### EARLY WARNINGS FOR ALL INITIATIVE

The Secretary-General launched the initiative to provide effective multi-hazard early warning systems to all within the next five years. The Executive Action Plan for the initiative calls for initial new targeted investments of \$3.1 billion between 2023 and 2027.

Partners: WMO, UNDRR, UNESCO, and other partners

### GUIDANCE TO SUSTAINABLE DEVELOPMENT COOPERATION FRAMEWORK

The guidance note helps UN RCOs and the UNCTs in formulating and implementing Cooperation Frameworks that support countries, communities and people in using climate and disaster risk management approaches to build disaster resilience.

Partners: FAO, UNDCO, UNDRR, UNEP, UNFCCC, UNFPA, UNICEF, WFP and WHO

### MAKING CITIES RESILIENT 2030

A unique cross-stakeholder initiative for improving local resilience through advocacy, sharing knowledge and experiences, establishing mutually reinforcing city-to-city learning networks, injecting technical expertise, connecting multiple layers of government and building partnerships.

Partners: UNDRR, UNDP, UN Habitat, UNOPS, World Bank, C40 Cities, ICLEI, JICA, IFRC, Resilient Cities Network, UCLG, World Council on City Data

### RESILIENCE AND SUSTAINABILITY TRUST

In April 2022, the IMF's Executive Board approved the establishment of the Resilience and Sustainability Trust to help low-income and vulnerable middle-income countries build resilience to external shocks and ensure sustainable growth, contributing to their longer-term balance of payments stability.

Partners: IMF in collaboration with partners

### COALITION FOR DISASTER RESILIENT INFRASTRUCTURE (CDRI)

A partnership of national governments, UN agencies and programmes, multilateral development banks and financial mechanisms, the private sector, and knowledge institutions that aims to promote the resilience of new and existing infrastructure systems to climate and disaster risks in support of sustainable development.

Partners: UNDRR in collaboration with various partners
