Introduction

With the Kasa Spot Pan Tilt connected to your home network, you can get the full picture of any space in your apartment, dorm or home. With a 360° horizontal view and 113° vertical view, the Pan Tilt has everything covered. With Motion Tracking and Patrol Mode, track activity from beginning to end and set multiple distinct viewpoints for your camera to monitor at set intervals.

- **Crystal Clear Video** – Sharp and clear 1080p Full HD provides high-quality video right in the palm of your hand.
- **Pan and Tilt** – Swipe up, down, left and right on your phone to rotate and set the camera's point of view.
- **Motion Tracking** – When motion activity is detected, Kasa Spot Pan Tilt tracks and follows the subject to keep it within the camera's field of view.
- **Secure Local Storage** – Save your footage on a microSD card and play back with your Kasa Smart app.
- **Patrol Mode** – Set 4 distinct viewpoints and program your pan tilt camera to keep an eye on each region at intervals of your choosing.
- **Night Vision** – Even in the dark, the camera has Night Vision up to 30 feet. Never miss a thing at night and still get the same high-quality video you're used to.
- **Instant Activity Alerts** – No need to check your Kasa Spot Pan Tilt throughout the day. Get automatic alerts when it detects motion. Take quick action when you see your pet on the couch, a roommate walking through your room, or an intruder enter your front door.
- **Two-Way Audio** - Use crisp two-way audio to communicate with nosy roommates, family or even mischievous pets.
- **Activity Zones** - Control what alerts you receive by creating up to 16 custom activity zones, at no charge, around areas that are important to you.
- **24/7 Recording** - Support continuous video recording with a SD card inserted to your Kasa Spot Pan Tilt.

Appearance

Kasa Spot Pan Tilt has a system LED that changes color according to its status, a lens, microphone, speaker, micro USB port, a SD card slot and a RESET button. Refer below for details.

System LED

- **Solid orange:**
Rebooting
- **Blinking orange and green:**
Ready for setup
- **Blinking red:**
Connecting to Wi-Fi
- **Blinking green:**
Connected to Wi-Fi
- **Solid green:**
Connected to the cloud
- **Blinking orange:**
Camera resetting

Microphone

Built-in internal microphone.
Note: Do NOT insert objects into the hole.

Speaker

The sound comes out of the camera.

Power Port

Connect the power adapter provided.

microSD Card Slot

Insert a microSD card* for recording.
*microSD card not included.

RESET Button

Tilt your camera lens up to find the RESET button.
Press and hold the reset button for 5 seconds until the LED blinks orange and green.

Set Up Your Camera

Follow the steps below to get started with your new camera.

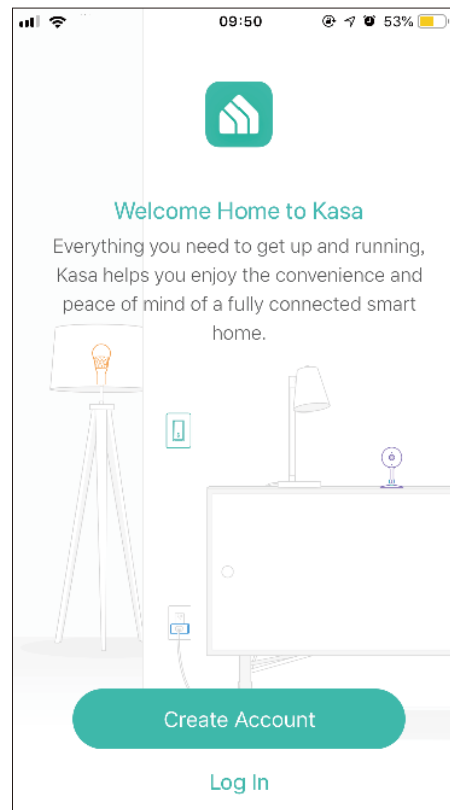

Step 1. Download Kasa

Get the [Kasa Smart](#) app from the App Store or Google Play, or by scanning the QR code below.

