

Quick Start Guide

Mini Smart Wi-Fi Plug

OR

©2024 TP-Link 7106511280 REV1.0.0

Getting Started

1. Get the **Tapo** app from the App Store or Google Play.
2. Follow the instructions in the Tapo app to complete the setup.

How to Reset the Plug

Press & hold for 5s:
Reset Wi-Fi while keeping previous settings

Press & hold for 10s:
Factory reset the plug

Supported Load Types

Load Type	Max Current	Max Power (at 230V~)
Steam Iron	16 A	3200 W
Kettle	16 A	3200 W
Heater	16 A	2500 W
Toaster	16 A	2500 W
Coffee Maker	16 A	2000 W
Desk Lamp	0.75 A	80 W
TV	2 A	350 W
PC	3.5 A	600 W
Fan	1 A	150 W
Water Pump	3 A	550 W
Power Adapter / USB Charger	1.2 A	200 W

Note:

1. Avoid plugging your appliances with a motor/compressor higher than 3/4 HP, such as an air conditioner. Frequent on/off switching may damage the compressor. You can check the motor/compressor value listed on your appliances or consult their Support.
2. EV charging is not supported as it demands higher power and a charging current that surpasses the plug's rated capacity.

Third-Party Services

Tapo works with Alexa, Google Assistant, Samsung SmartThings, and other third-party services to control your smart plug by voice. You can go to **Me > Third-Party Services** in the Tapo app to set up as you need.

Rating:

100-240V, 50/60Hz, 16A

Safety Information

- Please keep this instruction manual.
- This device is intended for indoor use only. Plug the device into a suitable outlet.
