This project has received funding from the European Union's Digital Europe Programme under grant agreement No 101083927.

# **GREAT PROJECT**

**GREEN DEAL DATA SPACE FOUNDATION AND ITS COMMUNITY OF PRACTICE**

## CHALLENGE

To achieve the European Union goal to transition to a carbon-neutral economy by 2050, the EU needs accurate and reliable multidisciplinary data to measure progress, identify areas where action is necessary, and assess the impact of policies and initiatives.

## GREAT SOLUTION

The GREAT project aims to establish the Green Deal Data Space Foundation and its Community of Practice, which builds on the European Green Deal and the EU's Strategy for Data.

The project will deliver a roadmap for implementing and deploying the Green Deal Data Space. This infrastructure will allow data providers and initiatives to openly share their data to tackle climate change in a multidisciplinary manner.

## GREAT PILLARS

### Architecture

Blueprint reference architecture

### Governance

Data governance framework in line with innovative business cases

### Datasets

Inventory of high value datasets that will enable the monitoring of the European Union's Green Deal policies

### Community

Strong, cohesive Community of Practice representing the stakeholders' landscape that contributes, co-designs and validates at all project stages

## BE PART OF SOMETHING GREAT!

### Who?

Data users, data and service providers, data intermediaries, platforms providers, public bodies, research institutes, academia representatives, and businesses currently working with or looking for Green Deal-related data. In short, the future users of the GDDS.

### Why?

Shape the future of the Green Deal Data Space! Become a part of a pan-European network of stakeholders, the Green Deal Community, benefit from an additional promotion of your organization, and shape the policy and future data space according to your needs.

### How?

Get involved through:

- [Sharing your needs and challenges](#)
- [Becoming a Use Case](#) and forming a thematic Task Force
- Applying with your profile to discuss with our experts
- [Subscribing to our Newsletter](#).
