Special features

Work out in the water

Use Water lock mode when you exercise in the water. See [Water Lock Mode](#) on page 22.

Water and dust resistances

This device is rated 5ATM, and passed military specification (MIL-STD-810G) testing. See [Maintaining water and dust resistance](#) on page 107.

Getting started

- Front and back views 8
- Assemble your device 9
- Start using your device 14

DRAFT-FOR INTER

Front and back views

DRAFT-FOR INTERNAL USE ONLY

Devices and software are constantly evolving—the illustrations you see here are for reference only.

Assemble your device

Learn about your mobile device hardware, assembly procedures, and how to get started using your new device.

Charge the battery

Your device is powered by a rechargeable Li-Ion battery.

Warning: Do not disassemble, modify, or repair your device. Placing objects, such as magnetic stripe cards, including credit cards, phone cards, passbooks, and boarding passes, next to the device or charger may cause damage from the charger or device's magnetic field.

The battery comes partially charged. You can use the device while charging.

1. Insert the USB cable into the USB charger port.
2. Connect the USB cable to the charging head, and then plug the charging head into a standard outlet.
3. Place the Watch onto the wireless charger dock.

DRAFT-FOR INTERNAL USE ONLY

Caution: Use only charging devices that are approved by Samsung. Samsung accessories are designed for your device to maximize battery life. Using other accessories may void your warranty and may cause damage.

While charging, the device and the charger may become hot. This does not affect the device's lifespan or performance and is in the device's normal range of operation.

Getting started

The charger may stop charging if the battery becomes too hot.

If the device heats up while charging the battery:

1. Disconnect the charger from the device and close any running apps.
2. Wait for the device to cool down and then begin charging the device again.

Note: Prevent the USB charger port and the small end of the charger from coming into contact with conductive materials, such as liquids, dust, metal powders, and pencil leads.

DRAFT-FOR INTERNAL USE ONLY

Check the Charge Status

When you connect the Watch and the wireless charger dock, the wireless charger dock's LED indicator flashes certain colors to indicate the battery level.

- **Red > Green > Orange:** Standby mode
- **Red:** Charging.
- **Green:** Fully charged
- **Orange:** Connected to a low-charger head

Note: When a wireless charger dock error occurs, the LED indicator flashes red. Disconnect the Watch from the wireless charger dock, and then reconnect. If the error occurs again, contact a Samsung Service Center for service support.

Wear the Watch

Wear the Watch firmly around your lower arm just above your wrist as shown below. Do not fasten the Watch too tightly.

1. Open the buckle and place the strap around your wrist.
2. Fit the strap to your wrist, insert the pin into an adjustment hole, and then secure the buckle to close it.

Warning: If you feel discomfort while using the device, stop using it. If your device becomes hot, please remove it until it cools.

Strap Tips and Precautions

- Some people may experience discomfort when wearing the Watch for prolonged periods.
- If you have sensitive skin or fasten the Watch too tightly, you may feel some discomfort.
- Do not expose the straps to very wet conditions. Wet straps can cause skin irritations. Dry the straps first. If you experience skin irritation when wearing the device, stop wearing the device and consult a physician.

DRAFT-FOR INTERNAL USE ONLY

Replace the Strap

Detach the strap from the Watch to replace it with a new one.

To remove the strap:

- ▶ Slide the strap's spring bar inwards and pull the strap away from the Watch.

To replace the strap:

- ▶ Insert one end of the spring bar into the lug, slide the spring bar inwards, and connect the new strap.

DRAFT—FOR INTERNAL USE ONLY

Start using your device

The instructions below explain how to turn your device on or off.

To turn the device on:

- ▶ Press and hold the **Power** button until the device turns on.

To turn the device off:

1. Press and hold the **Power** button.
2. Tap **Power off**.

Lock or unlock your device

Use the screen lock features to secure your device. Your Watch locks when you remove it from your wrist or when the screen times out while you are wearing it.

To unlock the Watch:

- ▶ Press the **Power** button or **Back** button.

The default Screen lock on your device is None. To choose a secure screen lock, see [Set a screen lock](#) on page 96.

DRAFT-FOR INTERNAL USE ONLY

Galaxy Wearable app

To connect your Watch to a smartphone, install the Galaxy Wearable app on the smartphone. You can download the app from Galaxy Apps, or the Google Play™ store.

Compatible with select devices using Android 4.4 and later, with at least 1.5 GB RAM. Supported devices may vary by carrier and device. Some features may not be available. For best results, connect with compatible Samsung Galaxy devices. For a list of compatible smartphones, please visit samsung.com/us/support/owners/app/galaxy-wearable-watch.

Connect the Watch to a Smartphone

Turn on the Watch.

1. From the Apps screen of the smartphone, tap  **Galaxy Wearable**.
2. If necessary, update the app to the latest version.
3. Tap **Start the Journey**, and follow the prompts to select your device.
4. When the Bluetooth® pairing request window is displayed, confirm the passkeys displayed on your Watch and smartphone match, and then tap **OK**.
5. Follow the prompts to complete the connection.

When the devices are connected, a tutorial is displayed on the Watch's screen. Follow the prompts to learn basic controls.

DRAFT-FOR INTERNAL USE ONLY

Connect the Watch to a New Smartphone

When you connect the Watch to another smartphone, the Watch automatically resets and all data is removed from its memory. Make sure you back up any important data stored on your Watch.

Back up your Watch's data on your smartphone as follows:

1. From the Apps screen of the smartphone, tap  **Galaxy Wearable > Settings** tab.
2. Tap **About watch > Back up and restore > Back up settings**.

Remote Connection

Set the Watch to remotely connect to the smartphone when a Bluetooth connection between the devices is not available. With this connection, you can still receive notifications from your smartphone.

To enable or disable this feature:

1. From the Apps screen of the smartphone, tap  **Galaxy Wearable > Settings** tab.
2. Tap **Watch connection > Remote connection**.

Note: You must connect the Watch to Wi-Fi and sign in to your Samsung account on the smartphone to enable this feature.

DRAFT-FOR INTERNAL USE ONLY

Disconnect

1. From the Apps screen of the smartphone, tap  **Galaxy Wearable**.
2. Tap **More options** > **Disconnect**, and then confirm when prompted. The Watch disconnects from your smartphone.

Navigation

Please note that a touchscreen responds best to a light touch from the pad of your finger or a capacitive stylus. Using excessive force or a metallic object on the touchscreen may damage the tempered glass surface and void the warranty.

Tap

Lightly tap items to select or launch them.

- Tap the keyboard to enter characters or text.
- Tap an item to select it.
- Tap an app shortcut to launch the app.

Double-tap

Lightly tap items twice to select or launch them.

- Double-tap an image to zoom in or out.

DRAFT-FOR INTERNAL USE ONLY

Touch and hold

Touch and hold items to activate them.

- Touch and hold a field to display a pop-up menu of options.

Swipe

Lightly drag your finger vertically or horizontally across the screen.

- Swipe the screen to unlock the device.
- Swipe the screen to scroll through the Home screens or menu options.

Drag

Touch and hold an item, and then move it to a new location.

- Drag an app shortcut to add it to a Home screen.
- Drag a widget to place it in a new location on a Home screen.

Watch screen

Rotate the bezel left to view notifications and right to view widgets.

DRAFT—FOR INTERNAL USE ONLY

Change the watch face

From the Watch:

1. Touch and hold the Watch screen, and then rotate the bezel to view available watch faces.
 - You can add more watch faces by rotating to Apps and tapping **Galaxy Apps**.
2. Touch and hold the watch face to select it.
 - You can customize the watch face by tapping **Customize**.

From the smartphone:

You can also change the watch face on your smartphone:

1. From the Apps screen of the smartphone, tap  **Galaxy Wearable > Watch faces** tab.
2. Tap a desired watch face. The watch face you selected is applied on the Watch screen.

3. Tap **Customize** to select a background and items to display on the watch face.

DRAFT-FOR INTERNAL USE ONLY

Widgets

You can add widgets to the Home screens. Widgets are small apps that offer limited functionality to provide information and convenient access.

