Maryland Recycling Act (MRA) Tonnage Report Form for Processors

Reporting Period: January 1 thru December 31

Business Name:	Contact:
Contact Address:	
Phone Number:	Fax Number:
Email:	

Complete one form for each County (or Baltimore City) from which unprocessed recyclables originated. Return the completed form **to the appropriate County Recycling Coordinator** (**not MDE**) by **February 28, 2025**. **DO NOT** report materials <u>received</u> from a processor listed on the Processor Mailing List – 2024, available in the "County Coordinator Resources" section at <u>www.mde.maryland.gov/recycling</u>.

"MRA Tonnage Report Form Guidelines for Processors" is available online in the "County Coordinator Resources" section at www.mde.maryland.gov/recycling.

	Other ⁵ :		
Total from Table B1b	Total from Table B1b		
TOTAL TONS MRA MATERIALS		tons	

- * 1 ton = 2000 pounds. To get tons if you have pounds divide the pounds by 2000 (e.g., 4520 pounds/2000 = 2.26 tons).
- 1 The material <u>must be</u> composted or mulched and marketed! Simply spreading a material on a field <u>DOES NOT</u> constitute a composted/mulched material and does not count as a recyclable material. Composted/mulched material that ends up being disposed in a landfill does not count as a recyclable material.
- 2 Consists of non-source-separated MSW materials (i.e., trash).
- 3 Includes recycling of wood products (e.g., pallets, crates, barrels, wood furniture, canes, crutches, etc.). Materials must be mulched or composted ONLY. Otherwise, include in "Other Materials" category.
- 4 Tires that are recycled into new products containing rubber (*e.g.*, trashcans, storage containers, rubberized asphalt, etc.), and use of whole tires for playground and reef construction. Tires sent to an incinerator **DO NOT** count as recycling.
- 5 List the material.

The undersigned hereby certifies that the tonnages reported on this form are true and accurate. Records will be made available to the County for verification if requested.
