Climate & Infrastructure

OPEN CALL FOR EXPRESSION OF INTEREST TO SELECT FINANCIAL INTERMEDIARIES

Supporting risk capital for climate and infrastructure investments in Europe

Published on 22/04/2022

Updated on 05/07/2024

This Open Call for Expression of Interest (CEoI), launched by the European Investment Fund (EIF) in cooperation with the European Commission (EC), aims at selecting eligible financial intermediaries under the framework of InvestEU for providing equity investments in support to risk capital investments into Climate & Infrastructure Funds (InvestEU Climate & Infrastructure).

All applications for an equity investment submitted by applicant financial intermediaries to the EIF shall conform to the terms of this CEoI and relevant Annexes. The CEoI shall remain open for applications until 30th June 2027 or any earlier date notified by EIF on the EIF website.

These documents and information are indicative, non-binding, published for information purposes and may be subject to change. None of the information contained herein constitutes a commitment from the EIF. All capitalised terms and expressions shall have the meaning attributed to them in this CEoI document, or as defined in the relevant annexes hereto, as appropriate.

1 InvestEU Climate & Infrastructure

What is the InvestEU Climate & Infrastructure product about and who is it for?

On 24 March 2021, Regulation (EU) No 2021/523 of the European Parliament and of the Council establishing the InvestEU Programme¹ was adopted.

Pursuant to the legal agreement between the European Union (EU), the European Investment Bank (EIB) and the EIF dated 7 March 2022 (InvestEU Agreement), the EIF has been entrusted by the EU to implement part of the InvestEU Programme through various financial products, including equity products to improve access to finance for EU companies.

Under InvestEU Climate & Infrastructure product, the EIF will provide equity investments to, or alongside, climate & infrastructure funds² investing in one or more of the thematic strategies (see section 2).

Investments supported by InvestEU Climate & Infrastructure aim to:

- a. Address market gaps and suboptimal investment situations in areas of EU policy priorities, **ensure availability of capital**, more **diversified** and **balanced infrastructure fund equity** markets;
- b. Increase the gender balance, intensify financing in less developed EU regions, commit strongly towards climate action and environmental sustainability.

Under InvestEU Climate & Infrastructure, the EIF will make investments into or alongside financial intermediaries, broadly on the terms set out in the relevant **Annex II to the CEoI**.

2 Investment strategies supported

How does InvestEU support Climate & Infrastructure?

Under InvestEU Climate & Infrastructure, the EIF will make investments that aim to make a relevant contribution to the EU Green Deal by investing through funds in greenfield/brownfield backbone infrastructure and industrial ecosystems in energy, transport, environment, digital connectivity, space and social infrastructure.

The Climate & Infrastructure product shall support intermediated interventions through equity investments namely in funds (including funds-of-funds), special purpose vehicles, in any form (including managed accounts and other types of contractual arrangements).

The scope of InvestEU Climate & Infrastructure product is determined by specific sectors of activity, defined as **Target Areas** and comprised under seven **Thematic Strategies** as further presented below. A financial intermediary applying to InvestEU Climate & Infrastructure will therefore be expected to address in their investment strategy one or more of the following **Thematic Strategies**:

1. **Clean Energy Transition – Climate** investments that foster the development of solutions in the following areas, including but not limited to: renewable energy generation, transmission, distribution and storage; storage and hybrid renewables; renewable infrastructure exposed to demand and price risk; energy efficiency; cross-border energy infrastructure / Projects of Common Interest (PCI); projects that support the decarbonisation of and substantial reduction of emissions of energy-intensive industries.
2. **Sustainable Transport** investments that foster the development of solutions in the following areas, including but not limited to: general transport infrastructure; cleaner, safe and smart mobility; the development of the trans-European transport network (TEN-T).
3. **Environment and resources** investments that foster the development of solutions in the following areas, including but not limited to: natural capital and circular economy infrastructure; bioeconomy.

