

The FTC's Bipartisan Junk Fees Rule

This rule will help the FTC get money back to people misled by bait-and-switch pricing and hidden fees for live-event tickets and short-term lodging.

Under the FTC's Junk Fees Rule:

- ✓ You'll know the costs of live-event tickets and short-term lodging upfront.
- ✓ Advertised prices will include all mandatory fees, with few exceptions.
- ✓ Businesses must tell the truth about:
 - The total price of live-event tickets and short-term lodging.
 - Fees: How much? What for? Are they refundable?
- ✓ Violators can be held liable for consumer redress and civil penalties.
