

**Question for written answer E-001127/2024
to the Commission**

Rule 138

Nils Torvalds (Renew)

Subject: Sustainable forestry

During an exchange of views on the EU's forest strategy at the meeting of the European Parliament's Committee on Agriculture on 24 January 2024, the Commission reported on the efforts currently being made on forest-related legislation. The Commission mentioned a forthcoming legislative proposal on sustainable forestry, the aim of which is to establish benchmarking to improve the way in which the concept of sustainable forestry is put into practice.

1. How far has the Commission got with its work on the legislative proposal concerned?
2. What indicators have been used and what are they based on?
3. How have different forest types in Europe been taken into account in the legislative proposal?