¹ InvestEU | InvestEU (europa.eu)

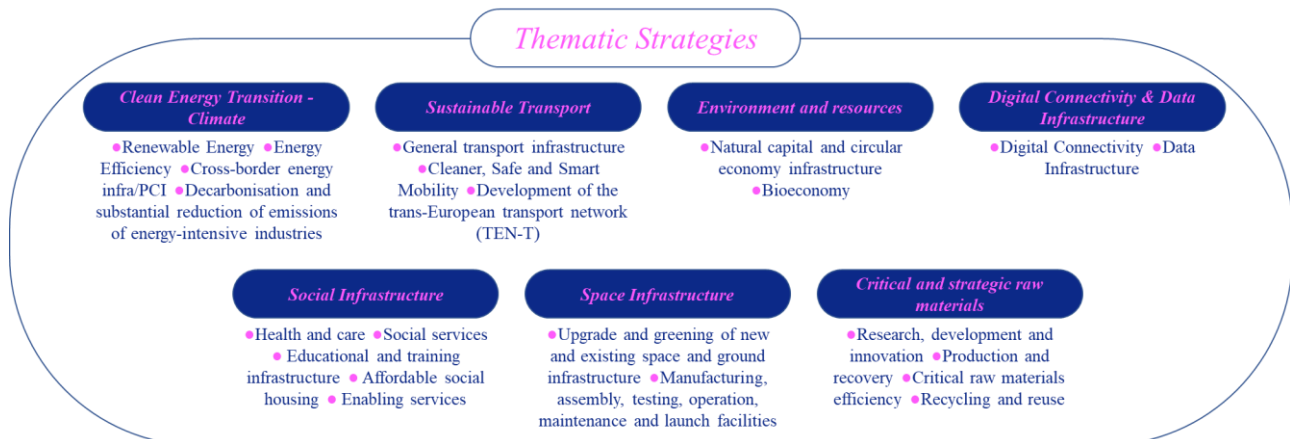

² including funds-of-funds, special purpose vehicles, (co)-investment funds or (co)-investment schemes, funds managed or advised by the EIF, in any form (including managed accounts and other types of contractual arrangements).

4. **Digital Connectivity & Data Infrastructure** investments that foster the development of solutions in the digital economy and data infrastructure.
5. **Social Infrastructure** investments that foster the development of solutions in the following areas, including but not limited to health and care, social services, educational and training infrastructure, affordable social housing, enabling services.
6. **Space Infrastructure** investments that foster the development of solutions in the following areas: the development, upgrade and greening of new and existing space and ground infrastructure including, but not limited to, manufacturing, assembly, testing, operation, maintenance and launch facilities (e.g. green materials and propellants, re-usable components, green propulsion systems, etc.) and solutions for spacecraft de-orbiting and de-commissioning.
7. **Critical and strategic raw materials**³ investments support the development of the critical and strategic raw materials value chain, including but not limited to research, development and innovation of innovative solutions, production and recovery of critical raw materials, efficiency, and recycling/reuse of critical raw materials.

Under each of these Thematic Strategies a number of verticals have been identified as **Target Areas**. **Prospective financial intermediaries applying under this CEoI will be required to address in their investment strategies one or more of the following Target Areas**. These Target Areas are defined in detail in the Annex II to this CEoI.

Invest Climate & infrastructure Funds

Investing through funds in backbone infrastructure and industrial ecosystems through seven Thematic Groups

In addition to the applicant's focus on the Target Areas, the applicants are requested to consider the following other policy priorities ("**Horizontal Priorities**") in the context of their application, as relevant in the context of their investment strategies and set-up:

- the willingness and ability of the prospective financial intermediary to adhere to **Gender Criteria** which support the Commission's Gender Smart Initiative,
- the extent to which the prospective financial intermediary investment strategy covers Member States classified according to the *European Innovation Scoreboard 2021* as **Modest and emerging innovator countries**⁴,

in each case as further described in the Annex II to this CEoI.

³ Critical Raw Materials Act - European Commission (europa.eu)

⁴ <https://ec.europa.eu/docsroom/documents/46013/attachments/1/translations/en/renditions/native>

The degree to which the financial intermediary's strategy contributes to one or more of the Horizontal Priorities and addresses the Target Areas, set out above where relevant, will determine the policy fit of the applicant, as further set out in section 9 of this CEoI.