Add Widgets

To add more widgets on the Home screen:

1. Rotate the bezel to the end of the Widget screens, and tap **Add widget**.
2. Select a widget.

The selected widget is displayed in a new panel.

Move Widgets

- ▶ Touch and hold a widget and then drag it to the desired location.

Remove Widgets

- ▶ Touch and hold a widget, and then tap **Delete**.

DRAFT—FOR INTERNAL USE ONLY

Status Panel

To open the Status panel:

- ▶ On the Watch screen, swipe down from the top of the screen.

DRAFT—FOR INTERNAL USE ONLY

Devices and software are constantly evolving—the illustrations you see here are for reference only.

Status Bar

Indicator icons display at the top of the screen in the Status bar.

Indicator icons

-  Battery full
-  Bluetooth connected
-  Bluetooth enabled but not connected
-  Bluetooth headset connected
-  Wi-Fi connected

Power saving

Activate power saving mode to save battery power by limiting the Watch's functions.

1. On the Watch screen, swipe down from the top of the screen to open the status panel.
2. Tap **Power saving**, and then tap ✓ **Ok** to confirm.

Airplane Mode

Airplane mode disconnects your device from all networks and turns off connectivity features, such as Bluetooth and Wi-Fi.

1. On the Watch screen, swipe down from the top of the screen to open the status panel.
2. Tap **Airplane mode**, and then tap ✓ **Ok** to confirm.

Water Lock Mode

You can use Water lock mode to exercise in the water.

To enable Water lock mode:

DRAFT-FOR INTERNAL USE ONLY

1. On the Watch screen, swipe down from the top of the screen to open the status panel.
2. Tap **Water lock mode**, and then tap ✓ **Ok** to confirm.

Do Not Disturb Mode

You can set the Watch not to vibrate and turn off the screen when a notification, except for alarms, is received.

1. On the Watch screen, swipe down from the top of the screen to open the status panel.
2. Tap **Do not disturb**, and select a length of time.
3. Tap ✓ **Ok** to confirm.

Watch Always On

Set the Watch to display a watch when the screen is turned off.

1. On the Watch screen, swipe down from the top of the screen to open the status panel.
2. Tap **Watch always on**, and then tap ✓ **Ok** to confirm.

Adjust the Brightness

You can adjust the Watch's display brightness to suit the environment.

1. On the Watch screen, swipe down from the top of the screen to open the status panel.
2. Tap **Brightness** and adjust the level by rotating the bezel.

Play Music

You can play music saved on the Watch or smartphone. For more information, see [Music Player](#) on page 63.

DRAFT-FOR INTERNAL USE ONLY

1. On the Watch screen, swipe down from the top of the screen to open the status panel.
2. Tap **Music** to open the Music Player app.

Customize Quick Settings

Manage the Quick settings that appear on the Status panel.

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **Advanced > Edit quick settings**.
 - Tap  **Remove** to remove a quick setting.
 - Tap  **Add** to select a new quick setting.
3. Touch and hold, and then drag a quick setting to change its order.

DRAFT-FOR INTERNAL USE ONLY

Notifications

Stay up to date with events, notifications, and messages from your smartphone.

When you receive a notification, information about the notification, such as its type, is displayed on the screen while the Watch is vibrating.

1. Rotate the bezel left.
2. Tap the notification screen to view details.

View the notifications list

To view a list of notifications from the same app:

1. From the Watch screen, rotate the bezel left to view notifications.
2. Tap the number at the bottom of the notification.

Clear all notifications

To clear all notifications:

1. From the Watch screen, rotate the bezel left to view notifications.
2. Rotate the bezel to the end of the notifications screens, and then tap **Clear all**.

Block notifications

To block notifications from an app:

1. From the Watch screen, rotate the bezel left to view notifications.
2. Tap a notification from the app that you want to block.
3. Tap the notification to view the details.
4. Tap **More options** > **Block app**.

DRAFT-FOR INTERNAL USE ONLY

Notification settings

Change settings for the notification feature.

1. From the Apps screen of the smartphone, tap  **Galaxy Wearable > Settings tab > Notifications.**
2. Tap **on/off** to activate it, and then tap to select items:
 - **Manage notifications:** Select apps on the smartphone to send notifications to the Watch.
 - **Show only while wearing Watch:** Show notifications on your Watch only while it is being worn.
 - **Show while using phone:** Show notifications from your phone on your Watch while you are using your phone.
 - **Turn on screen:** Set the Watch to turn on the screen when the notification is received.

- **Auto show details:** Set the Watch to show details for notifications when they are received.
- **Notification indicator:** Show a yellow indicator on the watch face when there are unread notifications.
- **Silent phone alerts:** Choose how to view phone alerts when on silent.
- **Smart relay:** Set the smartphone to display notification information from the Watch when you pick up the smartphone.

DRAFT-FOR INTERNAL USE ONLY

Enter Text

Text can be entered by speaking or by using a keyboard.

A text input screen is displayed automatically when you are able to enter text. Select an emoticon or text template to enter a message. You can also use voice input or the keyboard to type texts.

Default keyboard

Select a default keyboard type for text input.

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **General > Input > Default keyboard** and select your default keyboard.

Note: This option is only available if you have downloaded additional keyboards from Galaxy Apps.

DRAFT-FOR INTERNAL USE ONLY

Voice Input

To use Voice input:

- ▶ Tap  **Voice input** and speak the message you want to enter. Tap **Send** when you are finished.
- Tap  **More options** > **Input languages** to change the language. Voice input is not supported in some languages.

Emojis

You can add emojis to your message.

1. Tap  **Emojis**, and select an emoji to include in your message.
2. To draw an image, tap **Doodle**.

DRAFT-FOR INTERNAL USE ONLY

Keyboard

Use the keyboard to enter your message. You can rotate the bezel to different input modes.

Handwriting Mode

- ▶ Tap  **Keyboard**, and then use your finger to write text.

Enter Characters

To enter characters:

1. Tap  **Keyboard**, and then rotate the bezel to character mode.
2. Tap the corresponding key repeatedly until the desired character is displayed.
 - Rotate the bezel for numbers, punctuation, emojis, or voice input.

DRAFT-FOR INTERNAL USE ONLY

Keyboard Settings

Change the Samsung keyboard settings.

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **General** > **Input** > **Keyboard settings** and tap options to customize:
 - **English (US)**: Choose the keyboard layout.
 - **Select input languages**: Select languages for text input.
 - **Check for updates**: Set the Watch to check for and download the latest version of the Samsung keyboard.
 - **Handwriting**: Enable handwriting mode.
 - **Smart typing**:
 - **Predictive text**: Activate predictive text mode to predict English words based on your input and display word suggestions.
 - **Auto capitalize**: Set the Watch to automatically capitalize the first character after a final punctuation mark, such as a period, question mark, or exclamation mark.
 - **Auto punctuate**: Set the Watch to insert a period when you double-tap the space bar.
 - **Key-tap feedback**:
 - **Vibration**: Set the Watch to vibrate when you tap a key.
 - **Reset keyboard settings**: Reset the Samsung keyboard settings.
 - **Clear personalized data**: Clear word predictions and other data.

DRAFT-FOR INTERNAL USE ONLY

Water Lock Mode

You can use Water lock mode to exercise in the water. While in Water lock mode the following features will be turned off:

- Touchscreen
 - Wake-up gestures
 - Watch always on
1. From the Apps screen, rotate the bezel and tap  **Settings**.
 2. Tap **Advanced > Water lock mode**.
 3. Tap **On/Off** to enable, and tap ✓ **OK** to confirm.

Exit Water Lock Mode

- ▶ Press and hold the Home button to turn off the mode.

DRAFT-FOR INTERNAL USE ONLY

Eject Water

You can use the eject water features to help clear out water from your Watch.

- ▶ 1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **Advanced** > **Water lock mode**.
3. Tap **Eject water** to make sounds to help eject water from the device.

Theater Mode

You can use Theater mode to silence your Watch during a movie. This will keep the screen off and the Watch silent.

