# Introduction

The Temple University Fact Book and Temple University At a Glance are compiled by the Office of Institutional Research and Assessment (IRA). These documents are designed to provide a convenient and concise source of information from key university units. The facts and figures presented are intended to answer frequently requested inquiries.

IRA collects data and provides accurate and actionable information and analysis to university decision-makers, the Temple community and external stakeholders. This information is used for assessment, planning, policy formulation and mandated reporting. IRA is committed to fostering a culture of continuous improvement that advances the university's mission and strategic goals.

See appendices at the conclusion of each section for further details and definitions. It is important to note that the information in this fact book may differ from data reported by IRA to federal, state and regional agencies due to differences in reporting guidelines, reporting definitions and the timing of when information was prepared.

A comprehensive document of this magnitude requires the assistance of a number of people across the University community. Many thanks to all that have contributed to this fact book. A special thanks to the Office of Strategic Marketing and Communications for their contributions to the Temple At a Glance and the Temple Fact Book.

# EMPLE UNIVERSITY **AT A GLANCE** 2013-2014

TEMPLE UNIVERSITY is a public, four-year research university and a national leader in education, research and healthcare. Founded by Dr. Russell H. Conwell in 1884, Temple's official motto-Perseverantia Vincit. or Perseverance Conquers—reflects its students' drive to succeed and commitment

Temple is a vital institution in the Philadelphia region and commonwealth of Pennsylvania, contributing more than \$3 billion toward Pennsylvania's economy each year. The university also has a strong global reach, with long-standing and vibrant campuses in Tokyo and Rome, programs in London, Beijing and other locations worldwide, and nearly 300,000 alumni living around the world.

# 1.4 Temple's Presidents, 1887 - 2012

**Russell H. Conwell** (1887–1925)

Temple's first president and founder of Temple College Pastor, orator, writer and attorney

A temporary Board of Trustees elected Russell H. Conwell president of the faculty on October 14, 1887; he served until his death on December 6, 1925. Temple, under Conwell, originally began as a theological class. Later Temple was a workers' night school in the basement of Conwell's Grace Baptist Church. Fiercely democratic, Temple kept its fees low, welcoming students regardless of their background. Conwell also founded Samaritan Hospital (now Temple University Hospital).

Charles Ezra Beury	(1926–1941)	Second president. Bank executive, lawyer and trustee of the university.
Robert Livingston Johnson	(1941–1959)	Third president. Management consultant and former vice president of Time, Inc.
Millard E. Gladfelter	(1959–1967)	Fourth president. Served as vice president and provost of the university before assuming office.
Paul R. Anderson	(1967–1973)	Fifth president. Vice president of academic affairs of the university and a former president of Chatham College.
Marvin Wachman	(1973–1982)	Sixth president. Vice president for academic affairs of the university and a former president of Lincoln University.
Peter J. Liacouras	(1982–2000)	Seventh president. Served as dean of the Temple School of Law.
David Adamany	(2000–2006)	Eighth president. Previously president of Wayne State University and vice president for academic affairs at the University of Maryland.
Ann Weaver Hart	(2006–2012)	Ninth president. Temple's first female president. Previously president of the University of New Hampshire, provost and vice president for academic affairs at Claremont Graduate University and dean of the Graduate School at the University of Utah.

# 1.5 Temple's Current President

# Neil D. Theobald

Neil D. Theobald, Temple's 10<sup>th</sup> president, began his tenure at Temple University on January 1, 2013. Theobald is a nationally recognized leader in the field of education finance. As with so many Temple students, he was the first member of his family to attend college. Both his professional and personal experiences helped shape his primary goal for Temple: ensuring that students have access to an education that is both affordable and excellent.

Theobald was named Indiana University's (IU) senior vice president in 2007. Previously, he had served as the senior vice provost at that university's

flagship campus in Bloomington and as special assistant to IU's president. Major accomplishments during more than a decade as a senior administrator at Indiana University include increasing the mean SAT score of the incoming class at IU Bloomington from 1096 to 1203, directing a \$1.1 billion capital campaign, and boosting IU's credit ranking to Moody's highest level (AAA).

