New Intermediate/Hard Packed Tread Pattern Introduced in Hoosiers MX Line

LAKEVILLE, IND. – Hoosier Racing Tire has released a new intermediate/hard packed tread pattern in the 2 Wheel Off Road lineup. The new 120/80-19 features an entirely new redesigned tread pattern that has been engineered to offer better performance and longevity, making it the perfect choice for racers and recreational riders.

This new tread pattern has been designed to provide superior traction on intermediate and hard-packed surfaces, while also delivering better longevity. The HMX and HMX SPEC differ in their properties; the HMX SPEC offers a softer option for more traction with the racer in mind.

Item Number	Tire Size	Tread Pattern	Tread Width	Approx. Circ.	Recom. Rim Width	Measured Rim Width	Section Width	Compound	Application
07250HMX	120/80-19	Hard/Intermediate	5.1"	86.5"	2.15"	2.15"	5.1"	HMX	250, 450cc
07250 HMX SPEC	120/80-19	Hard/Intermediate	5.1"	86.5"	2.15"	2.15"	5.1"	SPEC	250, 450cc

Additionally, a 110/90-19 will be released later in the year.