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **Advanced** > **Theater mode**.
3. Tap **On/Off** to enable.
 - When enabled the theater mode symbol will display at the top of the screen.

DRAFT—FOR INTERNAL USE ONLY

Goodnight Mode

Goodnight mode silences your Watch while you are sleeping. This keeps the screen off and the Watch silent.

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **Advanced** > **Goodnight mode**.
3. Tap **On/Off** to enable.
 - When enabled the night mode symbol is displayed at the top of the screen.

DRAFT—FOR INTERNAL USE ONLY

Apps

Using apps

36

Samsung apps

39

DRAFT-FOR INTER

Using apps

The Apps list displays all preloaded and downloaded apps. You can uninstall, disable, or hide apps from view.

Access apps

Access and launch all apps from the Apps list.

1. From a Home screen, swipe up or down to access **Apps**.
2. Tap an app's shortcut to launch it.
 - To return to the main Home screen .

Open Apps

- ▶ On the Apps screen, tap an app icon to open the app.

Auto open Apps

Set an app to launch by rotating the bezel without tapping the app. When the bezel indicator icon hovers over an app, the app will be launched automatically.

1. From the Apps screen, rotate the bezel and tap **Settings**.
2. Tap **App settings > Auto open apps**.
3. Tap **OK**.

Recent Apps

- ▶ From the Apps screen, rotate the bezel and tap **Recent apps**.

DRAFT-FOR INTERNAL USE ONLY

Sort apps

Choose how to arrange the apps on the Apps screen.

1. From the Apps screen, rotate the bezel and tap **Settings**.
2. Tap **Apps** > **App order**, and choose an option:
 - **Most recent first:** Recently used apps to appear first.
 - **Custom:** Arrange the apps to your preference.
 - From the Apps screen, touch and hold an app, and then drag it to the desired location.

Uninstall or disable apps

Uninstall or disable apps you have download.

1. On the Apps screen, touch and hold an app.
2. Tap  **Uninstall**. This option is not available for all apps.

DRAFT-FOR INTERNAL USE ONLY

Samsung apps

The following apps come pre-installed or downloaded over-the-air to your device.

Messages

View messages and reply to or call the sender using the Watch.

Send Messages

1. From Apps, rotate the bezel and tap  **Messages**.
2. Tap  **Compose**.
3. Add recipients and tap **Next**.
4. Enter text using one of the available methods.
 - If you use Quick responses or emojis, the message is automatically sent to the recipients when you tap it.

- If you create a message using voice input or the keyboard, tap **Send** to send the message.

DRAFT-FOR INTERNAL USE ONLY

Edit Quick Messages

Edit or add templates used for replying to messages.

1. From **Apps** of the smartphone, tap  **Galaxy Wearable** > **Settings** tab > **Apps**.
2. Tap **Settings** next to Messages.
 - To edit a message, select it and edit the text.
 - To create additional templates, tap  **Add**.
 - To delete or rearrange messages, tap **Edit**.

Send Audio Recordings

Change the message feature settings.

1. From **Apps**, rotate the bezel and tap  **Settings**.
2. Tap **App settings** > **Messages**.
3. Tap **Send as audio** to set the Watch to send a voice message as an audio file.

DRAFT-FOR INTERNAL USE ONLY

Send SOS Requests

In an emergency situation, quickly press the Watch's **Home** button three times. The device sends messages to your emergency contacts. The first time you enable this feature, you will be prompted to designate your emergency contacts.

The messages include your location information. You can also send sound recordings along with the message to the recipients.

1. From **Apps** of the smartphone, tap  **Galaxy Wearable** > **Settings** tab > **Send SOS requests**.
2. Tap **on/off** to enable this feature, and then customize options:
 - **Send SOS messages to:** Follow the prompts to add an emergency contact to send SOS messages to.
 - **Make SOS call to:** Call a selected contact in emergencies.

- **Count down before sending:** Wait five seconds before sending SOS requests to allow them to be cancelled.

DRAFT-FOR INTERNAL USE ONLY

Read Messages

1. From Apps, rotate the bezel and tap  **Messages**.
2. Tap a conversation to view it.
3. Tap  **More options** for additional options:
 - **Reply:** Compose a reply message from your Watch.
 - **Call:** Call the sender.
 - **Send my location:** Use your GPS to send a map link to your location.
 - **Show on phone:** View the message on your smartphone.
 - **Create contact:** Add the sender as a contact.
 - **Delete:** Delete the message.

Note: You may not be able to reply to messages depending on the smartphone that you connect to the Watch.

Reply to Messages

1. From Apps, rotate the bezel and tap  **Messages**.
2. Tap a conversation to view it.
3. Scroll to the bottom of the conversation and tap  **Reply**.
4. Compose your message and send.

DRAFT-FOR INTERNAL USE ONLY

Phone

DRAFT-FOR INTERNAL USE ONLY

Devices and software are constantly evolving—the illustrations you see here are for reference only.

Make calls

The call feature automatically launches on your smartphone.

1. From the Apps screen, rotate the bezel and tap  **Phone**.
2. Use one of the following methods to make a call:
 - Tap  **Keypad**, enter a number using the keypad, and then tap  **Call**.
 - Tap  **Contacts**, select a contact, and then tap  **Dial** or select a phone number.
 - Scroll through the log list, and tap a log entry.

Answer Calls

To answer an incoming call:

- ▶ Drag  **Answer** to the right.

– or –

Rotate the bezel to the right.

Voice Answer

Answer or reject calls using voice commands.

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **App settings** > **Call**, and then tap **Voice answer** to set the Watch to answer or reject calls using voice commands.

DRAFT-FOR INTERNAL USE ONLY

Reject a Call

Reject incoming calls.

- ▶ Drag  **Reject** to the left.

– or –

Rotate the bezel to the left.

Decline with Message

Reject an incoming call and send a message to the caller.

- ▶ Swipe up from the bottom of the screen to open the Decline messages, and select a quick message.

Edit Decline Messages

Edit or add templates used for rejecting phone calls.

1. From the Apps screen of the smartphone, tap  **Galaxy Wearable > Settings** tab > **Apps**.

2. Tap **Settings** next to Phone.

- To edit a message, select it and edit the text.
- To create additional templates, tap  **Add**.
- To delete or rearrange messages, tap **Edit**.

DRAFT-FOR INTERNAL USE ONLY

Missed Calls

If a call is missed, a notification is displayed on the screen.

- ▶ From the Watch screen, rotate the bezel left to view missed call notifications.

– or –

On the Apps screen, rotate the bezel and tap  **Phone** to view missed calls in the Call log.

Contacts

View your smartphone's contact list.

Create a Contact

You can search for a contact or scroll through the list to find one by name.

1. From the Apps screen, rotate the bezel and tap  **Contacts**.
2. Tap  **Add**, and then enter the contact information.
3. Tap **Save**.

DRAFT-FOR INTERNAL USE ONLY

Find a Contact

You can search for a contact or scroll through the list to find one by name.

1. From the Apps screen, rotate the bezel and tap  **Contacts**.
2. Tap **Search**, and then enter characters to find contacts that match.

– or –

Rotate the bezel to find the contact.

Call or Message a Contact

You can send a message or make a phone call from Contacts.

1. From the Apps screen, rotate the bezel and tap  **Contacts**.
2. Tap the contact you want to connect with, and tap an option:
 - **Call:** Begin a phone call with the contact.
 - **Message:** Type a message to the contact.

Email

View emails received on the smartphone and reply to them.

Read Emails

1. From the Apps screen, rotate the bezel and tap  **Email**.
2. Tap an email account to view its content.
3. Tap  **More options** for additional options:
 - **Reply:** Compose a reply email from your Watch.
 - **Star:** Mark the email as important.
 - **Show on phone:** View the email on your smartphone.
 - **Delete:** Delete the email.

Note: You may not be able to reply to emails depending on the smartphone that you connect to the Watch.

DRAFT-FOR INTERNAL USE ONLY

Reply to Emails

1. From the Apps screen, rotate the bezel and tap  **Email**.
2. Tap an email to open the email screen.
3. Scroll to the bottom of the email and tap  **Reply**.
4. Compose your email and send.