In addition to his administrative responsibilities at Temple, Theobald holds a professorship in education finance. His research interests in the appropriate role of decentralization in educational financing and in modeling educational labor markets are reflected in more than \$1.5 million in funded research, numerous books and book chapters, dozens of articles published in professional journals, and nearly 50 policy reports for state governments across the United States. At Indiana University, Dr. Theobald directed a research center that assisted state governments in Ohio, Michigan, Indiana, Iowa, and Washington in devising education funding processes that equitably facilitated academic excellence. In addition, Theobald was a three-time winner of IU's Teaching Excellence Recognition Award.

# 1.6 President Theobald's Six Core Commitments for Temple's Success

On October 18, 2013, during his inauguration as Temple's 10th president, Neil D. Theobald laid out a pioneering plan for the success of the university with six core commitments. "Conwell's great experiment — at its core, an experiment in democracy — can only succeed if Temple University remains the place where the nation's middle-class has access to a quality, affordable education," said Theobald. "We must reinvigorate the Conwell legacy in order to create success in our students, our city, our commonwealth and our nation."

1

# A commitment to affordability

At a time when many students across the nation are priced out of a high-quality higher education or burdened by mounting debt, Temple University is committed to access, affordability and bold, innovative strategies to reduce student debt.

2

# **Telling the Temple story**

Temple's reputation as one of the nation's finest urban research universities is growing based on broadening awareness of the quality and creativity of our faculty. The world should know how good a Temple education truly is.

3

# Harnessing the mind to help the city

Temple is Philadelphia's public university and a powerful intellectual partner for the city. Our community of scholars is committed to tackling the toughest challenges facing urban neighborhoods and has the perspectives, ideas and leadership to do so.

4

# Research that improves lives

Temple's fast-growing research enterprise is laser-focused on breakthroughs and technologies that affect people's everyday lives, from understanding childhood obesity to making drinking water safer.

5

# As diverse and international as the real world

Temple is one of the nation's most diverse universities, with a student body that looks like America. Homogeneity is a death sentence in the modern world—continuing to attract and serve students of all backgrounds and nationalities is key.

6

# The entrepreneurial spirit: Ready for success

Being real-world ready means harnessing opportunities across the curriculum to foster student entrepreneurship and innovation—at Temple and beyond.

# 1.7 Mission Statement

Temple University is a national center of excellence in teaching and research with an international presence. Our talented faculty and broad curriculum of over 400 academic programs provide superior educational opportunities for academically talented and highly motivated students, without regard to their status or station in life. Temple's richly diverse student population and the dramatic growth of our residential campus community of student scholars enrich the educational and extracurricular lives of our people. While the university especially serves students from Greater Philadelphia, it is enlivened by a rapidly increasing number of students from across Pennsylvania, throughout the nation, and around the world. We maintain an international presence with campuses in Tokyo and Rome and programs in London, Beijing, and six other locations worldwide. A longtime leader in professional education, Temple prepares the largest body of practitioners in Pennsylvania; we are among the nation's largest educators in the combined fields of medicine, dentistry, pharmacy, podiatry and law. In addition, we offer more than 4 dozen doctoral and more than 100 master's degree programs that contribute to research and scholarship. Temple seeks to create new knowledge that improves the human condition and uplifts the human spirit. To achieve this goal, we maintain our commitment to recruiting, retaining, and supporting outstanding faculty who prize diversity of thought, excel in scholarly endeavors and support the aspirations of capable students.

# 2.4 Student Admissions - Section Appendix

 All data are as of the official fall census date. This date reflects the end of the drop/add period for course registrations. The census date for fall 2013 was September 9, 2013.

