***AI at the Edge, How We Can Leverage the Power of Artificial Intelligence Applications in Disconnected Environments***

**Robert Lantz**

Managing Director

Deloitte

**Justin Parker**

Managing Director

Deloitte

**Abstract:**

Join Deloitte's Government and Public Sector leaders, Rob Lantz and JP Parker, as they explore the deployment of Artificial Intelligence (AI) applications within Edge computing environments to enhance support for War Fighters operating in contested and degraded information settings. This session will delve into practical use cases that demonstrate superior decision-making capabilities that can be made ready for production and deployment.
