

ANNEX I TO HURRICANE PLAN
MEDICAL NEEDS SHELTER MANAGEMENT

I. GENERAL

- A. Medical Needs Shelters (MNS) are provided for evacuees requiring medical monitoring and their caregiver.

II. MEDICAL NEEDS SHELTERS

- A. See Annex 6 (Mass Care) for Lead and Support Agency roles and responsibilities for MNS as well as general sheltering criteria.

- B. Opening of MNSs

- 1. Department of Public Health (DPH) will open and operate Medical Needs Shelters in coordination with ESF 6 (Mass Care) and local emergency management.

If possible and appropriate, available co-located sites should be opened first and prior to any “stand alone” facilities.

- 2. The trigger for opening of any MNS will depend on if there is an evacuation ordered by the Governor, and/or persons are identified as meeting MNS criteria. (Identification of need will usually occur through the DPH Care Line.)

- a. In Coordination with a Hurricane Evacuation

- (1) At the beginning of the evacuation, DPH will establish triage and coordinate with local county emergency management and ESF-6 to open MNSs as necessary to support the evacuation plan and respond to the evacuation of the coastal areas.

- (2) After tropical force winds have passed through the areas, DPH may open additional MNSs as persons are identified as meeting the criteria for a MNS shelter. The opening of additional MNS will be done in coordination with county emergency management to support the sheltering needs of the local communities.

- C. Closing of MNSs

- 1. A MNS will not close until all shelter clients can return home or relocate to a suitable alternate location.
 - 2. DPH will coordinate the closing of MNSs with local emergency management and with ESF-6 (Mass Care).
 - 3. For a co-located shelter, closing of an MNS will be coordinated with local emergency managers, ESF 6 partners, and local and state DPH staff.

- D. DPH has pre-coordinated the following facilities for use as MNSs in support of the Hurricane Evacuation Plan.
1. These locations are subject to change with/without notice.
 2. Shelter locations and capacities will be maintained on Palmetto.
 3. As co-located facilities are identified, they will be added to the following list and be designated as a co-located facility.

Northern Hurricane Region Medical Needs Shelters		
County	Facility Name	Capacity
Clarendon	None	0
Darlington	None	0
Dillon	McLeod Medical Center Dillon 301 E. Jackson Street Dillon, SC 29536	8
