

...And Keep Talking!

Parents, put on a finger puppet show with your child! Cut off the tips of a rubber glove and draw simple faces with markers to make finger puppets. Put a few on your child's hand, and do the same. Try beginning with these scene starters:

Hi. I'm **NEW** here.

Do you want to hear an **INTERESTING IDEA**?

How are you **FEELING** today?

WHERE am I?

I have a **QUESTION**.

Will you **SHOW** me around?

LISTEN to what happened to me today.
