

## The Museum of Broadcast Communications is On the Move

After over a decade at 360 North State Street in Chicago, the MBC will be relocating as our space is being sold. The board of directors is seeking a new location with an anticipated re-opening in 2025 in collaboration with a local university. In the meantime, we will be focusing on virtual and pop-up exhibits around Chicagoland.

“For 40 years, we’ve designed and supported exhibits, curriculum and programs to serve as a bridge between producers, consumers, academics and students,” said MBC Board Member, Andrea Darlas. “We want to continue being that bridge for another 40 years.”

MBC looks forward to bringing you modern versions of our classic exhibits and interactive new exhibits in an updated facility with educational and theater spaces, guest amenities and a renewed academic focus.