3 The form of InvestEU Climate & Infrastructure investment

How does the InvestEU Climate & Infrastructure Product invest in financial intermediaries?

The EIF will implement InvestEU Climate & Infrastructure according to an intermediated model, entailing investments in or alongside selected financial intermediaries investing directly into a fund **always ranking pari-passu** (like-risk-like-reward) with other investors investing in the same risk class, as further detailed in the Annex II.

4 Eligible financial intermediaries

Who is the InvestEU Climate and Infrastructure product for?

This CEoI is addressed and restricted to interested parties, including but not limited to, investment funds, fund-of-funds, in any form (including managed accounts and other types of contractual arrangements), special purpose vehicles, in any form, established or to be established, and that may only invest in funds seeking equity-level returns by deploying capital through equity and quasi-equity instruments (including subordinated debt and mezzanine instruments) excluding entities targeting buy-out (or replacement capital) intended for asset stripping. Such parties may qualify to become financial intermediaries as further specified in the Annex II to the CEoI.

Financial intermediaries benefiting from InvestEU Climate & Infrastructure product may be:

In order to be considered for the InvestEU Climate and Infrastructure selection, all financial intermediaries, including the managers thereof, shall:

- a) represent that **they are not in any of the Exclusion Situations**, as further described in the relevant Annexes;
- b) **comply with relevant international and EU standards and legislation**, as applicable, on the prevention of money laundering, the fight against terrorism, tax fraud, tax evasion and artificial arrangements aiming at tax avoidance and shall not perform any illegal activities, and
- c) **not be established in a Non-Compliant Jurisdiction**, unless the operation is physically implemented in the relevant Non-Compliant Jurisdiction and does not present any indication that it supports actions that contribute to Targeted Activities under the EIB Group NCJ Policy⁵;
- d) not be subject to Restrictive Measures as defined in the relevant Annexes.

5 Compliance and integrity principles

Policies and guidelines to consider when submitting an application for InvestEU Climate and Infrastructure

The EIB Group Anti-Fraud Policy⁶, the EIB Group Policy towards Weakly Regulated, Non-transparent and Non-cooperative Jurisdictions and Tax Good Governance⁷ (EIB Group NCJ Policy), the EIB Group Anti-Money Laundering and Combating Financing of Terrorism Policy⁸ (EIB Group AML-CFT Policy), the EIF

⁵ Targeted Activities under the EIB Group NCJ Policy, which means (i) criminal activities such as money laundering, financing of terrorism, tax crimes (i.e. tax fraud and tax evasion) and (ii) tax avoidance practices (i.e. wholly artificial arrangements aimed at tax avoidance).

⁶ <https://www.eib.org/en/publications/anti-fraud-policy>

⁷ <https://www.eib.org/en/publications/eib-policy-towards-weakly-regulated-non-transparent-and-uncooperative-jurisdictions>

⁸ <https://www.eib.org/en/publications/eib-group-anti-money-laundering-and-combatting-the-financing-of-terrorism-policy>

Transparency Policy⁹, EIF Policy on Exclusions and Restrictions,¹⁰ the EIF Environmental, Social and Corporate Governance (ESG) Principles¹¹ and the EIB Group Whistleblowing Policy¹², shall apply to the investments made in the context of InvestEU.

The EIB Group is committed to continue maintaining a stringent policy against tax fraud, tax evasion, tax avoidance as well as money laundering and terrorism financing.

All EIF Operations are assessed in line with the standards of the due diligence process promoted by the EIB Group AML-CFT Policy and the EIB Group NCJ Policy. Operations with NCJ links are subject to enhanced due diligence to determine whether:

- a) the levels of transparency and integrity of the relevant operation are satisfactory to the EIB Group (in particular the contracting counterparty/ies and their beneficial owners must be clearly identified),
- b) the contracting counterparty/ies can provide plausible justifications for the NCJ location link or
- c) there is a risk that the operation is (or may be) misused for Targeted Activities under the EIB Group NCJ Policy¹³.

