Actions to Come in 2025

December 9, 2024 AQCAC Meeting
MDE ARA Staff

First Half of 2025

- Clean Heat Standard – Part 1: reporting rule for heating fuel providers
- Zero Emission Heating Equipment Standard – Transitioning heating equipment from oil, gas, and propane to electric equipment

Second Half of 2025

- Regional Greenhouse Gas Initiative (RGGI) Updates
- California Amendments to Advanced Clean Cars (ACC) II & Advanced Clean Trucks (ACT)
- Align Maryland Methane Control Regulations (26.11.41) to EPA Oil and Gas Emission Guidelines (111(d) State Plan required)
- Align Maryland regulations to meet the Greenhouse Gas Electric Generating Units Emission Guidelines 111(d) State Plan
- Consumer Products – Updates to include Regional Ozone Transport Commission (OTC) Phase V model rule
- Dripless Nozzles and Low Permeation Hoses – Gas Stations – New requirements
