Mercury: dental amalgam and other mercury-added products subject to manufacturing, import and export restrictions

(COM(2023)0395 – C9-0309/2023 – 2023/0272(COD))

Proposal for a regulation

Recital 4 a (new)

Text proposed by the Commission

Amendment

(4 a) To limit the socio-economic impact of a shift to mercury-free fillings on the costs of dental care for patients and dentists, Member States should endeavour to ensure appropriate reimbursement is made available for mercury-free alternatives. The phase-out of dental amalgam should be accompanied by professional training for dentists, where appropriate, in order to adjust to new techniques.

(COM(2023)0395 – C9-0309/2023 – 2023/0272(COD))

Proposal for a regulation

Article 1 – paragraph 1 – point 1 – point a

Regulation (EU) 2017/852

Article 10 – paragraph 2a – subparagraph 1 a (new)

Text proposed by the Commission

Amendment

2a a. By way of derogation from the first subparagraph, the use of dental amalgam for dental treatment shall remain permitted until 31 December 2026 in the Member States where dental amalgam is a relevant material for dental care and is one of the relevant publicly reimbursed methods of dental fillings. The Member States concerned shall notify the Commission by 31 December 2024.

(The author's intention is to add a subparagraph in paragraph 2a proposed by the Commission.)