Delete Emails

1. From the Apps screen, rotate the bezel and tap  **Email**.
2. Scroll through the inbox to the email you want to delete.
3. Tap  **More options** > **Delete**.
4. Select the email again, and then tap **Delete**.

Samsung Health

Samsung Health helps you manage your wellness and fitness. Set fitness goals and regularly record and check your progress.

When the Watch is synced with the Samsung Health app, you can use additional features that include checking your heart rate logs individually, and more.

Only your most recent activity records are stored on your Watch. You can view previous data on the smartphone where the Samsung Health app is installed.

- ▶ From the Apps screen, rotate the bezel and tap  **Samsung Health**.

Caution: The information gathered from this device, Samsung Health, or related software is not intended for use in the diagnosis of disease or other conditions, or in the cure, mitigation, treatment or prevention of disease.

DRAFT-FOR INTERNAL USE ONLY

The accuracy of the information and data provided by this device and its related software, including heart rate readings, may be affected by factors such as environmental conditions, skin condition, specific activity performed while using/wearing the device, settings of the device, user configuration/user-provided information, placement of the sensor on the body, and other end-user interactions. For more information on proper wear and use, visit samsung.com/us/heartratesensor.

Before You Start Exercising

Although the Samsung Health application is a great companion to your exercise routine, it is always best to make sure you consult with your physician before beginning any exercise regimen. While moderate physical activity, such as brisk walking, is safe for most people, health experts suggest that you talk with your doctor before you start an exercise program, particularly if you have any of the following conditions:

- Heart disease; Asthma or lung disease; Diabetes, or liver or kidney disease; and Arthritis.

Before beginning your exercise regimen check with your doctor if you have symptoms suggestive of heart, lung, or other serious disease, such as:

- Pain or discomfort in your chest, neck, jaw, or arms during physical activity;
- Dizziness or loss of consciousness;

DRAFT-FOR INTERNAL USE ONLY

- Shortness of breath with mild exertion or at rest, or when lying down or going to bed;
- Ankle swelling, especially at night;
- A heart murmur or a rapid or pronounced heartbeat;
- Muscle pain when walking upstairs or up a hill that goes away when you rest.

It is recommended that before engaging in an exercise routine, you consult with your doctor or medical practitioner. If you are unsure of your health status, have several health problems, or are pregnant, you should speak with your doctor before starting a new exercise program.

Steps Tracker

The Watch counts the number of steps you have taken and measures the distance traveled.

1. From the Apps screen, rotate the bezel and tap  **Samsung Health**.
2. Rotate the bezel and tap the steps tracker.
3. Rotate the bezel and tap **View each date** to view a graph of your step count records.

To set your steps target:

1. From the Apps screen, rotate the bezel and tap  **Samsung Health**.
2. Rotate the bezel and tap the steps tracker.
3. Tap  **More options** >  **Settings**, and then tap **Step target**.
4. Rotate the bezel to set the target.
5. Tap **Done**.

DRAFT-FOR INTERNAL USE ONLY

Floors

Record and track the number of floors you walk up.

1. From the Apps screen, rotate the bezel and tap  **Samsung Health**.
2. Rotate the bezel and tap **Floors**.
3. View a graph of your floor count records.

To set your floors target:

1. From the Apps screen, rotate the bezel and tap  **Samsung Health**.
2. Rotate the bezel and tap **Floors**.
3. Tap  **More options** >  **Settings**, and then tap **Floor target**.
4. Rotate the bezel to set the target.
5. Tap **Done**.

Exercise Tracker

Record your exercise information and calories burned using Samsung Health's exercise feature.

When your Watch and smartphone are connected, this feature uses your smartphone's location information.

Exercise with the Watch

1. From the Apps screen, rotate the bezel and tap  **Samsung Health**.
2. Rotate the bezel and tap **Exercise**.
3. Tap **Work out** and tap an activity type.
4. Enter the exercise information.
5. Tap **Start [activity type]** to start monitoring your exercise. Your heart rate measurement begins.
 - When you rotate the bezel to the right you can view exercise information, such as calories burned and current speed.

DRAFT-FOR INTERNAL USE ONLY

- Rotate the bezel left to listen to music. This option is not available in Water lock mode.
6. Press the **Back** button to pause the workout.
 - Press the **Back** button again to resume the workout.
 - Tap **Finish** to complete your workout and view your workout summary.
 7. Rotate the bezel to view your workout log.

Note: Measured distance may differ from the actual distance due to uneven strides, walking in place, and pacing around.

Heart Rate Tracker

Measure and record your heart rate. Take heart rate measurements when you are seated and relaxed.

1. From the Apps screen, rotate the bezel and tap  **Samsung Health**.
2. Rotate the bezel and tap **Heart rate**.
3. Tap **Measure** to begin measuring your heart rate.
 - After a moment, your current heart rate is displayed on the screen.
4. Tap **Tag** to select a status tag for your measured heart rate.
 - The Watch displays information about your heart rate in relation to your selected tag.

Track Your Heart Rate

The Watch can automatically measure and track your heart rate. Your Watch measures your heart rate at regular intervals.

To activate or deactivate this feature:

DRAFT-FOR INTERNAL USE ONLY

1. From the Apps screen, rotate the bezel and tap  **Samsung Health**.
2. Rotate the bezel and tap **Heart rate**.
3. Tap  **More options** > **Auto HR settings** and select a measuring interval.
 - **Always:** The Watch measures your heart rate continuously, regardless of your movement.
 - **Frequent:** The Watch measure your heart rate regularly when you are relaxed.
 - **Never:** The Watch does not measure your heart rate automatically.
4. Tap **Help** to view help information for using the auto HR feature.

Water Tracker

Record and track how many glasses of water you drink.

1. From the Apps screen, rotate the bezel and tap  **Samsung Health**.
2. Rotate the bezel and tap **Water**.
3. Tap  **Add** when you drink a glass of water.
 - If you accidentally added an incorrect value, tap  **Remove**.

To set your daily water target:

1. From the Apps screen, rotate the bezel and tap  **Samsung Health**.
2. Rotate the bezel and tap **Water**.
3. Tap  **More options** > **Set target**.
4. Tap **Set target** to enable this feature.
5. Tap **Daily target**, and set the number.

DRAFT-FOR INTERNAL USE ONLY

6. Tap **Done**.

Caffeine Tracker

Record and track how many cups of caffeinated beverages you drink each day.

1. From the Apps screen, rotate the bezel and tap  **Samsung Health**.
2. Rotate the bezel and tap **Caffeine**.
3. Tap  **Add** when you drink a caffeinated beverage.
 - If you accidentally added an incorrect value, tap  **Remove**.

To set your daily caffeine target:

1. From the Apps screen, rotate the bezel and tap  **Samsung Health**.
2. Rotate the bezel and tap **Caffeine**.
3. Tap  **More options** > **Set target**.
4. Tap **Set target** to enable this feature.
5. Tap **Daily target**, and set the number.

DRAFT-FOR INTERNAL USE ONLY

6. Tap **Done**.

Together

Compete with other Samsung Health users.

Steps Leaderboard

Add challenges through Samsung Health on your smartphone.

1. On the Apps screen of the smartphone, tap  **Galaxy Wearable > Settings** tab.
2. Tap **Samsung Health > Together** tab. Here you can add friends and challenges.

View Challenges on Your Watch

View your challenges and rank on the Steps leaderboard.

1. From the Apps screen, rotate the bezel and tap  **Samsung Health**.
2. Rotate the bezel and tap **Together**.
 - Tap a list to see your challenges.

DRAFT-FOR INTERNAL USE ONLY

Settings

Customize your Samsung Health settings.

1. From the Apps screen, rotate the bezel and tap  **Samsung Health**.
2. Rotate the bezel and tap **Settings**.
3. Tap an item to customize:
 - **Profile:** Update your personal profile.
 - **Workout detection:** Set the Watch to recognize and encourage you when it detects that you are exercising.
 - **Inactive time alerts:** Set the Watch to alert you if you have been still for almost an hour.
 - **Sleep notifications:** Set the Watch to give you notifications for sleeping.
4. Tap **Help** for a description of Samsung Health.