The enhanced due diligence may consider, on a risk-sensitive basis and as applicable, relevant elements of the Anti-Tax Avoidance Toolbox in Appendix 1 to the EIB Group NCJ Policy.

All applicants are therefore hereby notified that in the course of the EIF tax integrity due diligence process, information on contracting counterparty's full ownership diagram, including all direct/indirect 10% (or more) Ultimate Beneficial Owners (or deemed controlling), may be requested and that additional questions may arise as part of this process.

For more information, please refer to the FAQ on the EIB Group NCJ Policy¹⁴.

6 Application process

What and how to submit your expression of interest for an InvestEU Climate & Infrastructure Investment?

Interested applicants shall submit **before 30 June 2027** a formal Expression of Interest via the EIF InvestEU Climate and Infrastructure webpage¹⁵. The deadline applies to the reception of the application by the EIF. For the avoidance of doubt, the EIF does not accept paper applications.

The Expression of Interest shall be submitted to the EIF in the form of Annex I to the CEoI published on the call documentation. The selection of financial intermediaries will be made by the EIF based on its internal procedures for investments into or alongside funds, and also according to certain selection criteria described in *Section 9 Assessment Criteria*.

An acknowledgement of receipt shall be sent to the applicant by the EIF, which shall confirm that the Expression of Interest was received. Such acknowledgement of receipt shall not be construed as a declaration of completeness of the Expression of Interest and the documents submitted therewith, nor any kind of assessment or acceptance of the same.

The expressions of interest submitted via EIF InvestEU Climate and Infrastructure webpage¹⁶ shall:

1. Contain the **Annex I Expression of Interest** duly dated and signed;
2. Include the **minimum information required** and any additional documentation (e.g. private placement memorandum, slide deck) – as described further below;
3. Be prepared in English.

To the extent not already held by the EIF investment teams prior to submission of Annex I, the applicant financial intermediary shall make available to the EIF the relevant documents¹⁷ covering the points listed below, which are considered the **minimum information required** for the selection process:

- | | |
|--|------------------------------|
| - Management team | - Geographical scope |
| - Composition of the investment committee of the fund/Senior investment team | - Fund size |
| - Investment strategy | - Legal/governance structure |
| - Track record | - Proposed terms |
| - Target market | - Expected returns |
| - Deal flow | - Other investor(s) |
| - Target sectors (incl. Targeted Areas and Horizontal Priorities) | - Timing of fund raising |
| | - Exit Strategy |

The EIF reserves the right at any time to request clarifications or the submission of additional or supplementary information in respect of an application, verify with any applicant or with a third party any information set out in any submission.

The EIF shall analyse and may provide answer in a form of direct response to the applicants and/or by publishing the resulting answers in the form of **Frequently Asked Questions (“FAQ”)** in the InvestEU Climate and Infrastructure webpage. The EIF reserves the right to update the FAQ document from time to time as and when it regards appropriate.

The EIF reserves the right, at any time to:

- make changes to the CEoI, the selection process or associated terms, dates and deadlines;
- replace the CEoI with another call for expression of interest;

¹⁵ www.eif.org/investeu

¹⁶ InvestEU Climate and Infrastructure Funds – online application (eif.org)

¹⁷ Information may be covered by a PPM (private placement memorandum, slide deck, etc).

- cancel the CEoI in its entirety.

The applicants may withdraw their expression of interest at any stage of the selection process and may send questions regarding the CEoI to the address provided in the **Acknowledgement of Receipt email (“AoR”)** received upon submission of the application.

7 Applications where investment is also requested from Other Implementing Partners

The EIB Group (comprised of the EIB and EIF) – being the main InvestEU implementing partner - will manage 75% of the EU budgetary guarantee under the InvestEU Programme and the same share of the advisory budget under the InvestEU Advisory Hub.

