Subject: Humanitarian and infrastructural crisis in Cuba

Cuba is currently experiencing a severe crisis, which has largely manifested itself through nationwide blackouts, two earthquakes and severe difficulties with the nation's water supply. These problems are a result of the long-standing embargo placed on Cuba by the United States and the listing of Cuba as a state sponsor of terrorism.

1. So far this year, what support has the EU given to Cuba in order to repair critical infrastructure and meet the humanitarian needs of the Cuban people?
2. Will the EU urgently provide Cuba with additional humanitarian assistance and the necessary support to repair critical infrastructure?
