

Addressing students' tech demands with the Schools Leasing Framework

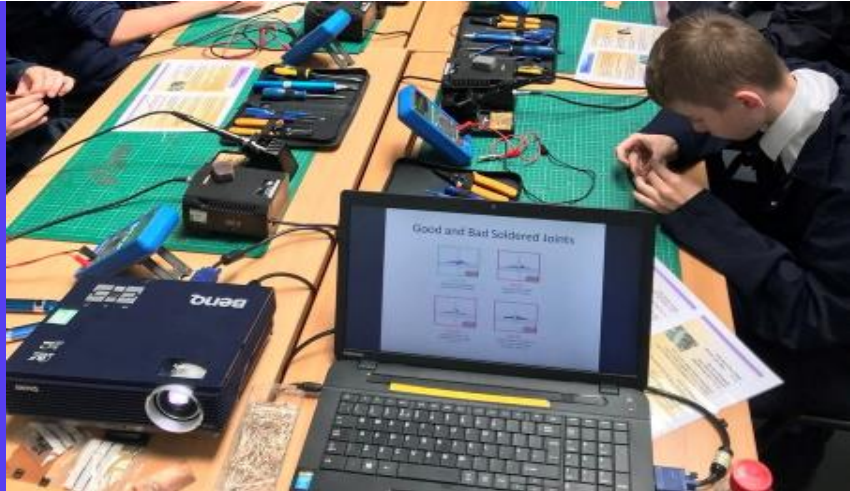

ST PETER'S CATHOLIC
HIGH SCHOOL

Established in 1960, St Peter's Catholic High School in Wigan, Greater Manchester, caters for students from the ages of 11 to 16 and is one of the few Catholic comprehensive schools in the area.

Since 2020, St Peter's has been using the DfE recommended Schools Leasing Framework to fund its IT equipment.

In 2021, the school leased 32 Lenovo V50 laptops and wireless equipment on a 4-year subscription.

Financing

32 Lenovo Laptops and wireless equipment

4-year

compliant lease with annual rentals

3 weeks

from lease request to roll out of equipment

Using the services of Econocom means that we can purchase much needed equipment for the School without having to worry about covering the 'whole costs' upfront. We are reassured by their lease prices (i.e. we aren't getting ripped off) and that they offer another level of due diligence before we go ahead and commit with our preferred suppliers. Econocom's application process is very easy to navigate and there is always a quick turnaround to our applications. I now use their Services annually.

Matt Roberts, School Business Manager – St Peter's Catholic High School
