses
- Free Spanish courses in the case of non-Spanish speakers.

Check the list of master's degrees eligible for these scholarships in the following link: <http://www.ujaen.es/serv/vicint/home/page/64>

Deadline: **30 April 2018**

## 2.29 UK (Royal Society) - [Newton Mobility Grants](#)

For scientists in Brazil, Mexico, South Africa, Malaysia, Thailand and Turkey who want to visit or send staff and students to the UK and develop networks, research projects and partnerships with their UK hosts/counterparts and the wider UK research and innovation community.

Awards are available for either 3 months, 1 year or 2 years.

Funds for a contribution towards travel, subsistence and research expenses can be requested for either a one-off short visit to explore opportunities for building lasting networks or for bilateral visits to strengthen emerging collaborations.

WHO ? Both an overseas-based applicant and a UK-based co-applicant are required for this scheme. Both applicants must have a PhD or equivalent research experience and hold a permanent or fixed-term contract in an eligible university or research institute.

The Royal Society Newton Mobility Grants cover researchers working in **natural sciences**, including: physics, chemistry, mathematics, computer science, engineering, agricultural, biological and bio-medical research, geography and experimental psychology.

Deadline: **14 March 2018**

Successful candidates may wish to consider subsequently applying for a Newton International Fellowship or Newton Advanced Fellowship to consolidate partnerships.

The Newton International scheme is jointly run by [The British Academy](#), [the Academy of Medical Sciences](#) and the [Royal Society](#).

Applicants for social science and humanities should apply to the [British Academy](#).

This scheme is funded by the Department of Business, Energy and Industrial Strategy as part of the [Newton Fund](#).

## 2.30UK - [Newton International Fellowships](#) (incoming)

The Newton International Fellowships are available through the [Newton Fund](#) which is part of the UK's official development assistance.

WHAT ? Incoming fellowships to work at UK research institutions for a **period of two years**.

The scheme covers a broad range of the **natural and social sciences and the humanities**

WHO ? **Open to early career post-doctoral researchers from all over the world** (with a PhD and no more than seven years' active full time postdoctoral experience). Applicants need to have a clearly defined and mutually-beneficial research proposal agreed with a UK host scientist

Deadline: **27 March 2018**

## 2.31UK – [Newton Advanced Fellowships](#) (incoming)

This scheme provides **established international researchers** with an opportunity to develop the research strengths and capabilities of their research group through **training, collaboration and reciprocal visits with a partner in the UK**. The skills and knowledge gained should lead to changes in the wellbeing of communities and increased economic benefits.

This award is currently available to international early career group leaders to develop their research by linking them with some of the best research groups in the UK. Awards last for up to **three years**. Available to **scientists in Brazil** (in partnership with [CONFAP](#)) and **Mexico** (in partnership with the Mexican Academy of Sciences ([MAS](#)) and the National Council of Science and Technology ([CONACYT](#))).

Funding: Up to £37 000 is available each year

Eligibility: Applicants must have a **PhD** or equivalent research experience and hold a permanent or fixed-term contract in an eligible university or research institute, which must span the duration of the project. Applicants should have no more than 15 years of postdoctoral experience. Collaborations should focus on a single project involving an overseas-based scientist ("the Applicant") and a UK-based scientist ("the Co-applicant")

Deadline: **14 March 2018**

## 2.32UK (University of Nottingham) - [Vice-Chancellor's Scholarship for Research Excellence](#)

WHAT? **50 full tuition fees scholarships in Arts, Medicine and Health Sciences, Science and Social Sciences**

WHO?

Overseas students/researchers holding an offer to start a full-time research degree programme, PhD or MPhil, at Nottingham campus with a start date that falls between 1 October 2018 and 1 February 2019 (inclusive), in any subject area excluding Engineering.

Engineering research students should apply for the [Faculty of Engineering Research Excellence PhD Scholarship](#).

DURATION: **3 years** of a research programme, subject to satisfactory progress.

Deadline: **9 March 2018**

### 2.33UK – [Leverhulme Early Career Fellowships](#)

The expectation is that Leverhulme Trust Fellows should undertake a significant piece of publishable work during their tenure, and that the Fellowships should lead to a more permanent academic position.

WHAT ? the fellowship offers fifty per cent match-funding for the salary costs of three-year academic research position for a maximum of **£24,000** per annum during **three years**, the remaining part being paid by the host institution. Given the prestige of the awards each Fellow may request annual research expenses of up to £6,000 to further his or her research activities.

WHO ? candidates with a **PhD** or have equivalent research experience by the time they take up the Fellowship.

Applications will be considered in **all subject areas with the following exceptions**: Studies of disease, illness and disabilities in humans and animals, or research that is intended to inform clinical practice or the development of medical applications. Applicants must not yet have held a full-time permanent academic post in a UK university.

Deadline : **1 March 2018**

### 2.34UK (University of Leicester) - [International Postgraduate Research \(PGR\) Excellence Scholarship](#)

The College of Social Sciences, Arts and Humanities offers eight International Excellence Scholarships to the value of £15 000\* for September 2018 entry, to its Doctor of Philosophy (PhD) programmes. Applicants must be an international (non-EU) fee paying applicant.