In addition to the EIB and EIF, other international financial institutions active in Europe and national promotional banks and institutions are also implementing InvestEU (25% in total) to support investment schemes and projects in dedicated regions/countries (such entities “Other Implementing Partners”). The list of Other Implementing Partners can be consulted at the following [link](#)¹⁸.

When applying under this CEoI, the prospective financial intermediaries shall indicate in their Expression of Interest (Annex I to the CEoI) whether they have solicited or intend to solicit investments by one or more Other Implementing partners. Those Other Implementing Partners could co-invest in some of the InvestEU supported intermediated equity operations alongside EIF subject to conditions relative to the features of the InvestEU programme.

Prospective financial intermediaries that intend to seek Invest EU support from Other Implementing Partners must contact them directly and inform such Other Implementing Partners about their application to EIF.

Under this CEoI EIF does not make any assessment on behalf of Other Implementing Partners. The documentation that is submitted by prospective financial intermediaries under this CEoI is assessed by EIF solely in the context of EIF’s potential investment and is not transferred to Other Implementing Partners.

8 Selection process

What are the steps and considerations of the EIF selection process?

The applicant financial intermediaries will be selected with due consideration to the general principles of transparency, equal treatment and non-discrimination, while avoiding conflict of interests in compliance with EIF’s policies, rules, procedures and statutes, and in conformity with best business and market practices.

The EIF shall assess applications on a continuous basis over the implementation period and on a first-come first-serve basis, using professional analysis and judgment, taking into account the terms set out in the relevant Term Sheet of the CEoI, and following the general steps below:

1. Screening (pre-selection)
2. Due diligence, subject to section 10 below
3. Assessment and approval in accordance with InvestEU governance, the EIF’s internal assessment and decision making rules, and
4. Legal negotiations, and
5. Signature

The selection process includes an **EIF commercial assessment** (as set out in Section 9.2), and of the **policy fit** of the applicant (as set out in Section 9.1) of this CEoI.

Any personal data provided by the applicants shall be processed by the EIF in compliance with its Data Protection Statement (EIF statement on the processing operations of applicants and Investment Funds’

personal data, as published on the EIF's website) and Regulation (EU) 2018/1725 on the protection of natural persons with regard to the processing of personal data by the Union institutions, bodies, offices and agencies and on the free movement of such data, as amended from time to time. For further information visit [Data Protection Statement](#)¹⁹.

In any phase of the selection process, the EIF reserves full discretion over the selection process and no applicant may have any claim or other right or may expect to be ultimately selected. The start of a due diligence process or the negotiation of terms and conditions does not entail any obligation for the EIF to enter into an agreement with the relevant applicant. The selection of an applicant will depend, inter alia, on the budget available for the InvestEU Climate and Infrastructure Product and other considerations made by the EIF such as, without limitation, outcome of the due diligence and result of negotiations with the applicant.

9 Assessment criteria

Policy and commercial assessment criteria applicable to InvestEU Climate and Infrastructure applications

When submitting the proposal in response to the InvestEU Climate & Infrastructure CEoI, applicants are asked to provide an outline of their investment proposal. Financial intermediaries' applications will be assessed on the basis of a *policy fit assessment and a commercial assessment*. The sections 9.1 and 9.2 below list the criteria that will be taken into consideration during the evaluation of the application by the EIF.

The *commercial assessment* and the *policy fit assessment* criteria set out in this section 9 are assessed at the discretion of EIF, which means that the pre-selection process does not give specific weight to any one of these criteria.

Based on the *policy fit assessment* EIF may assess an application as "High", "Medium" or "Low". Applications assessed as "Low" are not to be considered further under this CEoI. In such case, the investment proposal may be supported by EIF under other available mandates or investment framework, at EIF's discretion, as communicated by the EIF to an applicant or it may be rejected. Applications assessed at least "Medium" will be considered for selection subject to the outcome of the commercial assessment.

Based on a *commercial assessment*, at any stage of the selection process, the EIF will determine whether the investment proposal is investable or not by the EIF. In case the application is assessed as non-investable, the application is rejected and is not further considered by the EIF.

