

December 1, 2024

The Water and Science Administration has received the applications listed below. A preliminary review has indicated that the listed projects may be subject to the opportunity for a public hearing once the application is substantially complete. Projects may be significantly altered during the review process. The applications and related information are available for inspection and copying. You may also request written notice of any hearing opportunity by having your name placed on the interested persons list for each project in which you are interested. To inspect the file or to have your name placed on the interested persons list, contact the assigned division at the telephone number indicated below no later than Tuesday, December 31, 2024.

Water Supply Program - (410) 537-3590

County: Dorchester

DO1998G002/04: Robert Howard has applied to increase an existing allocation from an annual average of 33,000 gallons of groundwater per day (gpd) and an average of 198,000 gpd during the month of maximum use, to an annual average of 66,000 gpd and an average of 403,000 gpd during the month of maximum use for crop irrigation. Water will be withdrawn from two wells in the Columbia aquifer. The project is located at 6824 Whitely Road, Federalsburg, Dorchester County, Maryland.

County: Worcester

WO1998G024/03: Murray Brothers has applied to increase an existing allocation from an annual average of 160,000 gallons of groundwater per day (gpd) and an average of 970,000 (gpd) during the month of maximum use, to an annual average of 207,000 gpd and an average of 1,255,000 gpd during the month of maximum use for crop and sod irrigation. Water will be withdrawn from one well in the Pocomoke aquifer. The project is located on Tull Road, 0.1 mile south of its junction with Ebenezer Road, one mile north of Maryland Route 610, Whaleyville, Worcester County, Maryland.
