Re: TU4Dublin – Application for designation as a technological university

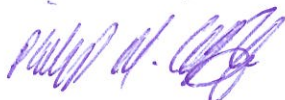

Dear Dr Love,

I refer to your letter of 29 June 2018 to Minister Bruton T.D., regarding the TU4Dublin application for designation as a technological university.

Following consideration of the advisory panel's report and positive recommendation, the supportive views of the HEA, and having regard to the threshold criteria established in Section 34 of the Act, I am happy to report that Minister Bruton T.D., is satisfied that the TU4Dublin application has met the eligibility criteria. The Minister has now notified the consortium of his proposed decision to grant the application.

A copy of the letter that issued on 11 July 2018 to the TU4Dublin consortium is attached for your information.

Yours sincerely,

P.P. William Beausang
Assistant Secretary
Department of Education and Skills