Galaxy Apps

Samsung Galaxy Apps provides a quick and easy way to find and download free premium apps that are compatible with your Galaxy device.

A Samsung account is required to purchase and download apps.

To access the Samsung Galaxy Apps website:

- ▶ From Apps, rotate the bezel and tap  **Galaxy Apps**.

DRAFT-FOR INTERNAL USE ONLY

PPT Controller

You can use PPT Controller to connect the Watch to a computer, and control PowerPoint presentations.

To connect:

1. From the Apps screen, rotate the bezel and tap  **PPT Controller**.
2. Tap **Connect** and connect your Watch to a computer in 5 minutes.
3. Select your Watch from the Bluetooth list on the computer and tap ✓ **OK** on the Watch.
4. Follow the on-screen instructions to complete the connection. The Watch and computer will be connected by Bluetooth.

Control PPT Slides with the Watch

You can remotely control the Powerpoint slides with your Watch.

1. From the Apps screen, rotate the bezel and tap  **PPT Controller**.
2. Tap **Slideshow** to control the slides.
 - Tap  **Next** or rotate the bezel to the right to move to the next slide.
 - Tap  **Previous** or rotate the bezel to the left to move to the previous slide.
 - Tap **Touchpad** and swipe on the Watch's screen to move the cursor on the computer.
3. Tap **Stop** to stop controlling slides.

DRAFT-FOR INTERNAL USE ONLY

Presentation Alerts

You can set alerts on your Watch to warn you when you are close to the end of your presentation time, or at various intervals during your presentation.

Wrap up Alert

Use your Watch to receive a notification when you are at the end of your presentation time.

1. From the Apps screen, rotate the bezel and tap  **PPT Controller**.
2. Tap  **More options** > **Wrap up alert**.
3. Tap **Wrap up alert** to enable this feature.
4. Tap **Set time**, and enter the time that your presentation needs to be finished.

Interval Alerts

Set a finishing time for your presentation on your Watch to receive a notification

1. From the Apps screen, rotate the bezel and tap  **PPT Controller**.
2. Tap  **More options** > **Interval alerts**.
3. Tap **Interval alerts** to enable this feature.
4. Tap **Set time**, and enter the interval that you want to receive notifications.

Samsung Flow

Connect your phone and Watch with Samsung Flow. You can then view notifications and reply to messages from your phone on your connected Watch. You can also use Mobile hotspot to access the Internet on your tablet through your phone's network connection when other networks are not available.

- ▶ From **Apps**, rotate the bezel and tap **Samsung Flow**.

Find My Phone

If you misplace your smartphone, the Watch can help you find it.

1. From **Apps**, rotate the bezel and tap  **Find My Phone**.
2. Select an option:
 - Tap  **Start**, and the smartphone emits sounds and turns on the screen.
 - Tap  **Stop** on the Watch to terminate the search, or tap  **Stop** on the smartphone.

DRAFT-FOR INTERNAL USE ONLY

Find your Watch

You can also locate your Watch by making it light up and make sounds from the Galaxy Wearable app.

1. From the Apps screen of the smartphone, tap  **Galaxy Wearable** > **Settings** tab > **Find My Watch**.
2. Tap  **Start**.
 - The Watch vibrates and the screen turns on.
3. Drag  **Stop** to the right on the Watch.
 - or –
 - Tap  **Stop** on the smartphone.

Reminder

Add reminders for events and set alarms outside of the Calendar app.

Create a reminder

1. From the Apps screen, rotate the bezel and tap  **Reminder**.
2. Tap **Create reminder** and choose a keyboard.
3. Follow the prompts to name and set the time for your reminder.
4. Tap **Save** when finished.

DRAFT-FOR INTERNAL USE ONLY

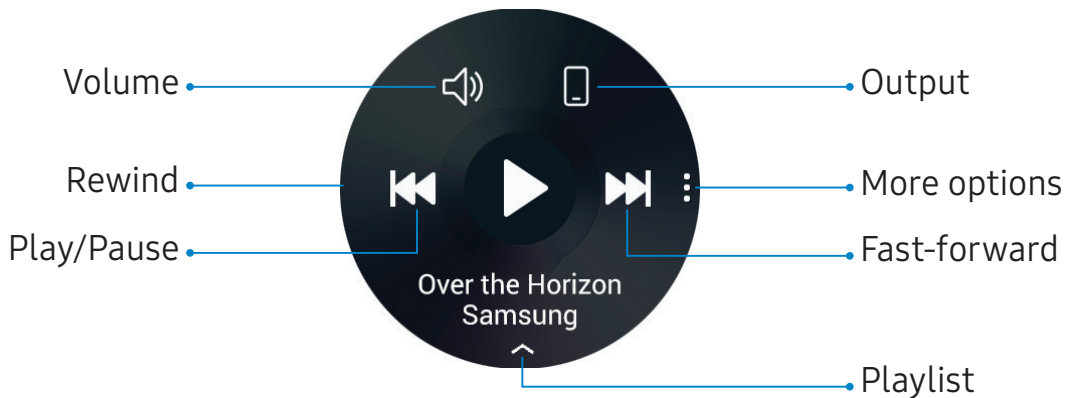

Complete a reminder

To mark reminders complete:

1. From the Apps screen, rotate the bezel and tap  **Reminder**.
2. Tap the reminder you want to complete.
3. Tap the checkbox to mark it as complete.
 - To delete the reminder, tap  **More options** >  **Delete**.

DRAFT-FOR INTERNAL USE ONLY

Music Player

DRAFT-FOR INTERNAL USE ONLY

Devices and software are constantly evolving—the illustrations you see here are for reference only.

Play Music from the Watch

You can play music from the Watch through Bluetooth headphones (not included).

1. From the Apps screen, rotate the bezel and tap  **Music Player**.
2. Tap the output until the  **Watch** icon is displayed.
3. Tap  **More options** for the following options:
 - **Shuffle**: Enable or disable shuffle.
 - **Repeat**: Tap to repeat all songs, tap again to repeat once, and tap again to turn off repeat.
4. Tap  **Play music** to play music on your Watch.

5. Swipe up from the bottom of the screen to open the library screen, where you can view the current song, playlist, and queue music.

Play Music on Your Smartphone

When you select a smartphone to play music from, you can control playback of the music with your Watch. The music plays on your smartphone.

1. From the Apps screen, rotate the bezel and tap  **Music Player**.
2. Tap the output until the  **Phone** icon is displayed.
3. Tap  **Play music** to play music on your smartphone.
4. The music plays on your smartphone and the Watch displays the music controller screen.

DRAFT-FOR INTERNAL USE ONLY

Import Music

Import music saved in your smartphone to your Watch.

1. From the Apps screen of the smartphone, tap  **Galaxy Wearable** > **Settings** tab > **Transfer content to Watch**.
2. Tap **Select tracks**.
3. Select files and tap **Done**.

To sync recently added music in your smartphone with your Watch:

1. From the Apps screen of the smartphone, tap  **Galaxy Wearable** > **Settings** tab > **Transfer content to Watch**.

2. Tap **Auto sync**, and then tap **OK** to confirm. The music will be synced while the Watch battery power is at least 15 percent and it is charging.

DRAFT-FOR INTERNAL USE ONLY

Gallery

View and manage images stored on the Watch.

View Images

1. From the Apps screen, rotate the bezel and tap  **Gallery**.
2. Rotate the bezel to scroll through the image list and then tap an image to view it.

Zoom In or Out

While viewing an image:

- ▶ Double-tap the image to zoom in or out.

Delete Images

1. From the Apps screen, rotate the bezel and tap  **Gallery**.
2. Touch and hold an image to delete, or tap  **More options**.
3. Tap **Delete**, and then tap  **Ok** to confirm.

DRAFT-FOR INTERNAL USE ONLY

Import and Export Images

Images can be exchanged between your Watch and smartphone.