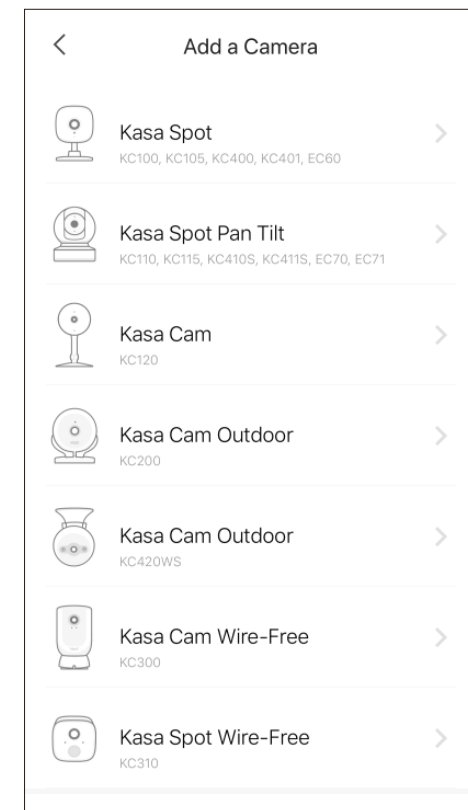

Step 2. Log In

Open the app, and log in with your TP-Link ID. If you don't have an account, create one first.

Step 3. Start Setup

Tap the ⊕ button in the Kasa app and select [Cameras > Kasa Spot Pan Tilt](#).

Step 4. Configure Camera

Follow app instructions to configure your camera and add it to your home network.

Step 5. Place Camera

Place your camera on a flat surface, or install it on a wall or ceiling with the provided indicator label and mounting screws.

- For soft surface: Directly screw the screws in.
- For cement wall: Drill two holes* with the help of indicator label, insert the plastic expansion tubes into holes and screw the mounting screws into the expansion tubes.

* Diameter of the holes: 6 mm (15/64 in.)

Unit: mm

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/ TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.

FCC RF Radiation Exposure Statement

This equipment complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. This device and its antenna must not be co-located or operating in conjunction with any other antenna or transmitter.

"To comply with FCC RF exposure compliance requirements, this grant is applicable to only Mobile Configurations. The antennas used for this transmitter must be installed to provide a separation distance of at least 20 cm from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter."

We, **TP-Link USA Corporation**, has determined that the equipment shown as above has been shown to comply with the applicable technical standards, FCC part 15. There is no unauthorized change is made in the equipment and the equipment is properly maintained and operated.

外殼	○	○	○	○	○	○

電源供應器	—	○	○	○	○	○
其他及其配件	—	○	○	○	○	○

備考 1. “超出 0.1 wt %” 及 “超出 0.01 wt %” 係指限用物質之百分比含量超出百分比含量基準值
 Note 1: “Exceeding 0.1 wt %” and “exceeding 0.01 wt %” indicate that the percentage content of the restricted substance exceeds the reference percentage value of presence condition.
 備考 2. “○” 係指該項限用物質之百分比含量未超出百分比含量基準值。
 Note 2: “○” indicates that the percentage content of the restricted substance does not exceed the percentage of reference value of presence.
 備考 3. “—” 係指該項限用物質為排除項目。
 Note 3: The “—” indicates that the restricted substance corresponds to the exemption.

Safety Information

- Keep the device away from water, fire, humidity or hot environments.
- Do not attempt to disassemble, repair, or modify the device.
- Do not use damaged charger or USB cable to charge the device.
- Do not use any other chargers than those recommended
- Do not use the device where wireless devices are not allowed.
- Adapter shall be installed near the equipment and shall be easily accessible.
- Use only power supplies which are provided by manufacturer and in the original packing of this product. If you have any questions, please don't hesitate to contact us.
- This product uses radios and other components that emit electromagnetic fields. Electromagnetic fields and magnets may interfere with pacemakers and other implanted medical devices. Always keep the product and its power adapter more than 15 cm (6 inches) away from any pacemakers or other implanted medical devices. If you suspect your product is interfering with your pacemaker or any other implanted medical device, turn off your product and consult your physician for information specific to your medical device.
- Operating Temperature: 0 °C~ 40 °C (32°F ~ 104°F)

Please read and follow the above safety information when operating the device. We cannot guarantee that no accidents or damage will occur due to improper use of the device. Please use this product with care and operate at your own risk.

Explanation of the symbols on the product label

Symbol	Explanation
	Alternating current