# Undergraduate

- Included are matriculated applicants, domestic and international applicants, and Main, Ambler, and Harrisburg Campus applicants
- Excluded are Japan Campus applicants, Continuing Studies applicants, and Continuing Education applicants
- Completed Applications Students who have submitted the minimum elements required for an admissions decision. For freshman applicants, this includes those who have submitted SAT/ACT scores, high school transcripts, and the application fee. For transfer applicants, this includes those who have submitted required high school and/or required college transcripts and the application fee.
- **Enrolled** Students who are currently registered for at least one credit for the upcoming semester. At enrollment, students who are registered for fewer than 12 credits are designated part-time.
- Incoming Freshmen Students who have fewer than 15 college credits
- Incoming Transfers Students who have 15 or more college credits
- **Residency** When students are admitted, a residency decision is posted. Applicants with undetermined residency are classified based on their permanent address.
- Race/Ethnicity This is determined based on the federal coding/reporting rules, and includes all non-international students. Students self-identify, using the two-question format. Students are first asked if they are Hispanic, and those who respond yes are identified as such. Students who respond no are asked to identify themselves as one or more of the other race/ethnicities; those who mark more than one are counted in the two or more races category.
- International Students Students are classified as international if 1) they complete an international application or 2) they complete a domestic application and their nation of citizenship is other than the US and their visa type indicates they are neither a US citizen nor a permanent resident. The Office of International Admissions reviews and makes admissions decisions for international applicants. When students arrive on campus, the Office of International Services verifies their data and enters any missing information.

The numbers of "International Students" and "Non-Resident International" students may not match at times, as a small number of International Students have a permanent mailing address in Pennsylvania.

■ **Transfer GPA** – This is a combination of GPA's from all prior-attended schools. The ranges listed on the report are consistent with those used to award transfer scholarships. GPAs are recorded at the point of the admissions decision.

# **Graduate**

- Included are applicants to all Graduate School degree programs, domestic and international applicants, Main, Ambler, and Harrisburg Campus applicants and applications to Graduate School programs that are part of Temple dual and joint programs (e.g., JD/MBA, MPH/MSW)
- Excluded are Japan Campus applicants, Continuing Studies applicants, Continuing Education applicants, and Doctoral – Professional Practice applicants not under the purview of the Graduate School (Law, MD, D.Pharm, DMD, Podiatry degrees)
- Completed Applications This includes those who submitted the minimum elements (required reference letters, transcripts, test scores, application fee, and statement of goals) necessary for an admissions decision. Requirements vary by graduate program.
- Enrolled Students who are currently registered for at least one credit for the upcoming semester.
- Mean GPA This is a combination of GPA's from all prior-attended schools. GPAs are to be recorded on the applicant's record in Banner at the point of the admissions decision.
- **GRE Scores** Graduate programs vary as to the standardized test required, and not all programs require test scores. GRE is reported here, as it is the most common test (others include GMAT, MAT, MCAT, and Praxis). Approximately 55% of graduate applicants submit GRE scores.

The GRE scores reported here are the highest scores submitted to date. If a student submitted GRE scores from an administration before November, 2011, the scores were converted to the "revised" GRE scores, using the concordance tables.

• **Residency** – When students are admitted, a residency decision is posted. Applicants with undetermined residency are classified based on their permanent address.

### 3.8 Student Enrollment – Section Appendix

- All data are as of the official fall census date. This date reflects the end of the drop/add period for course registrations. The census date for fall 2013 was September 9, 2013.
- Students included are matriculated (degree-seeking) and non-degree seeking students, and students in programs at domestic and international campuses (other than Japan) registered for at least one credit-bearing course.
- Records excluded from this section are students who are registered at Temple University Japan, students who are participating in a Non-Temple Study Away Location or University Exchange, and students who are taking only Continuing Education (non-credit) courses
- All school/college categorizations are based on the student and the program in which they are enrolled.
- Time Status Time status is a breakdown by full-time and part-time. Undergraduates who are registered for 12 or more credits are considered full-time; generally, graduate students who are registered for nine or more credits are considered full-time (dissertation/thesis students and those with assistantships are typically coded as full-time regardless of credit hours). All professional-practice doctoral students in the professional schools are considered full-time.
- Residency Each student has a residency code, determined and posted during the admissions
  process or re-enrollment processes, and maintained (updated, as appropriate) by the Office of the
  Registrar.
- Race/Ethnicity Based on the federal coding/reporting rules. International students are reported separately, so only non-international students will have a reported race/ethnicity. Students self-identify, using a two-question format: Students are first asked if they are Hispanic, and those who respond yes are identified as such. Students who respond no are asked to identify themselves as one or more of the other races/ethnicities; those who mark more than one are counted in the Two or More Races category.
- International Students Students are classified as international if 1) they complete an international application or 2) they complete a domestic application and their nation of citizenship is other than the US and their visa type indicates they are neither a US citizen nor a permanent resident. The Office of International Admissions reviews and makes admissions decisions for international applicants. When students arrive on campus, the Office of International Services verifies their data and enters any missing information.

