

ScanSnap iX1500

The smarter way to work

INTUITIVE SCANNING AT YOUR FINGERTIPS

All your documents in one place

Refined and advanced software for total document management

ScanSnap iX1500's all-new ScanSnap Home combines all your favourite functions into one interface. Easily manage, edit, and utilise scanned data from documents, receipts, business cards, photos and more all in one application. Documents are automatically recognised and grouped according to document type (receipts, photographs, business cards etc.).

Name files faster

ScanSnap Home uses the text, such as shop and company names, found on your scanned documents to recommend file names. Not only does accuracy of information extraction increase the more you scan, but edits made to file names are learned for later naming suggestions.

Find files easily

ScanSnap Home offers simple yet powerful functions to organise and search all of your document types using folders, tags, and keywords. Now you can find information easier than ever before.

Documents

Quickly find that recipe or meeting agenda that you stored last week with easy access tags.

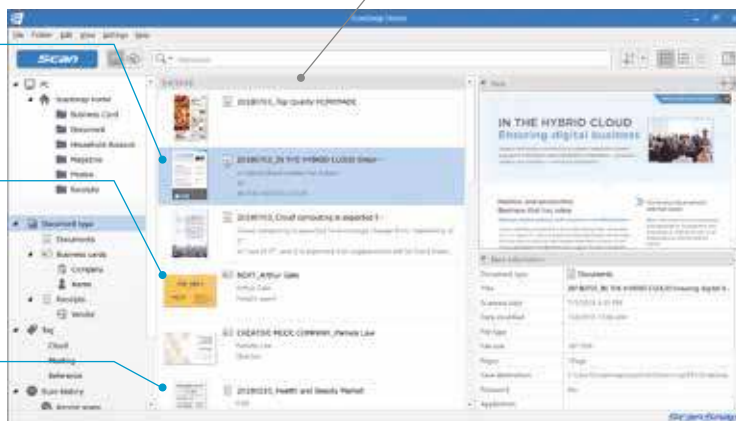

Business Cards

ScanSnap Home's intelligent auto correction makes managing business card contacts a simple and seamless process with less manual work for you. Contact whoever you need right away with the software organising captured data according to company name and much more.

Receipts

Keep track of your spending habits each month so that you can check back whenever you desire.

Enhanced usability and functionality

ScanSnap's first 4.3 inch touch screen interface

The iX1500 comes equipped with a user-friendly touch screen, providing an easy to use interface with simple icons and an intuitive user experience.

Time saving maintenance notifications

Receive notifications on the touch screen and from ScanSnap Home whenever Dust Detection spots dust that may result in streaked images. Maintenance notification beforehand enables you to reduce the hassle of time-consuming rescans.

Share your ScanSnap for everyone to use

The iX1500 comes with software^{*1} licenses^{*2} for multiple accounts, enabling shared use of a single unit with family members and company colleagues.

^{*1} The ScanSnap iX1500 comes with multiple licenses: 4 for ScanSnap Home, 4 for ABBYY FineReader for ScanSnap™, and 1 for Nuance (Windows®/macOS).

^{*2} Additional licenses may be purchased for ScanSnap Home.

Simple stress-free scanning

Create files quickly

Simply open the document chute and ScanSnap is ready to go. Scan single and double sided documents with ease at a speedy 30 sheets per minute.

*Image quality: "Best mode" (colour / greyscale at 300dpi; B&W at 600dpi)

Versatile paper handling

With professional grade feeding technology and ultrasonic sensors, ScanSnap handles multi-page documents with ease and can additionally detect and alert the user of multi-feeding errors.

Scan any document

Scan documents larger than the typical A4 size that need to be folded in half, envelopes and much more with Manual Scan Mode. Documents that are difficult to scan in Normal Scan Mode can now be captured without any issues.

Receipts and business cards are no longer a hassle

Effortlessly scan small documents with the all new Receipt Guide. No need to be concerned about fixing receipts and business cards that tend to curl or skew. Designed to be a comfortable fit even when the cover is closed, it dramatically reduces the handling of documents before hitting the scan button.

Scan large volumes with ease

Scan large volumes of various types of documents from colour photos to double-sided landscape documents with a host of intelligent automatic image processing functions. Together, these features enable you to scan confidently without adjusting any settings.

• Automatic Colour Detection

• Automatic Size Detection

• De-Skew

• Automatic Rotation

• Blank Page Removal

Perfect for your needs

Scan anywhere you want whenever you want

Connect the iX1500 to your computer or smart device.*¹ (both iOS and Android) at home and in your office, using existing Wi-Fi environments with Access Point Connect Mode. Connecting is also possible in environments without Wi-Fi using Direct Connect Mode, as the scanner itself functions as an access point.

*¹ When using smart devices, ScanSnap Connect App and/or ScanSnap Cloud App is required.
