Rule 138

Margarida Marques (S&D)

Subject: National co-financing expenditure in EU programmes for the period 2021-2027 – economic governance review

Following the recent provisional agreement on the economic governance review and the exemption of national expenditure on the co-financing of programmes funded by the EU from the net expenditure path:

1. What is the total amount of expenditure (national and European combined and also in % of GDP) announced by each Member State in their 2021-2027 cohesion policy funds?
2. What is the total amount of national co-financing (also in % of GDP) announced by each Member State in those same programmes?
3. What are the equivalent values in trans-border cohesion policy programmes, if not included in the above (also in % of GDP)?