The numbers of "International Students" and "Non-Resident International" students may not match at times, as a small number of International Students have a permanent mailing address in Pennsylvania.

# Community Engagement

### 8.1 Temple in the Community

Temple has been named to the President's Higher Education Community Service Honor Roll every year since 2008. The Carnegie Foundation for the Advancement of Teaching awarded Temple University the Community Engagement Classification, a national acknowledgement of the degree of mutually beneficial collaboration between Temple and its greater community, in 2010.

#### **Volunteer Services**

Temple University sponsors more than 300 community engagement programs recognized by the President's Higher Education Community Service Honor Roll. More than 14,000 Temple Students engage in community services contributing to approximately 65,000 volunteer hours for the city of Philadelphia per year.

#### **Engagement Programs**

#### 20/20 Scholarship

Temple created the 20/20 Scholarship program to help increase the number of Philadelphians with college degrees and to give back to its community. Over the next 10 years, 250 four-year scholarships are to be awarded. The scholarships are available to students who live in Temple's North Philadelphia community. The \$5,000 per year scholarships will close the gap on tuition not covered by financial aid, merit-based scholarships, or other funding. To date, over 40 scholarships have been awarded.

#### School of Medicine's Center for Obesity Research and Education

The School of Medicine's Center for Obesity Research and Education is a university-wide group of investigators dedicated to excellence in obesity research. A particular focus of the Center is a greater understanding of the causes, treatment and prevention of obesity among minorities of lower socioeconomic status, among whom obesity is more prevalent.

#### School of Medicine's Center for Bioethics, Urban Health and Policy

The School of Medicine's Center for Bioethics, Urban Health and Policy develops diagnostic, treatment and prevention strategies for North Philadelphia residents who suffer from preventable and treatable health conditions.

#### Tyler School of Art's Arts in Community Program

The Arts in Community Program, administered by Temple's Tyler School of Art, combines artistic disciplines with skills and knowledge in community organizing. It builds community arts partnerships that stimulate dialogue and share history to create exhibitions and interdisciplinary performances based on community lives and stories, and shared student experiences.

#### **Temple University's Community Hiring and Outreach**

Temple University's Community Hiring and Outreach Office assists local residents in preparing for interviews and finding jobs at Temple University and other local employers.

#### Center for Social Policy and Community Development

The College of Health Professions and Social Work's Center for Social Policy and Community Development administers eight workforce development programs to prepare 1,000 youths and adults annually to transition into employment or post-secondary education.

## 11.5 Finance – Section Appendix

Once an undergraduate student has completed 60 credit hours earned, the student is considered
an upper division student. All transfer credits placed on the Temple University transcript will count
towards the total number of credit hours earned. Depending on when grades are entered and
transfer credits are approved, a mid-semester tuition increase may result.

Research and Technology Transfer

## 13.1 Technology Development and Commercialization

#### Fiscal Year 2013

Sponsored Research Programs (Internal and External) Total Expenditures		\$230 M
Invention Disclosures	60	
Patent Filings	19	
Licenses/Options	6	
Income		\$11.5M

#### **Net Income Distribution**

Net Income is shared between the inventors (personally) and the university. Net Income equals gross income minus 20% to supplement the Office of Technology Development and Commercialization's budget, in addition to patent, legal, and marketing expenses. Net Income is split equally between the inventors and the university; therefore, 40% is disbursed to the inventors and the remaining 40% is distributed as follows:

	Less than or equal			
	to \$500,000	Adjusted	\$500,000	Adjusted
Department/Research Unit	35%	14%	10%	4%
College/School	15%	6%	10%	4%
University	50%	20%	80%	32%

## 13.2 Research and Technology Transfer – Section Appendix

- The Technology Development and Commercialization FY2013 figures are projected.
- The Net Income Distribution adjusted percentages are calculated as a percentage of net income versus Temple University's share of net income.

Information Technology

#### 14.1 The TECH Center

The TECH Center (Teaching, Education, Collaboration and Help) at Temple University is a 75,000-square-foot, state-of-the-art technology facility with resources that cater to current learning styles.