In any phase of the selection process until and prior to entering into a fund agreement with an applicant, the EIF reserves full discretion as to whether to consider or not consider an applicant, and no applicant shall have any claim or other right or may expect to be ultimately selected as a Financial Intermediary. Any negotiation of terms and conditions of the fund agreement by no means entails any obligation for the EIF to enter into such fund agreement with the relevant Applicant.

At any stage of process, the EIF may communicate, via e-mail, to the relevant applicants whether their Expression of Interest has been taken forward, put on a reserve list or rejected.

Those applicants, whose Expression of Interest is rejected at any stage of the selection process, shall have the right to submit a written complaint by e-mail to complaints@eib.org, within thirty (30) days of receipt of the rejection notice. Any complaints will be dealt within the framework of and in accordance with the EIB Group Complaints Mechanism Policy²⁰.

9.1 Policy fit

The EIF will take into consideration the following points when examining the policy fit of the proposal:

¹⁹ http://www.eif.org/attachments/eif_data_protection_statement_financial_intermediaries_due_diligence_en.pdf

²⁰ EIB Group Complaints Mechanism Policy

- a) The extent to which proposed investment strategy covers final recipients **established and operating in an EU Member State, in an OCT²¹ or in the territory of Other Participating Countries,²² as applicable,**
- b) The extent to which proposed investment strategy covers **Primary Investments and Eligible Secondary Investments,**
- c) The relevance of the proposed investment strategy and the extent of coverage of one or more of **Target Areas** as described in this CEoI by the proposed investment strategy,
- d) The additional relevance and the extent to which the application addresses one or more of the **Horizontal Priorities,**
- e) The extent to which the investment proposal addresses **unmet or underserved needs in the targeted markets or uses alternative investment mechanisms or channels** addressing such market needs, including but not limited to by exploiting **partnerships and systemic collaboration** in the Target Areas covered by the proposed investment strategy,
- f) The extent of participation of **other investors** in the fund or alongside the fund, in particular of Benchmark Investors, as defined in the termsheet.

9.2 Commercial assessment

The EIF's commercial assessment of the application may consider, inter alia, the following criteria:

Management Team

- a) Relevant experience;
- b) Composition of the team, track record, balance of skills and stability;
- c) Composition of the investment committee of the fund;
- d) Ability to provide relevant added value;
- e) Ability to provide adequate commitment for the life of the fund;
- f) Decision making and governance;
- g) Screening of management team members in accordance with standard market practice and with specific attention to issue related to corrupt, fraudulent, coercive or collusive practices or criminal convictions concerning their professional conduct;
- h) Disclosure of fund manager's key people and ultimate beneficial owners and their respective tax domiciles as per the European AML regulation and the EIB Group AML-CFT Framework and Policy towards weakly regulated, non-transparent and non-cooperative jurisdictions and tax good governance;
- i) Details of the planned carried interest split among the team members of the fund;
- j) Details of the history of the applicant and its previous/existing business activities, particularly describing any activity having potential of conflicts of interest in relation to the fund;
- k) Description of appropriate measures to avoid conflicts of interests and align the interests of the fund, its managers and its investors, such measures to be in line with market practices;
- l) Description of potential conflicts of interest between fund manager and any entity to which the fund manager has outsourced or will outsource any services (including, for the avoidance of doubt, evaluation of investments).

Market

- a) Targeted market segment(s) and market needs;

²¹ means an overseas country or territory linked to a Member State as set out in Annex II to the Treaty on the Functioning of the European Union. Overseas Countries and Territories | International Partnerships (europa.eu).

²² Please refer to Annex II to this CEoI for the definition of Other Participating Country and applicability.

- b) Feasibility of origination, and strategy given track record;
- c) Competitors in targeted market segment(s), including other sources of financing;
- d) Differentiation vis-à-vis competitors and unique selling proposition (USP).

Deal Flow

- a) Track record of access to deals;
- b) Volume of deal flow;
- c) Quality of deals and relevance of deal flow to strategy;
- d) Sources of deal flow;
- e) Credibility of plans to develop deal flow.