Awards will be granted to the strongest applicants based on an assessment of their:

- research proposal
- academic record and
- supporting references.

Deadline : **28 May 2018**

### 2.35 [HFSP Frontier Research Grants](#)

The Human Frontier Science Program (HFSP) supports novel, innovative and interdisciplinary basic research focused on the **complex mechanisms of living organisms**.

Research Grants are awarded for novel, ground-breaking collaborations involving extensive collaboration among teams of scientists working in different countries and in different disciplines. Two types of grants are available: **Young Investigators Grants and Program Grants**.

WHO? The Principal Applicant representing the international team must be located in one of the [member countries](#) (CELAC countries are not among these), **but participants can be located in any country**. Young scientists from anywhere in the world may apply for a fellowship to work in a laboratory in one of the supporting countries. A scientist from one of the member countries can apply to work anywhere in the world.

Application deadline: **19 March 2018**

 HUMAN FRONTIER SCIENCE PROGRAM  
FUNDING FRONTIER RESEARCH INTO COMPLEX BIOLOGICAL SYSTEMS  
Guidelines for HPSP 2018 Program Grants and Young Investigator Grants applications are available [HERE](#).

## 2.36 INTERNATIONAL - [TWAS Prizes for Scientists from Developing Countries](#)

Each year The World Academy of Sciences (TWAS) awards nine prizes of USD 15 000 each to individual scientists who have been working and living in a developing country for at least 10 years. TWAS is based in Trieste, Italy.

The TWAS Prizes are awarded to individual scientists from [developing countries](#) in recognition of an outstanding contribution to scientific knowledge in nine fields of sciences and/or to the application of science and technology to sustainable development.

Open to applicants from any [Developing countries in the South](#) (**several CELAC countries included**) in the following fields:

Agricultural Sciences, Biology, Chemistry, Earth, Astronomy and Space Sciences, Engineering Sciences, Mathematics, Medical Sciences, Physics and Social Sciences

Every year, TWAS awards **nine prizes of USD15 000 each**.

Eligibility:

Candidates for a TWAS Prize must be scientists who have been working and living in a [developing country](#) for at least ten years immediately prior to their nomination. They must meet at least one of the following qualifications:

- Scientific research achievement of outstanding significance for the development of scientific thought.
- Outstanding contribution to the application of science and technology to sustainable development.

Deadline: **15 March 2018**

## 3 Calls still open

(Click on the blue links or see [previous EURAXESS CELAC lists of funding opportunities](#) for more details)

**ERC grants** support projects carried out by an individual researcher ('Principal Investigator') who can **employ researchers of any nationality as team members**. It is also possible to have one or more team members located in a non-European country.

Check out our **Guide on how researchers from Celac can benefit from the ERC funding** and cooperation schemes at [http://bit.ly/FocusERC\\_CELAC](http://bit.ly/FocusERC_CELAC)

[Find the ERC National Contact Points in Celac here.](#)

EMBO offers the largest number of life science events in Europe. EMBO Courses & Workshops funds approximately 90 events attracting more than 11,000 participants every year.

Looking for scholarships or research grants in Austria?

Check out <https://grants.at/en/>

### 3.1 European Union

**ERC Consolidator Grants:** For researchers of **any nationality with 7-12 years experience** since completion of PhD; designed to support excellent Principal Investigators at the career stage at which they are consolidating their own independent research team. Up to €2.75 millions are available for projects of up to 5 years duration. Deadline: **15 February 2018**

European University institute (EUI) - [Fernand Braudel Incoming Senior Fellowships](#) ; **up to ten months** in one of the EUI's four Departments which invite fellows to participate in departmental activities (seminars, workshops, colloquia, etc.). Deadlines: **30 March 2018 (Law, Economics); 30 September 2018 (Economics, History and Civilisation, Political & Social sciences)**

[European Respiratory Society \(ERS\) - Short-Term Research Training Fellowships](#) (Incoming): allow young scientists and clinicians to visit a host institution in Europe. Short term stays of 1-3 months are supported. All nationalities. Next deadline: **1 April 2018**

[Erasmus+ Joint Master Degrees](#) (JMD) are offered by an **international consortium of higher education institutions**. Students from anywhere in the world at **master's level can apply for these degrees** and one of the approx. **15 student and 4 guest lecturers scholarships**. Deadlines: **various** (depending on each consortium's rules for application. Most consortia will require applications to be submitted between October and January, for courses starting the following academic year.)

[EMBO Long-Term Fellowships](#). Long- term fellowships for up to 2 years to support **post-doctoral research visits** to laboratories throughout Europe and the world. Deadline: **now accepted throughout the year**.

International Institute for Applied Systems Analysis [IIASA Postdoctoral Research programme](#) offers up to 2 years positions. Applications are accepted continually. Next deadline: **1 April 2018**.

