Subject: Invitation to participate in the United for Ukraine meeting in Kyiv - Thursday-Saturday
Importance: High

Dear Friends of Ukraine,

As we discussed during our Founding meeting, European perspective of Ukraine remains among top priorities for our advocacy. It is important to show solidarity and support for Ukrainians not only online, but also by visiting Ukraine. Therefore, with support and in coordination with Verkhovna Rada we would like to initiate a **Meeting of our Network on the EU Perspective of Ukraine in Kyiv**. Together with our colleagues from the Committee on Ukraine's Integration into the European Union we would like to invite you to join group of MEPs and MPs taking part in a physical meeting, where the symbolic Memorandum for Democracy and European Perspective of Ukraine could be signed.

The trip will take place this week from Thursday (transfer day) to Saturday, with one working day in Kyiv (Friday, no overnight arrangements). For security reasons the details of the trip will be communicated later.

In order to be able to take part in this mission, please consider following details:

- Members should make their own travel arrangement to Poland on Thursday. From Poland special overnight transfer will be provided by Ukrainian colleagues. We will provide detailed information on the city in Poland and a time of departure tomorrow **after 14h00** to registered participants.
- Members should ensure they have their own bulletproof vests. In case you do not have an opportunity to secure a vest, please inform us immediately, and we will try arrange it for you.
- This meeting has an unofficial character and travel arrangements might not be covered by the European Parliament.

If you would like to join the group, please inform us by replying to kateryna.musiienko@europarl.europa.eu **before 13:00 tomorrow**. We would like to ask you to provide your phone number, which will be used to create a Signal group for further communication and coordination of the trip.

Looking forward to hearing from you.

Best wishes,
Andrius