Investment Strategy

- a) Fund stage, sector and geographical focus;
- b) Number of targeted investments and portfolio / capital allocation model;
- c) Appropriateness of the investment strategy to the market, including the average holding period;
- d) Risk management methodology;
- e) Identification of suitable and achievable exit routes for targeted investments.

Fund size

- a) Fund size (minimum, target and maximum);
- b) Balance between fund size, strategy and expected deal flow;
- c) Adequacy of provision for follow on investments.

Proposed terms

- a) Main economic terms, including all management or similar fees, establishment costs, hurdle rate/preferred return, carried interest, catch-up, policy on any monitoring, transaction and similar fees and respective offset with the management fee;
- b) Operational budget of the fund;
- c) Indicative investment from the fund management company and/or the management team into the fund;
- d) Indicative capital commitments from other investors at the level of the fund;
- e) Legal and tax structure

Expected returns²³

- a) Evidence that the fund is to be run on a commercial basis and that it can be expected to be financially viable.

Investor base

- a) Pari-passu ranking (i.e. like risk, like reward) or asymmetric ranking (i.e. share class or fund unit of the fund benefitting from certain additional protections that reduce investment risk) of market-oriented investors²⁴;
- b) Evidence of support from other investors;

²³ It is being understood that social impact funds are not run with a sole objective of financial sustainability but also focus on delivering social impact and achievement of their social mission.

²⁴ Market oriented investors mean investors operating in circumstances corresponding to the market economy investor principles, irrespective of the legal nature and ownership structure of these investors, being so-called normal economic operators in market economies

- c) Screening and monitoring of co-investors to the extent the information is made available to the EIF and in accordance with standard market practice;
- d) Expected timing of first and final closing.

EIF will also request information, in the form of a questionnaire, on how Environmental, Social, Governance (“ESG”) factors form part of the applicant’s investment decisions and monitoring of investments in order to verify that applied procedures are proportionate to the fund’s sustainability risk profile.

10 Pre-Screening and Due diligence

How is the EIF due diligence process conducted?

The selection of the applicants starts with a pre-screening of the applications received. This is generally based on the material submitted with the expression of interest, as indicated in Section 6.

Pre-selected Applicants will progress to the due diligence process, which will be carried out in accordance with the EIF’s internal rules and procedures.

The aim of the pre-screening and due diligence is to assess the applicant in detail taking into account the criteria for policy fit and commercial assessment set out in section 9 above. The due diligence may comprise, *inter alia*, an on-site visit, meeting with the applicant’s team members, existing investees, referencing, all of which shall be at the discretion of the EIF and in accordance with its internal procedures.

11 Approval process

How is the EIF and InvestEU approval process conducted?

Following positive outcome of the due diligence (and prior to entering into a Fund Agreement with an applicant), the proposal to be supported under InvestEU shall be submitted by the EIF to its relevant decision making bodies for approval.

EIF has no obligation to enter into a Fund Agreement with a selected applicant. The participation of any institution will depend, *inter alia*, on the budget available and other considerations made by the EIF such as result of the contractual negotiations with the applicant. Furthermore, EIF can only enter into operations which have received a favourable decision from the European Commission in the context of the policy check process, and have been approved by the InvestEU Investment Committee.

12 Negotiation and signature

Reaching the signature stage of your application

Subject to and following positive conclusion of the EIF and InvestEU approval process and the finalisation of the contractual documentation with the Applicant, the appropriate fund agreement(s) shall be signed between the applicant and the EIF.

13 Advisory support

Providing expertise and capacity building to financial intermediaries benefiting from InvestEU Climate & Infrastructure alongside financial support on an opt-in basis

Advisory support may be offered by EIF -in cooperation with EIB Advisory Services- to eligible Financial Intermediaries requiring such support for the specific InvestEU Climate and Infrastructure Thematic Strategies.

The respective Advisory Support activities with terms and conditions of participation, will be made available gradually by EIF²⁵ and be posted on a dedicated EIF InvestEU webpage.

