Cryptography lets you send private messages to your friends online. But it can also be used with a pen and paper! In this code, every number represents a letter. So if there's a 1, it means A, 2 means B and so on.

A	B	C	D	E	F	G	H	I	J	K	L	M	N	O	P	Q	R	S	T	U	V	W	X	Y	Z
1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26

Can you use the code above to solve this riddle?

25	15	21		3	18	1	3	11	5	4

20	8	5		3	15	4	5		

Now, use the same code to encrypt and send a secret message to a friend!