Import Images from Your Smartphone

Send images or entire albums from your smartphone to your Watch.

1. From **Apps** of the smartphone, tap  **Galaxy Wearable** > **Settings** tab.
2. Tap **Transfer content to Watch**.
3. Tap **Select photos**.
– or –
Tap **Albums to sync**.
4. Select files or albums and tap **Done**.

To sync images on your smartphone with your Watch:

1. From **Apps** of the smartphone, tap  **Galaxy Wearable** > **Settings** tab.
2. Tap **Transfer content to Watch** > **Auto sync** under **Photos** to enable.

Export Images to Your Smartphone

1. From the **Apps** screen, rotate the bezel and tap  **Gallery**.
2. Tap the image you want to send to the smartphone.
3. Tap  **More options** >  **Send to phone**.

DRAFT-FOR INTERNAL USE ONLY

Take a screenshot

Capture an image of your screen. It is automatically saved to the Gallery app.

To enable the screen capture feature:

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **Advanced** > **Screen capture** to enable.

To take a screenshot:

- ▶ From any screen, press and hold the **Power** key, and swipe the screen from left to right.

Weather

View weather information on the Watch for locations set on the smartphone when the devices are connected.

1. From the Apps screen, rotate the bezel and tap  **Weather**.
2. Tap the screen and rotate the bezel to view weather information.
 - Rotate the bezel right to add cities on your phone.

DRAFT-FOR INTERNAL USE ONLY

Alarm

Set an alarm to ring at a specific time.

Create an Alarm

Create an alarm event. You can set one-time or recurring alarms.

1. From **Apps**, rotate the bezel and tap  **Alarm**.
2. Tap  **Add** and enter the time.
3. Tap **Next**, and select the days to repeat the alarm.
4. Tap **Save** when finished.

Stop an Alarm

- ▶ Drag  **Cancel** to the right or rotate the bezel clockwise to stop an alarm.
 - Drag  **Snooze** to the left or rotate the bezel counterclockwise to snooze.

DRAFT-FOR INTERNAL USE ONLY

Delete an Alarm

You can delete an alarm that you created.

1. From the Apps screen, rotate the bezel and tap  **Alarm**.
2. Tap and hold an alarm, and then tap **Delete**.

World clock

The World clock lets you keep track of the current time in multiple cities around the globe.

Add Cities

1. From the Apps screen, rotate the bezel and tap  **World clock**.
2. Tap **Add city** to add a city to your World clock.
3. Tap a location on the map.
– or –
Tap **All cities** to search for the city you want to add.
4. Tap the city to add it to your World clock.
 - To add more cities, tap **Add**.

DRAFT-FOR INTERNAL USE ONLY

Remove Cities

1. From the Apps screen, rotate the bezel and tap  **World clock**.
2. Tap  **More options** by the city you want to remove.
3. Tap  **Delete**, and select the city again.
4. Tap **Delete** to confirm.

Calendar

View the events scheduled on the smartphone.

- ▶ From Apps, rotate the bezel and tap  **Calendar**.
 - Rotate the bezel to view other months.
 - Tap a day on the monthly calendar.
 - The day's events list is displayed.
 - Tap an event to view its details
 - Rotate the bezel to view other scheduled events.

DRAFT-FOR INTERNAL USE ONLY

Create an Event

You can use your Calendar to create events.

1. From Apps, rotate the bezel and tap  **Calendar**.
2. Tap the day of the event, and tap **Create event**. Enter the event details, and set a reminder.
3. Tap **Save** when finished.

Delete an Event

You can delete an event that you created.

1. From the Apps screen, rotate the bezel and tap  **Calendar**.
2. Tap the day of the event, and tap the event you want to remove to view it.
3. Tap  **More options** >  **Delete**.

DRAFT-FOR INTERNAL USE ONLY

Bixby

Bixby is a virtual assistant that learns, evolves, and adapts to you. It learns your routines, helps you set up reminders based on time and location, and is built in to your favorite apps. For more information, visit samsung.com/us/support/owners/app/Bixby.

You can customize Bixby's chat responses, quick commands, and more from the Bixby Home page.

The Bixby Home page displays customized content based on your interactions. Bixby learns from your usage patterns and suggests content you may like.

1. From **Apps**, rotate the bezel and tap  **Bixby**.
2. Follow the prompts to set up Bixby.

Alti-Barometer

Measure the altitude and atmospheric pressure in your current location.

Measure Altitude

- ▶ From **Apps**, rotate the bezel and tap  **Alti-barometer**.

Measure Atmospheric Pressure

1. From **Apps**, rotate the bezel and tap  **Alti-barometer**.
2. Rotate the bezel to the barometer screen to view the atmospheric pressure.

Customize Settings

1. From **Apps**, rotate the bezel and tap  **Alti-barometer**.
 2. Rotate the bezel to **Settings**, and then tap **Change**.
 3. Tap an option to customize:
 - **Auto refresh**: Automatically refresh the readings for altitude and pressure.
 - **Manual calibration**: Tap to enable manual calibration and enter the altitude and sea level pressure.
 - **Pressure alerts**: Enable pressure alerts when the atmospheric pressure drops more than 4 hPA within a 3 hour period.
 - **Altitude unit**: Customize the unit of measurement for altitude.
- **Pressure unit**: Customize the unit of measurement for pressure.
 - **Help**: View help topics for the Alti-barometer.

DRAFT-FOR INTERNAL USE ONLY

News Briefing

Create and access your personalized magazines.

1. From **Apps**, rotate the bezel and tap  **News Briefing**.
2. Rotate the bezel to search through trending articles.

DRAFT-FOR INTERNAL USE ONLY

Settings

How to use settings	77
Connections	77
Sounds and vibration	83
Notifications	88
Display	89
Device maintenance	93
Lock screen and security	96
Accessibility	99
Other settings	100

DRAFT-FOR INTER

How to use settings

You can personalize your device by configuring various setting options.

To access Settings:

- ▶ From the Apps screen, rotate the bezel and tap  **Settings**.

– or –

On the Watch screen, swipe down from the top of the screen to open the status panel, and then tap  **Settings**.

Connections

Manage connections between your device and a variety of networks and other devices.

Bluetooth

Use Bluetooth to connect the Watch to a smartphone and a headset (not included).

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **Connections** > **Bluetooth**.
 - **Bluetooth:** Turn the Bluetooth feature on or off.
 - **BT headset:** Search for Bluetooth headsets and connect them to the Watch.

Note: The headset can only be used for playing music on the Watch.

DRAFT-FOR INTERNAL USE ONLY

Mobile Networks

Customize your mobile networks.

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **Connections** > **Mobile networks**.
 - **Mobile networks:** Enable or disable using mobile data.
 - **Mobile data:** Enable mobile data.
 - **Data roaming:** Enable data roaming.
 - **Network operators:** Choose a network operator.
 - **Access Point Names:** Select and APN.

Wi-Fi

Activate the Wi-Fi feature to connect to a Wi-Fi network.

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **Connections** > **Wi-Fi**.
3. Tap **Wi-Fi** again, and then tap **Auto**, **Always on**, or **Always off**.

DRAFT-FOR INTERNAL USE ONLY

Connect to a Wi-Fi Network

This feature is available when the Watch is not connected to the smartphone through Bluetooth.

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **Connections** > **Wi-Fi**.
3. Tap **Wi-Fi networks** > **Scan**.
4. Select a network from the Wi-Fi networks list.
 - Networks that require a password display a lock icon.
5. Tap **Connect**.

Note: Once the Watch connects to a Wi-Fi network, the Watch reconnects to that network each time it is available without requiring a password. To prevent the Watch connecting to the network automatically, select the network, and then tap **Forget**.

Sync Wi-Fi Profiles

Set the device to sync the list of saved Wi-Fi networks with your Watch.

1. From the Apps screen of the smartphone, tap  **Galaxy Wearable** > **Settings** tab.
2. Tap **Watch connection** > **Sync Wi-Fi profiles**.

