- Take first step in development of 'cradle to grave' relationship between student and institution

DELIVERABLES

- A branded Profile on the myAston campusM mobile app to introduce the Aston experience
- Attendees can create their own personalized itinerary from their choice of tours and sessions
- Ease of content building – Profile includes key content, quizzes, games, and social media feeds

OUTCOMES

- Successful pre-study engagement – average user re-engages with app 7-10 times during event
- Strong feedback – strengthening business case for an Alumni Profile
- Simplified and branded visitor experience - complementing other promotional activities

“ Crucially, campusM helps us communicate the Aston student experience. You can't grasp that from a brochure or a league table. Open Days are key for us; by getting potential students to attend, we are more likely to convert them. It's been a real success for us. ”