### 3.2 EU Member States and Associated Countries

AUSTRIA – [Ernst Mach Grant \(Incoming\)](#): for **postgraduates, PhDs, postdocs and lecturers from all over the world** to conduct studies in Austria for one to **9 months** in: Natural Sciences; Technical Sciences; Medicine; Agriculture; social Sciences; Humanities; Arts. Deadline: **1 March 2018**

AUSTRIA – [Richard Plaschka Fellowship \(Incoming\)](#) : for visiting **university lecturers (Postgraduates, PhD holders, researchers) in humanities** (History, Archaeology, Linguistics and Literature, Arts), primarily occupied with Austria-related topics. Deadline: **1 March 2018**

AUSTRIA – [Marietta Blau PhD Grant \(Outgoing\)](#): 6-12 months of a doctoral programme at Austrian universities in **Natural Sciences**. Monthly grants of 1500 Euros; Next application deadlines: **1 September 2018**.

AUSTRIA - [Institute of Science and Technology call for professors](#) for internationally accomplished scientists in all areas. Deadlines: **On-going for Professor applications**.

The Erwin Schrödinger programme is co-funded by the European Union.

AUSTRIA - [Lise Meitner Programme for Scientists from Abroad](#). WHO: Highly qualified scientists of any discipline with an invitation from an Austrian research institution. Applications accepted continuously, **no application deadlines**.

AUSTRIA – [Erwin Schrödinger Outgoing Fellowship](#) (Outgoing) including a return phase. Post-doctoral fellowships at **leading foreign research institutions** for young and especially highly qualified post-doc scientists of any discipline. Applications accepted continuously, **no application deadlines**.

BELGIUM – [FWO outgoing mobility opportunities](#). Grants supporting international contacts between research groups.

- [Travel Grants for Short Stays Abroad \(Max. 1 month, outgoing\)](#)
- [Grant for participation in a conference abroad](#)
- [Grant for participation in a workshop or course abroad](#)
- [Travel Grants for Long Stays Abroad \(31 days to 12 months\)](#) for researchers affiliated with a university in the Flemish community or belong to the scientific staff (of the Dutch-speaking community) of a federal or Flemish scientific institute.

Deadline for all grants: **no later than 3 months prior to the departure date**.

BELGIUM (Wallonie-Bruxelles) - [Ulysse incoming Mobility \(Incoming\)](#) For a highly qualified researcher to lead a research team at Wallonie-Bruxelles Federation (WBF) university. Employment contract for 3 years. Deadline: **rolling basis**.

BELGIUM (Wallonie-Bruxelles) - [F.R.S.-FNRS Post-doctoral temporary incoming fellowship\\*](#) (up to 3 years) for a non-Belgian PhD holder (with maximum 6 years of experience). Deadline: **rolling basis**

BELGIUM (Flanders) – [Scholarships for incoming Master](#) . Full scholarships funded by VLIR-UOS to follow a training or Master programme at a Flemish university or university college. Applicants must apply to the [master programme of their choice](#), mentioning they also apply for a scholarship. Open to **national and resident of one of the 54 eligible countries** in Africa, Asia and Latin America. Deadline: depends on the Master programme.

DENMARK - [Danida Mobility Grants \(incoming\)](#): to facilitate research collaboration through research stays in Denmark by researchers (PhD holders) from the growth and transition countries included in the “Partnering with Denmark” programme, (incl. **Brazil, Colombia, Mexico**). No application deadline.

DENMARK - [H.C. Ørsted postdoc programme \(Incoming\) for postdoc](#) (12 to 24 months) and assistant/associate professor (3 to 12 months) in mathematics, physics, space research and informatics; Chemistry, biotechnology and chemical engineering; Electronics and communication; Construction, production, buildings and transportation; Life science. Deadline : **23 February 2018**

ESTONIA - [Mobilitas Pluss Support for study visits and training abroad](#) for 100 researchers to attend international training events of both ETAg and its partners abroad. Deadline: **Continuous**

ESTONIA – [Dora Plus programme \(incoming / outgoing\)](#). **Outgoing**: Support to short-term study mobility for Master’s students and doctoral students from higher education institutions in Estonia. **Incoming**: Foreign Master’s students and doctoral students for short-term teaching and research work in Estonia (1-10 months). Applications: **On-going**

FINLAND - [CIMO Fellowships](#). WHO? **Young doctoral level students and researchers from all countries and from all academic fields. No application deadline.**

FRANCE – [Le Studium Research Fellowships](#) (Incoming): open to **all research disciplines** and offers **post-doctoral fellowships** for international experienced researchers in region Centre-Val de Loire laboratories including. Deadline: **8 February 2018**

AgreenSkills+ is an international mobility programme co-funded by the European Union's Seventh Framework Programme for research, technological development.

FRANCE – [AgreenSkills+ \(outgoing\) postdoctoral fellowships](#) : International research mobility projects for young researchers, from 6 to 24 months in **agriculture, food, nutrition, environment, animal health and veterinary public health. Details of all Latin American and Caribbean institutions included in programme [here](#).** Deadline: **8 February 2018 (last round of programme)**

FRANCE – INRIA [The "Internships" Programme \(Incoming\)](#): Research training experience for students from all over the world; **Undergraduate, masters or PhD students** come and spend a few months in an Inria research team; **2-6 months** with fixed remuneration around **500€ per month**. Deadline: check on website
