// Highlights

Wonderful Lighting Effects

Pick from a variety of animated effects for a unique lighting experience. Multicolor LEDs allow you to create your own ambiance in tons of fun colors and levels of brightness.

Sync-to-Sound

Watch as the lights come alive, dancing and bouncing to the beat, creating a mini-festival right in your own home. Elevate your entertainment experience as sound and light merge, giving rise to an unforgettable sensory spectacle.

// Highlights

Wonderful Lighting Effects

With our high-quality LED light beads, the high-lumen brightness delivers enhanced illumination for a wide range of applications, while ensuring true white colors for optimal lighting.

// Features

- **Custom Color Zones** - Have the lights match your mood, with different color zones to fill the room with lights the way you want it.

- **Made for Everyday Wear and Tear** - The strip's durable PU coating prevents moisture and dust intrusion and electrical leaks.

- **No Hub Required** - Connect to your home's secure Wi-Fi network. No need for a hub or extra equipment.

- **Sync-to-Sound** - Bounce to the beat of your favorite tunes. Coordinate the vibrant colors to your songs and fill your life with energy.

- **Flexible Installation*** – Cut it to whatever length you want and attach it to any surface with the 3M adhesive.
  *Once cut, it cannot be reattached. Prevent accidental shocks by removing its power and then cutting along the strip's indicator lines. Please cut the LED strip according to the recommended positions, as warranty coverage may be voided otherwise.

- **Away Mode** – Simulate someone being at home to frighten away, unwanted visitors.

- **Preset for Convenience** - Found your favorite lighting for watching movies? Save it as a setting you can simply select for future movie nights.

- **Schedule & Timer** - Create schedules and count plans to turn on/off with the brightness/color you set.

- **Connect It Your Way** - Use it with your smart assistant, a hub, or connect directly to the Tapo App. Control the light strip however you want.

- **Voice Control** - Use simple voice commands to control your light strip with Alexa or Google Assistant.

- **Wind Down at Night** – Install the light strip to relax your body and mind through a mood-setting atmosphere.

- **Whiter Whites for General Lighting** – Appreciate high-lumen white lighting of the brightest & cleanest quality, meeting your daily work and relaxation needs.
