

(Population-Level Estimation) Methods Research Workgroup

Methods Workgroup objective

Perform the **methods research** to support OHDSI's analytics use cases

Goals

- Create awareness of who is researching what methods in OHDSI (anyone using OMOP)
- A sounding board for methods research in progress
- Identify new methods research questions
- Find collaborators

Please come share your ongoing / future methods research at a next WG meeting! (e.g. March 2)
