

APRIL 2025

Environmental Stewardship

RANDOM ACTS OF KINDNESS
FOUNDATION®

SUN	MON	TUE	WED	THU	FRI	SAT																																																																																																																
30	31	Organize or participate in an Earth Day event (April 22nd) focused on environmental awareness and action. Activities could include tree planting, nature walks, or educational workshops on sustainability.	2	3	4	5																																																																																																																
6	7	8	9	10	11	12																																																																																																																
Use reusable water bottles and ban single-use plastics.	Host a workshop on creating and maintaining a worm garden (vermicomposting). Teach community members how to use worms to compost kitchen scraps, reducing waste and creating nutrient-rich soil for gardens.	Upcycle crayons using our RAKtivist toolkit.	Host a clothing swap event to promote reusing items.	Plant trees or native plants.	Challenge your community to adopt eco-friendly habits for the month of April, such as reducing single-use plastics, conserving water, or switching to reusable products.	Organize a "Leave No Trace" hiking event where participants not only enjoy nature but also clean up any litter they find along the trails.																																																																																																																
13	14	15	16	17	18	19																																																																																																																
Offer workshops on topics like composting, sustainable gardening, and reducing carbon footprints.	Use eco-friendly products for cleaning supplies.	Promote a bike-to-work or bike-to-school day to encourage environmentally friendly transportation.	Implement a lights-off policy when rooms are not in use.	Start a rainwater collection system for the community garden.	Sign up for digital mailings to reduce paper use.	Host workshops on upcycling and creative reuse of materials.																																																																																																																
20	21	22	23	24	25	26																																																																																																																
Create a nature trail or outdoor classroom.	Host a recycling drive in your community or workplace. Collect items that are not typically recycled curbside, such as electronics, batteries, or plastic bags, and ensure they are properly recycled.	Make Earth a Kinder Place: Join the RAKtivists!	Set up a seed exchange program.	Organize a "Green Fair" to showcase sustainable practices.	Promote a day where everyone is encouraged to walk, bike, carpool, or use public transportation instead of driving.	Organize a nature-inspired art project where participants create art using natural materials or recycled items. Display the artwork in a public space to raise environmental awareness.

Install energy-efficient lighting and appliances.	Promote Meatless Mondays to reduce carbon footprints.	Host a zero-waste picnic where participants bring reusable containers, utensils, and napkins.	Launch a campaign to promote water conservation techniques such as using rain barrels, fixing leaks, and planting drought-resistant plants.
