

**UNIFIED CARRIER LICENSE  
TELECOMMUNICATIONS ORDINANCE (Chapter 106)**

**Hong Kong Telecommunications (HKT) Limited**

**Name of Tariff:**

Comm.Save (the “**Service**”)

**Description of Tariff:**

The Service is a VoIP service provided by Hong Kong Telecommunications (HKT) Limited (the “**Company**”) to business fixed line customers as a mobile application (App) working on any mobile devices through data usage or Wi-Fi connection. The Service allows customers in Hong Kong or abroad to communicate with other telephone users locally or overseas through Internet (Note 1) with the associated business fixed line number designated as the Calling Line Identification (CLI) of the calls originating from the Service (Note 2). The Service can be used as an extension of the associated telephone number to receive incoming calls simultaneously. The Service also supports call-back for customers to make calls to Hong Kong or overseas numbers with the call setup information conveyed through SMS messages or data usage provided by the other telecommunications service providers.

The App can be downloaded for subscription, but customer must authorize and sign the application form before the Service App can be activated for use. The Service may make use of telecommunications services provided by the other third party, such as roaming data usage, international SMS and local mobile usage, the customer shall be responsible for all the relevant charges so incurred and levied by the other service providers operating mobile services to the customer. The Company’s IDD 0060 Services may be used and the Company will charge the customer IDD 0060 usage charges in accordance with the prevailing IDD 0060 tariff.
