Rule 130
Maria Grapini (S&D)

Subject: Unjust treatment of transport drivers

Since the mobility package is blocked and as Regulation (EC) No 561/2006 is still in force, what measures will the Commission take against Member States that impose fines on transport drivers who are unable to prove they have stayed in a hotel, despite having complied with driving time rules?

As the Commission will know, not all Member States have secure parking areas or accommodation close to parking areas.