14 Climate Action and Environmental Sustainability goals

InvestEU Climate & Infrastructure product contributing towards Climate and Environment

InvestEU Climate & Infrastructure will be a key contributor in reaching the ambitious climate targets set by the EU, notably to the EIB Group targets set in the Climate Bank Roadmap. For that purpose, for the InvestEU support for the Target Areas under Clean Energy Transition – Climate, Sustainable Transport and Environment & Resources Thematic Strategies²⁶, the EIF will implement a climate and environmental tracking framework to account for those investments supported by InvestEU Climate & Infrastructure and contributing to Climate Action and Environmental Sustainability.

Applicants applying to IEU support under the Target Areas of Clean Energy Transition – Climate, Sustainable Transport and Environment & Resources Thematic Strategies are expected to make a contribution to Climate Action and Environmental Sustainability based on the tracking system further specified in Annex II.

15 Sustainability Proofing

Delivering impact and having proof of it

The EIF will perform the Sustainability Proofing assessment of all funds within the SIW, according to the Technical guidance on sustainability proofing for the InvestEU Fund, infrastructure funds.²⁷ The sustainability proofing results will be summarised in the Environmental and Social Datasheet (ESDS)²⁸.

In addition, the Financial Intermediaries selected pursuant to this CoEI will be required to apply the following requirements to all their investments.

“Environmental, Climate and Social Requirements”, or “ECS Requirements” are the environmental and social obligations to be undertaken to ensure that all of the Projects comply with i) the EIB Environmental and Social Standards and the InvestEU Sustainability Proofing Guidance requirements, (ii) applicable Do No Significant Harm technical criteria of the EU Taxonomy in force; (iii) the Minimum Social Safeguards; (iv) the list of EIF Excluded Activities, (v) the list of Unsupported Activities, (vi) applicable EU legislation and/or national legislation related to environment, climate and social issues, and (vii) any other requirements established by the E&S Management System.

16 Publication of information

On the EIF and EU Access to Finance websites

The EIF and the EC shall publish on their websites each year a list of financial intermediaries and final recipients supported by the InvestEU Climate and Infrastructure product, which shall include:

- a) For each financial intermediary, the name, address, the financing form; and
- b) a list of final recipients that received an total investment from EIF supported fund exceeding EUR 500, 000 containing for each company its name, the financing form and the location of the Final Recipient (meaning the address when the Final Recipient is a legal person and the region on NUTS 2 level when the Final Recipient is a natural person).

The publication shall not be required if any financial (sub-)intermediary, prior to signing the fund agreement, declares in writing to the EIF or to the financial intermediary as applicable (including by a representation in

²⁵ Subject to the conclusion of the contractual arrangements between EIB and EIF in respect of IEU Advisory.

²⁶ Without prejudice of Financial Intermediaries applying to investEU Climate & Infrastructure support to other Target Areas proposing to contribute as well to Climate Action and Environmental Sustainability.

²⁷ Commission Notice – Technical guidance on sustainability proofing for the InvestEU Fund (europa.eu)

²⁸ Examples available online: Public register - find a document (eib.org)

the relevant agreement) that the publication requirements set out in this section 16 risk harming its commercial interests or risk threatening the rights and freedoms of the persons or entities concerned as protected by the Charter of Fundamental Rights of the European Union.

Similarly, publication related to the final recipient shall not be required if the final recipient declares in writing to the financial sub-intermediary prior to signing a financing agreement governing the final recipients (including by a representation in the relevant agreement) that the publication requirements set out in this section 16 risk harming its commercial interests or risk threatening the rights and freedoms of the persons or entities concerned as protected by the Charter of Fundamental Rights of the European Union.

In addition, such publication shall not be required if it would be illegal under the applicable laws and regulations. As far as natural persons are concerned, the publication shall comply with the requirements set out in Articles 4 and 5 of Regulation (EU) 2018/1725, as amended from time to time.

17 Language and execution

The Expression of Interest shall be prepared in English.

Applicants acknowledge that they may be requested to use a digital signature for the purpose of signing the subscription agreement with the EIF.
