

**Question for written answer E-001281/2024
to the Commission**

Rule 138

Cindy Franssen (PPE), Kim Van Sparrentak (Verts/ALE)

Subject: ESF+ funds for tackling homelessness

In the 2021 Lisbon Declaration the Commission, Parliament and Member States made a commitment to eradicate homelessness by 2030. In the presentation 'A strong Social Europe that protects'¹, posted on the Commission's website, the Commission reports that EUR 16 billion of the total ESF+ budget is going towards tackling homelessness and promoting affordable housing.

Can the Commission explain how that amount was calculated and provide a complete overview of all ESF+ projects that have been contributing to this?
