Smart Lighting Controls

Schedule your light strip for effortless automation. Combine it with other Tapo devices for seamless control, especially when you're sprucing up your home with consistent lighting.

// Features

- **No Hub Required** - Connect to your home's secure Wi-Fi network. No need for a hub or extra equipment.

- **Sync-to-Sound** – Bounce to the beat of your favorite tunes. Coordinate the vibrant colors to your songs and fill your life with energy.

- **Wind Down at Night** – Install the Light Strip to relax your body and mind through a mood-setting atmosphere.

- **Connect It Your Way** - Use it with your smart assistant, a hub, or connect directly to the Tapo App. Control the Light Strip however you want.

- **Flexible Installation*** – Cut it to whatever length you want and attach it to any surface with the 3M adhesive.

  *Once cut, it cannot be reattached. Prevent accidental shocks by removing its power and then cutting along the strip's indicator lines.

- **Preset for Convenience** - Found your favorite lighting for watching movies? Save it as a setting you can simply select for future movie nights.

- **Schedule & Timer** - Create schedules and count plans to turn on/off with the brightness/color you set.

- **Away Mode** – Simulate someone being at home to frighten away, unwanted visitors.

- **Voice Control** - Use simple voice commands to control your light strip with Alexa or Google Assistant.