DRAFT-FOR INTERNAL USE ONLY

NFC

The Watch lets you use the built-in technology to make payments and buy tickets for transportation or events after downloading and configuring the required apps.

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **Connections** > **NFC**.
 - **NFC**: Activate the NFC feature to link your Watch to your credit or debit card.
 - **Tap and pay**: Set the default payment app for mobile payments.

Make Payments with the NFC Feature

Before you can use the NFC feature to make payments, you must register for the mobile payment service. To register or get more information about the service, contact your service provider.

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **Connections** > **NFC**.
3. Tap **NFC** again to enable the feature.
4. Touch the top of the Watch's touchscreen to the card reader.

Note: The payment services list may not include all available payment apps.

DRAFT-FOR INTERNAL USE ONLY

Connection Alerts

Receive alerts when disconnected from Bluetooth.

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **Connections** > **Alerts** to enable or disable this option.

Airplane mode

Airplane mode disconnects your device from all networks and turns off connectivity features, such as phone calls and Wi-Fi.

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **Connections** > **Airplane mode** to enable or disable this option.

DRAFT—FOR INTERNAL USE ONLY

Data Usage

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **Connections** > **Data usage** and tap an option:
 - **Mobile data**
 - **Data limit**
 - **Data usage cycle**
 - **Start date**
 - **Usage details**

Location

Some apps may require location services to be turned on for full functionality.

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **Connections** > **Location**.
3. Tap **Location** again to enable, and select a mode.
 - **GPS, Wi-Fi, and mobile networks:** Use GPS and wireless networks.
 - **Wi-Fi and mobile networks:** Use wireless networks only.
 - **GPS:** Use GPS only.

DRAFT-FOR INTERNAL USE ONLY

Connect to a new phone

Connect your Watch to a new mobile device. The Watch can connect to another mobile device after performing a light reset to delete data.

To connect to a new phone:

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **Connect to new phone** and follow the prompts.

Note: This feature is available when the Watch is connected to a smartphone. Otherwise, **Connect to phone** is displayed.

Sounds and vibration

Configure the sounds and vibrations used to indicate notifications, screen touches, and other interactions.

Sound mode

Switch between sound modes, while preserving the individual sound settings you have made.

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **Sounds and vibration** > **Sound mode**, and then choose a mode:
 - **Sound:** Enable sounds for notifications and alerts.
 - **Vibrate:** Use vibration only for notifications and alerts.
 - **Mute:** Set your device to make no sounds.

DRAFT-FOR INTERNAL USE ONLY

Vibrate with sound

Enable vibration with sound mode. Sound mode must be enabled for this option to be available.

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **Sounds and vibration** > **Vibrate with sound** to enable vibrations when receiving calls and notifications.

- Rotate the bezel to change the volume level for each category.

Volume

Set volume levels.

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **Sounds and vibration** > **Volume**.
 - Swipe the screen from right to left to see the volume levels for Ringtone, Media, Notifications, and System.

DRAFT-FOR INTERNAL USE ONLY

Vibration intensity

Configure the vibration intensity.

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **Sound and vibration** > **Vibration intensity**, and select **Strong**, **Light**, or **None**.

Long vibration

Increase the duration of the vibration for calls and notifications.

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **Sound and vibration** > **Long vibration** to enable.

DRAFT-FOR INTERNAL USE ONLY

Ringtone

Choose from preset ringtones or add your own.

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **Sound and vibration** > **Ringtone vibration**.
3. Tap a ringtone to hear a preview, and tap **OK** to select it.

– or –

Tap **Add from watch** to use an audio file as a ringtone.

Ringtone vibration

Vibrate for calls.

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **Sound and vibration** > **Ringtone vibration** and select a vibration pattern.

DRAFT-FOR INTERNAL USE ONLY

Notification sound

Choose from preset notification sounds.

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **Sound and vibration > Notification sound**.
3. Tap a notification sound to hear a preview, and tap **OK** to select it.

Notification vibration

Vibrate for new notifications.

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **Sound and vibration > Notification vibration** and select a vibration pattern.

DRAFT-FOR INTERNAL USE ONLY

Touch sounds

Enable sounds when the watch screen is tapped.

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **Sound and vibration** > **Touch sounds** to enable.

Notifications

Select which apps you want to receive alerts from. Alerts include notifications, sounds, and vibrations.

Do not disturb

Use these options to determine block out time where notifications are turned off, and during which time periods you want to enter this mode.

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **Advanced** > **Do not disturb**, and configure the following:
 - **Turn on now:** Enable this option, and set the time period.
 - **Turn on as scheduled:** Tap **Set schedule** to configure the start time, end time, and days that you want to enable Do not disturb.

DRAFT-FOR INTERNAL USE ONLY

Display

Configure your display's brightness, screen timeout delay, and other settings.

Watch faces

Change the style settings.

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **Watch faces**. The following options are available:
 - **Watch faces:** Select a watch type.
 - **Watch always on:** Set the Watch to display a watch when the screen is turned off.
 - **Watch face order:** Set a sort order.
 - **Hourly chime:** Hear a sound and feel a vibration at the start of each hour.
 - **Notification indicator:** Enable or disable the notification indicator.
 - **Status indicator:** Indicators are icons that show the current status of your Watch on the watch face.

DRAFT-FOR INTERNAL USE ONLY

Adjust screen brightness

Manually adjust the brightness of the display.

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **Display** and select an option:
 - **Brightness:** Manually adjust the brightness of the display.
 - **Auto low brightness:** Set the Watch to automatically adjust the brightness depending on ambient light conditions.

Set the screen timeout

Set the length of time the Watch waits before turning off the display's backlight.

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **Display** > **Screen timeout**, and select a timeout value.

DRAFT-FOR INTERNAL USE ONLY

Show last app

Set the length of time the Watch wakes up to the last app used.

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **Display** > **Show last app**, and select a timeout value.

Background style

Select a background

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **Display** > **Background style**.

DRAFT-FOR INTERNAL USE ONLY

Font

Select a font for your Watch.

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **Display** > **Font**.

Touch sensitivity

Set the Watch to allow use of the touch screen with gloves on.

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **Advanced** > **Touch sensitivity**.
3. Tap  **OK** to enable this feature.

DRAFT-FOR INTERNAL USE ONLY

Device maintenance

View the status of your device's battery, storage, and memory. You can also automatically optimize your device's system resources.

Date and time

You can set the date and time manually.

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **General > Date and time**.
 - **Set date**: Set the date manually.
 - **Set time**: Set the time manually.
 - **Select time zone**: Select the time zone manually.

Note: The Date and time options are available when your Watch is not connected to your mobile device.

DRAFT-FOR INTERNAL USE ONLY

Power saving mode

Activate Power saving mode to save battery power by limiting the Watch's functions.

To save battery power, Power saving mode:

- Uses a grayscale Home screen
- Turns off notifications
- Turns off Wi-Fi
- Limits the maximum performance of the Watch.

To enable Power saving mode:

1. From the Apps screen, rotate the bezel and tap  **Settings** > **Battery** .
2. Tap **Power saving**, and then tap ✓ **OK**.

To disable Power saving mode:

- ▶ From the Home screen, tap **Off**, and then tap ✓ **OK**.

Watch only mode

Activate Watch only mode to save battery power by limiting the Watch's functions to only showing the time.

1. From the Apps screen, rotate the bezel and tap  **Settings** > **Battery** .
2. Tap **Watch only**, and then tap ✓ **OK**.

To disable Watch only mode:

- ▶ Touch and hold the **Power** button for three seconds.

DRAFT-FOR INTERNAL USE ONLY

Reset Watch

Reset settings to their factory default values and delete all data.

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **General** > **Reset**.
3. Tap ✓ **OK**.

Watch status

Access information about the Watch.

1. From the Apps screen of the smartphone, tap  **Galaxy Wearable** > **Settings** tab > **About watch**.
2. Tap an option below:
 - **Update watch software:** Update the Watch to the latest software.
 - **Back up and restore:** Back up the stored data on the Watch or restore backup data.
 - **Legal information:** View the legal information for the Watch.
 - **Unknown sources:** Set the Watch to allow the installation of apps from unknown sources.
 - **Device name:** Change the Watch's name.
 - **Device information:** View identification codes for your Watch.

