Packaging and packaging waste
(COM(2022)0677 – C9-0400/2022 – 2022/0396(COD))

Proposal for a regulation

Article 26 – paragraph 14 – point b a (new)

Text proposed by the Commission

Amendment

(b a) operated in a Member State where the rate of separate collection of a packaging as reported to the Commission under Article 50(2), point (b), is above 85 % by weight of such packaging placed on the market on the territory of that Member State in the calendar year 2027 or any calendar year thereafter. For packaging covered by the obligation in Article 44(1), this exemption may otherwise be based on the reporting under Article 50(1), point (c).

Where such reporting shows that the rate of separate collection of the respective packaging material is below 85%, the Member State submits an implementation plan showing a strategy with concrete actions, including a timeline that ensure the achievement of the 85% separate collection rate by weight of the respective packaging material within two years.

Text proposed by the Commission

Amendment

(e) its use significantly reduces the contamination of compost with non-compostable packaging; and

(e) its use significantly reduces the contamination of compost with non-compostable packaging and, ***as conforming to the Union composting standard, does not cause any problems in bio-waste processing;***

Or. en

Justification

The amendment aims to clarify that the compliance with the standard EN 13432 as updated (see art. 8.5 a) - or with possible new standard - guarantees the absence of problems in biowaste stream.

Annex IV – Part I – point 3 a (new)

Text proposed by the Commission

Amendment

3 a. Packaging functionality: the packaging design shall ensure its functionality, including criteria for consumers' products acceptance. Consumer acceptance shall entail a combination of characteristics of perceived visual attractiveness and/or perceived ease of use that allow consumers to make free purchase decisions. Design elements required to indicate distinctive product recognition, intellectual property rights or geographical indications of origin under Union legislation shall be respected.
