Provision of scheduled and on-request reporting services — network of Eurofound correspondents

OJ link:

<http://ted.europa.eu/udl?uri=TED:NOTICE:074208-2017:TEXT:EN:HTML>

Eurofound has issued this call for tender. The notice was published in the [Official Journal no. S41 of 28 February 2017](#). A corrigendum was published in the [Official Journal no. S72 of 12 April 2017](#).

Eurofound is aiming at the establishment of a network of correspondents providing both scheduled and on-request reporting services. The network is to act as an input mechanism by ensuring the ongoing supply of information research services required for the successful implementation of Eurofound's new programming period 2017–2020. The network will also be used to assist, although to a limited extent only, in the provision of information to support Eurofound's communication activities. In addition, services required may extend to other on-request tasks as necessary. Scheduled reporting services are these of a recurring nature which will be scheduled throughout the year. On-request reporting services refer mainly to these with a less than annual frequency and services where the exact volume is not known in advance.

Questions & answers

Requests for additional information and Eurofound replies will be provided through the e-tendering platform at <https://etendering.ted.europa.eu/cft/cft-display.html?cftId=2232>(see tab Questions & Answers).