Lock screen and security

Secure your device and protect your data with Lock screen and security settings.

Set a screen lock

It is recommended that you secure your device using a Screen lock.

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **Security > Lock**.
3. Tap **Type** to select a screen lock type:
 - **Pattern:** Create a pattern that you draw on the screen to unlock your device. This option provides medium security.
 - **PIN:** Set a PIN to use for unlocking the device when it removed from your wrist and the screen is turned off.
 - **None:** Do not lock the screen.
4. Tap **Help** to view help information for using the screen lock feature.

DRAFT-FOR INTERNAL USE ONLY

Security update service

You can update the security policy manually or automatically.

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **Security** > **Security update service**.
 - **Check for updates:** Update the Watch's security policy manually.
 - **Auto update:** Update the Watch's security policy automatically.
 - **Download updates:** Set the Watch to update the security policy automatically when connected to Wi-Fi. Options are Wi-Fi only and Wi-Fi and Mobile data.

Reactivation lock

Set the Watch to require your Samsung account information after being reset. This prevents others from reactivating your device if it is lost or stolen.

1. From the Apps screen of the smartphone, tap  **Galaxy Wearable** > **Settings** tab > **Find My Watch**.
2. Tap **Reactivation lock** and tap **On/Off** to enable.

Control remotely

Control your Watch remotely while both your smartphone and Watch are connected to a network or Bluetooth.

You must be signed in to your Samsung account to enable this feature.

1. From the Apps screen of the smartphone, tap  **Galaxy Wearable** > **Settings** tab > **Find My Watch**.

DRAFT-FOR INTERNAL USE ONLY

2. Tap **Control remotely** and tap **On/Off** to enable.
3. Tap an option:
 - **Locate Watch:** Use your smartphone to scan for the Watch's location.
 - **Lock Watch:** Remotely lock the Watch to prevent unauthorized access.
 - **Reset Watch:** Your Samsung account password is required to remotely delete all personal information stored in the Watch. After the Watch is reset, you cannot restore the information or use the Find My Watch feature.

Accessibility

Accessibility services are special features that make using the device easier for those with certain physical disabilities.

For more information about Accessibility for Samsung products, please contact us at accessibility@sea.samsung.com.

Text to speech

To set accessibility settings related to Text to speech:

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **General > Text-to-speech** and select a mode.
 - **Language:** Choose the language for spoken text.
 - **Speech rate:** Set the speed at which the text is spoken.
 - **Read notifications aloud:** Set the Watch to read out notifications received on your Watch.
 - **Check for updates:** Search for any updates to the Text-to-speech feature.

DRAFT-FOR INTERNAL USE ONLY

Other settings

Configure features on your device that make it easier to use.

Custom shortcut

You can set up a custom shortcut when the Home key is double pressed.

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **Advanced** > **Double press Home key**, and select an action to perform.

DRAFT-FOR INTERNAL USE ONLY

Wake-up gesture

Change the Watch's button and motion settings.

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **Advanced** and select an option to customize:
 - **Wake-up gesture:** Set the Watch to turn on the screen when you raise your wrist.
 - **Bezel wake-up:** Set the Watch to turn on the screen when you rotate the bezel.

Watch info

View the Watch's information.

1. From the Apps screen, rotate the bezel and tap  **Settings**.
2. Tap **About watch** to view information about your Watch.
 - **Device information:** Access information about the Watch.
 - **Model number:** Check your Watch's model number.
 - **Storage:** Check the available storage space.
 - **Software information:** Check your Watch's software version and security status.
 - **Battery information:** Check the Watch's battery voltage and capacity.
 - **Open source licenses:** View the guide for checking the Watch's open source license.

DRAFT-FOR INTERNAL USE ONLY

- **Report diagnostic and usage info:** Give consent to provide diagnostic and usage data to Samsung to help improve the quality and performance of its products and services.
- **Debugging:** Activate or deactivate USB debugging mode when developing apps for the Watch.

DRAFT-FOR INTERNAL USE ONLY

Intellectual property

All Intellectual Property, as defined below, owned by or which is otherwise the property of Samsung or its respective suppliers relating to the Product, including but not limited to, accessories, parts, or software relating thereto, is proprietary to Samsung and protected under federal laws, state laws, and international treaty provisions. Intellectual Property includes, but is not limited to, inventions (patentable or unpatentable), patents, trade secrets, copyrights, software, computer programs, and related documentation and other works of authorship.

You may not infringe or otherwise violate the rights secured by the Intellectual Property. Moreover, you agree that you will not (and will not attempt to) modify, prepare derivative works of, reverse engineer, decompile, disassemble, or otherwise attempt to create source code from the software. No title to or ownership in the Intellectual Property is transferred to you. All applicable rights of the Intellectual Property shall remain with Samsung and its suppliers.

Open source software

Some software components of this product, including but not limited to 'PowerTOP' and 'e2fsprogs', incorporate source code covered under GNU General Public License (GPL), GNU Lesser General Public License (LGPL), OpenSSL License, BSD License and other open source licenses. To obtain the source code covered under the open source licenses, please visit: opensource.samsung.com

DRAFT-FOR INTERNAL USE ONLY

Disclaimer of warranties; exclusion of liability

The information below explains that a user accepts this Product as sold, including the hardware and software components as created and packaged for sale. If the user changes these parameters through a unique modification, Samsung will not be held responsible for damages or issues that result from these end-user changes.

Except as set forth in the Standard Limited Warranty that accompanies the Product, the purchaser takes the product “as is”, and Samsung makes no express or implied warranty of any kind whatsoever with respect to the Product, including but not limited to the:

- merchantability of the Product or its fitness for any particular purpose or use;
- design, condition or quality of the Product;
- performance of the Product;
- workmanship of the Product or the components contained therein; or
- compliance of the Product with the requirements of any law, rule, specification or contract pertaining thereto.

Nothing contained in the User Manual shall be construed to create an express or implied warranty of any kind whatsoever with respect to the Product. In addition, Samsung shall not be liable for any damages of any kind resulting from the purchase or use of the Product or arising from the breach of the express warranty, including incidental, special or consequential damages, or loss of anticipated profits or benefits.

Modification of software

Samsung is not liable for performance issues or incompatibilities caused by your editing of registry settings, or your modification of Operating System (OS) software.

Using custom OS software may cause your device and applications to work improperly. Your carrier may not permit users to download certain software, such as custom OS.

Samsung Knox

Samsung Knox is Samsung's security platform and is a mark for a Samsung device tested for security with enterprise use in mind. Additional licensing fee may be required. For more information about Knox, please refer to: samsung.com/us/knox.

Maintaining water and dust resistance

CAUTION! To avoid electric shock and damage to your device, do not charge device while it is wet or in an area where it could get wet. Do not handle device, charger or cords with wet hands while charging.

This device is rated 5ATM. Your device is water resistant up to 50 meters per ISO standard 22810:2010. Not intended for scuba diving. Avoid excessive, sudden temperature changes, and high velocity activities. Falls and shocks may breach integrity. After use in sea water, rinse in fresh water and dry device. Despite this classification, your device is not impervious to water damage in any situation. It is important that all compartments are closed tightly.

Note: If any liquid is found to have entered your device components or an internally sealed system, this condition will void your device warranty.

DRAFT-FOR INTERNAL USE ONLY

Follow these tips carefully to prevent damage to the device.

- Whenever your device gets wet, dry it thoroughly with a clean, soft cloth. Failure to rinse the device in fresh water and dry it as instructed may cause the device to suffer from operability or cosmetic issues.
- Do not expose the device to water at high pressure.
- If the device is dropped or receives an impact, the water and dust resistant features of the device may be damaged.

Note: This device passed military specification (MIL-STD-810G) testing against specific conditions, including drops from 4.9 feet, extreme temperatures, dust, shock/vibration, and low pressure/high altitude. Device may not perform as described in all extreme conditions.
