

Testimonials

“**Our experience** in working with both teams—in the weeks before, and there onsite—was **exceptional**.

Communication was clear and responsive, onsite team support (two Braves’ “Event Captains” **dedicated** to supporting our daily activations throughout, coupled with consistent “check-ins” by senior staff; **well-staffed** and attentive Delaware North catering team) was consistent and strong, and the overall hospitality by both teams made such a **strong impression** on all of us.

As the last of our MLB-related activations for the summer, it was a welcome experience to **finish** our series in such a strong and positive way.”
