

Let's Make and Share Our Plan

A family emergency plan will help everyone know what to do if an emergency ever happens. Use this page to write down important contact information for your family and to keep track of the people and places involved in your emergency plan. Make copies and share the plan with the grown-ups in your child's life.

Please make copies of your plan and share it with your child's teacher, along with the other important grown-ups who help care for your child.

Emergency Contacts

Help your children learn who these contacts are and remind them that these are people who may be there to help and care for them just in case.

1. Out-of-Town Emergency Contact who may not be affected by the emergency and can help make sure you're all okay. It is often easier to call long distance than to make local calls after an emergency. You can also text.
