For information, the statement reads as follows:

Statement of the European Parliament on draft Regulation on mercury and repealing Regulation (EC) No 1102/2008 (2016/0023(COD))

The European Parliament's acceptance of implementing acts for authorisations of new products or processes in the context of the interinstitutional negotiations on the proposal for a regulation on mercury (2016/0023 (COD)) may not be taken as a precedent for similar files and does not prejudice the upcoming inter-institutional negotiations on delineation criteria for the use of delegated and implementing acts.
